

## DM Air Cooled Condenser Unit , Horizontal Condenser Unit 60Hz

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-JZ-0024
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Customized
- Delivery Time: 30 Work days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

### Product Specification

- Temperature Range: Lower Than 13
- Voltage: 380V/ 3p/ 50Hz, 220V/ 3p/ 60Hz, 380V/ 3p/ 60Hz
- Condenser: Air-cooled Condenser
- Controller Type: Microprocessor
- Trademark: DM
- Compressor Type: Semi Hermetic Piston
- Controller Brand: CAREL
- Frequency: 60Hz
- Original: China
- Product Type: Refrigeration Equipment
- Suitable For: Supermarket, Food Storage, Cold Room
- Application: Refrigeration Parts

## Product Description

### Industrial Customization Air Cooled Open-Type Condensing Unit For Cold Room

#### Product Description:

The Condensing Unit is an excellent choice for industries such as hotel kitchens, electronic chemicals, and agriculture. The unit adopts an integral box-type structure that not only looks great but is incredibly compact. The design is not only stylish but also functional; the air flow is uniform. This better improves the heat exchange capacity of the heat exchanger.

The Condensing Unit structure has undergone continuous design optimization and has a high energy efficiency ratio. This ensures that it's a more energy-efficient solution compared to other similar products available in the market. Moreover, the Air Condenser Unit is less noisy during operation as high-quality large-brand motors are used.

The product panel design is easy to disassemble and assemble, which makes it easier for maintenance when necessary. Design and appearance aside, the Condenser Unit is also built for long-lasting performance. Copper tubes and aluminum condensers are used in its construction, which further increases its heat transfer efficiency and overall lifespan.

Aside from its impressive features and excellent performance, this product is also designed to cater to different user needs. You can choose from common refrigerants such as R22 or opt for more environmentally friendly refrigerants like R404A to reduce environmental impact.

#### Technical Parameters:

Cooling Capacity	5kw-1000kw
Mute	No
Evaporating Temp	-35~-23celsius Degree
Voltage	380V/ 3p/ 50Hz, 220V/ 3p/ 60Hz, 380V/ 3p/ 60Hz
Product	Horizontal Condensing Unit
Suitable For	Supermarket, Food Storage, Cold Room
Frequency	60Hz
Controller Brand	CAREL
Temperature Range	Lower Than 13
Compressor Type	Semi Hermetic Piston

#### Factory Photos:

#### Features:

Here are some important details about our highly efficient cooling unit:

Equipped with a semi-hermetic compressor, our cooling unit is known for its reliable quality. This makes it easy to maintain in the long run, ensuring top-notch performance over time.

If you're looking for a user-friendly cooling unit, you'll find that our open-type condensing unit is a great choice. Not only is it easy to install, but it's also designed for easy maintenance, which can help you save time and effort in the long run.

With air-cooling technology, our unit is suitable for a wide range of temperature applications. Whether you need to cool things down to +5C to -5C in middle and high temperature environments, or -15 to -25C in middle and low temperature settings, our cooling unit is up for the task.

Our cooling unit also features a copper tube and aluminum fin type heat exchanger - this helps ensure maximum efficiency and performance over time. Additionally, we offer both R404A and R22 refrigerant options to meet your specific needs.

#### Applications:

DM-JZ-0024 is a model of condensing unit manufactured by DM, a brand that originates from China. This product is certified with CE and ISO, ensuring its quality and safety. The minimum order quantity for this product is 1, and its price ranges from \$2000 to \$100000. The delivery time takes 30 work days, and payment terms are T/T. Its supply ability is 1000000pcs/year.

The DM-JZ-0024 condensing unit is suitable for various occasions and scenarios such as supermarkets, food storage, and cold rooms. It is designed to operate in low-temperature environments, with an evaporating temperature range of -35°C to -23°C. This condensing unit

is ideal for commercial refrigeration, providing reliable and efficient cooling for different applications. The DM-JZ-0024 condensing unit consists of different parts that work together to ensure its proper functioning. One of its essential components is the air-cooled condenser, which plays a crucial role in removing heat from the refrigerant. This unit does not produce any noise, making it a perfect fit for quiet environments. The DM-JZ-0024 model number is MT-HSN15EL, which is one of the most popular models in the market. This condensing unit is easy to install and maintain, making it a preferred choice for many customers. Its high-quality components and advanced technology ensure its longevity and reliability.

**FAQ:**

- Q:** What is the brand name of this condensing unit?  
**A:** The brand name is DM.  
**Q:** What is the model number of this condensing unit?  
**A:** The model number is DM-JZ-0020.  
**Q:** Where is this condensing unit manufactured?  
**A:** This condensing unit is manufactured in China.  
**Q:** What certifications does this condensing unit have?  
**A:** This condensing unit has CE and ISO certifications.  
**Q:** What is the minimum order quantity for this condensing unit?  
**A:** The minimum order quantity for this condensing unit is 1.  
**Q:** What is the price range for this condensing unit?  
**A:** The price range for this condensing unit is \$2000 to \$100000.  
**Q:** What is the delivery time for this condensing unit?  
**A:** The delivery time for this condensing unit is 30 work days.  
**Q:** What are the payment terms for this condensing unit?  
**A:** The payment terms for this condensing unit are T/T.  
**Q:** What is the supply ability for this condensing unit?  
**A:** The supply ability for this condensing unit is 1000000pcs/year.
