

## Freezer Polyurethane Cold Room Panels

### Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

#### Basic Information

- Place of Origin: China
- Brand Name: damai
- Minimum Order Quantity: 10m<sup>2</sup>
- Price: 8 usd/m<sup>2</sup>
- Packaging Details: Suitable to sea freight package
- Delivery Time: 15 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000000000m<sup>2</sup> per year

DAMAI COLD CHAIN EQUIPMENT

#### Product Specification

- Name: Polyurethane Cold Room Panels
- Core Material: Polyurethane/Rock Wool
- Core Thickness: 50mm/100mm/150mm/200mm/250mm
- Width: 950/980/1000/1120mm
- Length: Customized
- Surface: Stainless Steel/PPGI/Aluminium
- Steel Thickness: 0.3~0.8mm
- Fireproof Grade: A1/B1/B2
- Certificate: Testing Report
- Color: RAL Or Customized
- Departure Port: Ningbo/Shanghai/Qingdao/Huangpu
- Production Time: 15~45 Days
- Application: Cold Storage Room
- Cold Room Temperature: -60°~+20°
- Key Words: Cold Room Storage

## Product Description

Competitive Price Freezer Polyurethane Insulation Pu Insulated Sandwich Cold Room Panels

### Polyurethane cold storage panels

Adoption of polyurethane The whole panel is foamed  
**enhancing the overall sealing effect.**

### Zhejiang Damai Cold Chain Equipment Co., Ltd

01

28 years  
history

02

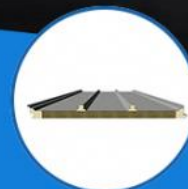

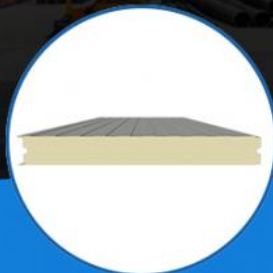

Varieties  
products

03

B1 Grade  
fire proof

04

Designing  
team

Damai PU sandwich panel is applied for cold storage room, with B1 fireproof grade, which is with

high sealing.

## Product Structure

### Plates surface

Flat, Square waves, Water waves

### Polyurethane

good thermal insulation, corrosion resistance, light weight, etc.

### Plates surface

The panel is with characteristic of good thermal insulation, corrosion resistance, light weight, etc.

Specifications	
Type	Polyurethane sandwich panels
PU Thickness	50mm/75mm/100mm/150mm/200mm/250mm
Metal sheet thickness	0.3~0.8mm
Effective Width	1000mm/1120mm
Surface	Prepainted
Thermal conductivity	0.023
Fireproof grade	B1/A1
Temperature range	-55~+160°
Density	35~45kg/m <sup>3</sup>
Color	RAL or customization
Service	OEM/ODM
Customization is welcome	

## Our Advantages

 Eco-friendly and healthy	 streamlined installation	 durability	 quality assurance
 precision design	 fireproof materials	 strictly selected materials	 heat insulation and heat preservation

### Areas of use:

Cold chain logistics, biomedicine, chemical industry, food, cold storage, frozen storage, fruits and vegetables, edible fungi, meat processing, etc

## Hot Products

Popular products

<b>01</b>  Polyurethane cold room sandwich panels	<b>02</b>  Rock wool cold room sandwich panels
<b>03</b>  Purification panel	<b>04</b>  Polyurethane wall panel
<b>05</b>  Sliding cold storage door	<b>06</b>  Rigid Turbo Rolling Door

We have the whole project production line and powerful production capacity, so that we can supply whole project solution for clients.

## Product characteristics

Firstly, the thermal performance of the cold storage board product is relatively good during use, and it also has moisture-proof and waterproof properties. Moreover, the product will not increase its thermal conductivity due to moisture absorption during later use, and its walls will not experience water seepage. Secondly, the cold storage board product also has the advantages of fire resistance, flame retardancy, and high temperature resistance during use. The addition of flame retardants during production will make the product a difficult to self-extinguishing material, and decomposition will only occur at higher temperatures during later use. At the same time, the product can effectively prevent the spread of fire during use.

## Project Cases

There are some projects installation cases for our team.

# Manufacturers Quality Assurance

## 01. Workshops

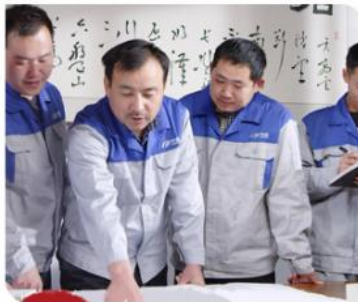

## 02. Production

## 03. Equipment

## 04.R&D Team

We have our own research and development center.

## Export packaging

The above is our panel exporting package presentation.

# Export Areas

Export Areas More than 100 countries

Our products represent not only our craftsmanship and quality, but also our commitment to globalization

We have exported to more than 50 countries and districts in the world.

## Purchase Instructions

### About technology

We take OMS high-pressure pentane foam system from Italy and Siemens intelligent production control technology

### About products

The product price depends on the inquiries specification, like quantity, color, thickness and others. Please contact manager online for getting more information.

### About shipment

Normally it will take 15 days for products preparation, we will help the clients to make shipping plan at the first time.

## FAQ

**Q: Are you a factory or a trading company?**

**A:** We are professional manufacturer specialized in refrigeration equipment.

**Q: How many different types of products your company manufactures?**

A: Now we have more than 1,000 products. We have a strong advantage of OEM, just give us the actual products or your idea that you want, we will manufacture for you.

**Q: What's your MOQ?**

A: If we have the products in stock, it will be no MOQ. If we need to produce, we can discuss the MOQ according to customer's exact situation.

**Q: Visting factory is allowed or not?**

A: Yes, we welcome customers visiting our factory. Our factory is located Shaoxin city,Zhejiang province,China mainland.

**Why choose our company ?**

- 1.Because our company has CAC official .
- 2.We have a good one-year after-sales service.
- 3.We have over 20 years of sales experience.
- 4.We have our own factory.
- 5.We will try our best to provide a professional response as soon as possible.

**Product advantages**

- 1.Quite operation.
- 2.Seamless connection.
- 3.Easy installation
- 4.Beautiful and elegant placement of circuit devices.
- 5.Using the best equipment.
- 6.Not easily damaged
