

## Remote Control Cold Room Compressor , R507 R404 Semi Hermetic Refrigeration Compressor

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-YSJ-0007
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

### Product Specification

- Cooling Area: Up To 500 Sq. Ft.
- Refrigerant: R410A
- Timer: 24 Hours
- Cooling Capacity: 22000 BTU
- Fan Speed: 3
- Air Flow: 500 M3/h
- Warranty: 1 Year
- Compressor Type: Rotary
- Type: Compressor
- Energy Efficiency Ratio: 10.5
- Noise Level: 50 DB
- Voltage: 120V
- Fan Speeds: 3

## Product Description

### Cold Room Screw Compressor Csh9663-160y-40p for 160HP R507 R404

#### Product Description:

Scroll compressors have taken over the air conditioning industry with their undeniable superiority over reciprocating and screw compressors. These compressors are applied in diverse applications such as split systems, rooftops, packaged units, and chillers. Copeland qualified, multiple compressor assemblies (tandem and trio) are now available to provide optimal comfort and cost efficiency in large capacity systems. These assemblies are fully tested and certified to ensure their performance and reliability.

#### Product Parameters:

screw compressor		
Model	CFH Displ 60 HZ	Motor HP
CSH6553-50	165	50
CSH6563-60	205	60
CSH7553-70	238	70
CSH7563-80	274	80
CSH7573-90	311	90
CSH8553-110	380	110
CSH8563-125	433	125
CSH8573-140	495	140
CSH9553-180	645	180
CSH9563-210	742	210
CSH9573-240	844	240
CSH9583-280	971	280
CSH9593-300	1098	300

#### Features:

##### Features and Benefits

The compressor's reliability and efficiency are the utmost priority. As a result, Copeland Scroll provides both axial and radial compliance to ensure superior reliability and efficiency. Additionally, there is a wide range of scroll line-ups to cater to various requirements. Moreover, the compressor operates with low oil circulation rate, minimizing the lubricant's environmental impact and increasing efficiency. The compressor also demonstrates superior liquid handling capability, ensuring that the system remains operational even when running in critical conditions.

Furthermore, the compressor operates on a low sound and vibration level, ensuring peaceful operation. Moreover, the compressor's low Total Equivalent Warming Impact (TEWI) demonstrates the company's dedication to the environment and its impact.

Lastly, the compressor is available in Copeland qualified tandem and trio configurations for superior seasonal efficiency and adaptability to all job requirements.

## Applications:

The DM-YSJ-0002 Air Cooler Compressor is a rotary compressor with a remote control feature. It can cool an area of up to 500 sq. ft., perfect for large spaces such as factories and warehouses. It also has a timer feature that can be set for 24 hours. The noise level of this compressor is ≤55 DB(A), making it convenient to use in various settings.

The DM-YSJ-0002 Air Cooler Compressor can be used in various scenarios and occasions. It is perfect for industrial applications such as factories, machine shops, and construction sites. It is also ideal for use in large commercial spaces such as shopping malls, supermarkets, and warehouses. This compressor can also be used in engine air compressor applications.

The DM-YSJ-0002 Air Cooler Compressor is a versatile product that can be used in various settings. Its features and specifications make it a must-have for large spaces that require cooling. Its remote control feature and timer make it easy to use and convenient. The DM-YSJ-0002 Air Cooler Compressor is a reliable and efficient compressor that can help improve air quality and create a comfortable environment.

## Packing and Shipping:

### Product Packaging:

The Air Cooler Compressor will be packaged in a sturdy cardboard box with foam inserts to protect the product during shipping. The box will also contain an instruction manual and any necessary mounting hardware.

### Shipping:

Shipping will be handled by a reputable shipping company and the Air Cooler Compressor will be shipped within 2-3 business days of the order being placed. Customers will receive a tracking number via email to track their order. Shipping times will vary depending on the destination, but typically range from 5-10 business days.

## FAQ:

- Q:** What is the brand name of the air cooler compressor?  
**A:** The brand name of the air cooler compressor is DM.
- Q:** What is the model number of the air cooler compressor?  
**A:** The model number of the air cooler compressor is DM-YSJ-0002.
- Q:** Where is the air cooler compressor manufactured?  
**A:** The air cooler compressor is manufactured in CHINA.
- Q:** What certifications does the air cooler compressor have?  
**A:** The air cooler compressor is certified with CE and ISO.
- Q:** What is the minimum order quantity for the air cooler compressor?  
**A:** The minimum order quantity for the air cooler compressor is 1.
- Q:** What is the price range for the air cooler compressor?  
**A:** The price range for the air cooler compressor is between \$2000~\$100000.
- Q:** What are the packaging details for the air cooler compressor?  
**A:** The packaging details for the air cooler compressor are wooden case.
- Q:** What is the delivery time for the air cooler compressor?  
**A:** The delivery time for the air cooler compressor is 30 work days.
- Q:** What are the payment terms for the air cooler compressor?  
**A:** The payment terms for the air cooler compressor are T/T.
- Q:** What is the supply ability of the air cooler compressor?  
**A:** The supply ability of the air cooler compressor is 100000pcs/year.
