

Food Storage Air Cooled Condenser Unit Semi Hermetic Piston Compressor Type

Basic Information

Place of Origin: CHINA
Brand Name: DM
Certification: CE;ISO
Model Number: DM-JZ-0011

Minimum Order
Quantity:

Price: \$2000~\$100000
Packaging Details: Customized
Delivery Time: 30 Work days

• Payment Terms: T/T

• Supply Ability: 1000000pcs/year

Product Specification

Condenser: Air-cooled Condenser

• Suitable For: Supermarket, Food Storage, Cold Room

• Voltage: 380V/3p/50Hz, 220V/3p/60Hz, 380V/3p/

60Hz

• Evaporating Temp: -35~-23celsius Degree

Controller Type: Microprocessor

Compressor: HIGHLY Rotor Inverter Compressor

Controller Brand: CARELTrademark: DM

Name: Condensing Unit

Highlight: Food Storage Condenser Unit,

Compressor Condenser Unit

-35~-23celsius Degree Air cooled Condenser Semi Hermetic Piston Condensing Unit

Product Description:

Main Machine Configuration

The main machine configuration includes the following components:

Compressor

Condenser

Oil heating

Liquid receiver

Filter

Sight glasses

Solenoid valve

H / L P gauge

Pressure controller

Oil pressure protection

Vibration eliminator

Oil separator

Gas separator

Suction filter

These components are necessary for the proper functioning of the machine.

Technical specifications

The machine operates at two temperature ranges: 0~10°C and -15~-25°C. The horsepower ranges from 3HP to 34HP.

The compressor type used in the machine is the semi-hermetic piston type. The machine requires a voltage input of 380V/3P/50Hz, 220V/3P/60Hz, or 380V/3P/60Hz.

Features:

The device has a compact structure that takes up less space and is convenient for transportation and installation.

Complete protective devices are installed to ensure the safety of the product and the user during operation. These devices include over-current protection, over-voltage protection, under-voltage protection, and other protective mechanisms.

The condenser has been increased, which improves heat dissipation and stability during use. The device can maintain a good cooling effect for a long time, making it a reliable choice for users.

The device is designed to save energy, and can reduce electricity bills by up to 30%, making it cost-effective.

The device operates at low noise levels, making it appropriate for use in a variety of places, including homes and offices.

The product uses brand accessories and high-quality parts, ensuring excellent performance and long-term durability.

Technical Parameters:

Product Attribute	Value
Compressor	HIGHLY Rotor Inverter Compressor
Product	Horizontal Condensing Unit
Cooling Capacity	5kw-1000kw
Fans Species	Frequency Fan
Compressor Type	Semi Hermetic Piston
Controller Type	Microprocessor

Condenser	Air-cooled Condenser
Power Type	DC
Model No	DM-JZ-0011
Trademark	DM

Applications:

DM-JZ-0011 Horizontal Condensing Unit is an ideal product for various refrigeration applications. It is widely used in the cold storage industry for freezing and cooling applications. This Condensing Unit is designed to provide the best performance and energy efficiency for all kinds of cold room applications.

The DM-JZ-0011 Horizontal Condensing Unit is manufactured in China and meets the highest industry standards for quality and performance. It is certified with CE and ISO certifications, ensuring that it meets all the safety and quality requirements for the industry. This Condensing Unit is highly versatile and can be used in various scenarios such as cold storage rooms, refrigerated trucks, and other refrigeration applications. The product is designed to provide the most efficient and reliable performance in all kinds of environments, making it the perfect solution for customers who require high-quality refrigeration equipment.

The Condensing Unit parts are of the highest quality, ensuring that the product is durable and long-lasting. The air-cooled condenser ensures that the product operates with maximum efficiency, reducing energy consumption and saving on operating costs.

The DM-JZ-0011 Horizontal Condensing Unit is equipped with a CAREL controller, which provides advanced temperature control and regulation, ensuring that the product maintains the perfect temperature for all refrigeration applications.

The product is available at a price range of \$2000~\$100000, making it an affordable and cost-effective option for all kinds of customers. The minimum order quantity is 1, and the delivery time is 30 work days. The payment terms are T/T, and the supply ability is 1000000pcs/year.

The Voltage of the DM-JZ-0011 Horizontal Condensing Unit is 380V/3p/50Hz, 220V/3p/60Hz, 380V/3p/60Hz, making it compatible with various power sources.

In summary, the DM-JZ-0011 Horizontal Condensing Unit is a reliable, efficient, and cost-effective solution for all kinds of refrigeration applications. Its high-quality parts, advanced temperature control system, and air-cooled condenser make it an ideal product for cold storage rooms, refrigerated trucks, and other refrigeration applications.

Support and Services:

Our Condensing Unit product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experts is available to provide assistance with installation, operation, and maintenance. We also offer training and educational resources to help customers get the most out of their Condensing Unit. Our services include troubleshooting, repair, and replacement of components, as well as upgrades and customization options to meet specific customer needs. We strive to provide timely and efficient support to help minimize downtime and maximize productivity. Contact us for more information on our technical support and services for the Condensing Unit product.

FAQ:

- Q: What is the brand name of this condensing unit?
- A: The brand name of this condensing unit is DM.
- Q: What is the model number of this condensing unit?
- A: The model number of this condensing unit is DM-JZ-0011.
- Q: Where is this condensing unit made?
- A: This condensing unit is made in China.
- Q: What certification does this condensing unit have?
- A: This condensing unit has CE and ISO certification.
- Q: What is the minimum order quantity for this condensing unit?
- A: The minimum order quantity for this condensing unit is 1.
- Q: What is the price range for this condensing unit?
- A: The price range for this condensing unit is \$2000~\$100000.
- Q: How long is the delivery time for this condensing unit?
- A: The delivery time for this condensing unit is 30 work days.
- Q: What are the payment terms for this condensing unit?
- A: The payment terms for this condensing unit are T/T.
