

ISO Low Temperature Cold Room , Frozen Food Cold Room For Store Vegetables / Fruits

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE ; ISO
- Model Number: DM-LK-0004
- Minimum Order Quantity: 1
- Price: \$3000~\$100000/PCS
- Packaging Details: Customized
- Delivery Time: 20-30 work days
- Payment Terms: T/T
- Supply Ability: 1PCS/30 Days

Product Specification

- Steel Plate Thickness: 0.5mm/0.6mm
- Compressor Type: Scroll/ Semi-Hermetic
- Voltage: 380/220V/50hz/60HZ
- Product Type: Cold Storage Room
- Cooling System: Direct Expansion
- Safety Features: Emergency Door Release/ Alarm System
- Doors: Hinged Door, Sliding Door, Etc
- Compressor: Copeland Bitzer
- Machinery Test Report: Provided
- Thickness: 50mm To 250mm
- Dimension: As Per Your Requirements
- Controller: Dixell
- Refrigerant: R22, R404A
- Warranty: 1 Year
- Usage: Frozen Food

Product Description

Customization Deep Freezer And Low Temperature Cold Room For Store Vegetables And Fruits

Cold Room

Detailed Photos

Type:

Freezer room,
blast freezer room,
cold storage room,

MEAT refrigeration, FRUIT and VEGETABLE STORAGE room, seafood storage room, display cold storage room, freezer room, logistics cold storage room.

Our cold storage can be customized

Product Description:

Model NO:	DM-LK-0004	Dimension(L*W*H):	Customized
Material of panels:	Polyurethane cold storage board	Copper tube connector:	Fitting reducer
Voltage:	380V/460V/220V	Controller:	Automatic electric controller, PLC
Refrigerant:	R404a R22a R134a R507	Quality Assurance:	2.6Mpa leak-proof stress test
Door type:	Swing Door/Sliding Door/Double Door/Single Door	Cold room compressor type:	Screw,Piston, Scroll etc
Use nature:	Fresh Keeping Freezing	Trademark:	N/M
Density of panel:	150-200kg/cm3	Certification:	ISO;CE
Core material:	Rock wool Polyurethane	Temp of room:	-40°C~+20°C Customization
Fittings:	All necessary fittings are included, optional		

Cold Room Parameters

Use nature/Suitable for	Temperature range
Fruit ripening	>25
Processing room	12~19
Fruit, vegetable, dry food	-5~+10
Medicine, cake, pastry, chemical material	0~-5
Ice storage room	-5~-10
Fish, meat storage	-18~-25
Deep freezer, low temperature storage, quick-freeze, blast freezer	-25~-40

Freezer Room PU Panel:

Material selection:

Color steel plate, stainless steel plate, nano anticorrosive plate, specific materials, according to customer requirements, customized thickness and color.

Advantages:

High pressure strength, flexible combination, easy installation, etc.

Condensing Unit:

• Compressor Optional:

1 Hermetic Scroll

2 Semi-hermetic or Screw

• Condenser: Air cooled or Water cooled

• Frame: can be steel shell with spray painting or open type on steel frame

• Refrigerant: R404a/R410a

• Capacity: Single compressor 2HP-50HP

Air cooler:

Size can be customized according to customer needs

Defrosting speed is fast, effect is good, energy consumption is small

Selection of well-known fan motor, low noise, large air volume

Aluminum profiles are processed by hot and cold processes in the production process

Beautiful appearance, double shell spray

Packing:

The protective packaging of the PU Panel:

- 1, film packaging to prevent moisture, rust and transportation scratches
2. Four-corner cardboard protection to prevent impact
- 3, neatly placed, avoid shaking
(Customize)

The protective packaging of the Smart Packaged Unit:

1. Wooden box: fix the compressor and fan to prevent shaking
2. Bottom support: easy to load and unload to prevent packaging damage

Freezer room is a warehouse that artificially generates a specific temperature. It is usually designed to store products in an environment below the outside temperature. Combination cold room was assembled by PU panels, cold room at the same time has good air tightness and heat insulation effect.

According to the requirements of use of thermal insulation and cold room panel place is different, can choose different size and the thickness of the material according to the requirements of panel products.

Company Profile:

Zhejiang Damai Cold Chain Equipment Co., Ltd. was established in 2001, is a specialized company engaged in cold storage design, installation and sales. The company is located in Shaoxing, Zhejiang, China, the company has a strong technical design team, with strong technical force and advanced production equipment, to provide customers with high quality, high efficiency, high benefit quality service.

Why choose our company ?

1. We have one year's after-sales service
2. We have more than 20 years experience in cold storage design
3. We have our own equipment manufacturing plant
4. We will reply with the most professional words as soon as possible

Product feature

1. Quite operation.
2. Seamless connection.
3. Easy installation
4. Beautiful and elegant placement of circuit devices.
5. Using the best equipment.
6. Good cooling effect

FAQ:

Q: What kind of technical support can you provide?

A: Both our sales and engineers can provide 24 hours online support. Panels are supplied with installation drawings. Installation manuals and electrical diagrams are included with the cooling system. Accessories support is available for all of our products.

Q: How long is the lead time?

A: Usually for units we need 35 days to produce. If it is a special voltage of 60hz, the production time needs to be extended by 5-10 days. Panels and other things usually we need 7-20 days depends on amount.

Q: What's your MOQ?

A: If we have the products in stock, it will be no MOQ. If we need to produce, we can discuss the MOQ according to customer's exact situation.

After Sales Service:

Pre-sales: We provide assistance to our customers, provide valid information according to the requirements of our guests, answer questions, leave a professional impression, and lay the foundation for future sales.

Selling: let our customers know more about our products, and enthusiastically answering questions for customers and providing customers with a pleasant buying experience.

After-sales: In the normal operation process, when the user finds a fault or abnormal situation, he shall notify our company or the manufacturer in time, and contact the manufacturer according to the contact information provided in this plan.
