

## 100mm 150mm 200mm Thermal Insulation Pu Sandwich Panel For Cold Storage Wall/Ceiling

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Place of Origin: China
- Brand Name: damai
- Certification: Fireproof grade
- Model Number: CRP2
- Minimum Order Quantity: 10m<sup>2</sup>
- Price: 7.1 usd/m<sup>2</sup>
- Packaging Details: For Sea freight exporting package
- Delivery Time: 15 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000000000 per year

### Product Specification

- Panel Thickness: 100mm, 200mm, 120mm, 75mm, 150mm
- Voltage: Customized
- Warranty: 1 Year
- Oil Separator: America Brand Emerson
- Shelves: Adjustable/Fixed
- Door Lock: Yes
- Doors: Sliding, Swing, Hinged
- Product Type: Cold Room
- Panel Connection: Cam-lock
- Project Capacity: 650tons Capacity
- Function: Cooling Storage Keeping Fresh
- Accessories: Provide All Cold Storage Accessories
- Steel Material: Color Steel, Stainless Steel
- Feature: Container, Long Service Life
- Produce Name: Freezer Cold Room

## Product Description

Zhejiang Damai Cold Chain Equipment Co., Ltd. is a professional supplier of complete solutions in the field of refrigeration equipment. The company specializes in the research, development, production and sales of cold chain equipment and is committed to providing customers with efficient, reliable and environmentally friendly refrigeration solutions.

### Zhejiang Damai Cold Chain Equipment Co., Ltd

The product lines of Damai Cold Chain may include, but are not limited to, all kinds of cold storage equipments (such as refrigerator, freezer, quick-freezer, etc.), cold chain logistics equipments (such as refrigerated trucks, heat preservation tanks, etc.), as well as related refrigeration accessories and control systems. These products are widely used in various industries such as food, pharmaceutical, chemical and agriculture, and are of great significance in safeguarding product quality and prolonging product shelf life.

As a professional supplier, Damai Cold Chain focuses on technological innovation and product quality. The company may have a professional R&D team to continuously launch new products that meet the market demand; at the same time, the company has also established a perfect quality management system to ensure that each piece of equipment can meet the high standard of quality requirements.

In addition, Damai Cold Chain also emphasizes on after-sales service and customer relationship management. The company may provide a full range of pre-sales consulting, in-sales technical support and after-sales maintenance services to ensure that customers can get timely and effective help in the process of using. Meanwhile, the company is also committed to establishing long-term and stable cooperative relationship with customers to jointly promote the development of cold chain industry.

To sum up, Zhejiang Damai Cold Chain Equipment Co., Ltd. is an enterprise with professional strength and good reputation in the field of refrigeration equipment, which can provide customers with a full range of refrigeration solutions and services.

Specifications	
Type	Polyurethane sandwich panels
PU Thickness	50mm/75mm/100mm/150mm/200mm/250mm
Metal sheet thickness	0.3~0.8mm

Specifications	
Effective Width	1000mm/1120mm
Surface	Prepainted
Thermal conductivity	0.023
Fireproof grade	B1/A1
Temperature range	-55~+160°
Density	35~45kg/m <sup>3</sup>
Color	RAL or customization
Service	OEM/ODM
Customization is welcome	

Our company is located in Zhejiang Province, a province close to Shanghai. Over the past 18 years, we have been dedicated to providing solutions to hundreds of customers for cold storage construction and other related issues.

As a leader in the industry, we have accumulated a wealth of experience and expertise, and are able to accurately grasp the needs of our clients and provide customized solutions. Whether it is the construction of a large cold chain logistics center or the design and installation of a small cold storage facility, we are able to ensure that the project is completed successfully and meets the expectations of our clients by virtue of our excellent technology and quality service.

We know that in the cold chain industry, every detail is crucial. Therefore, we always adhere to the principle of "quality first, customer first", and strictly control every link from material selection, process control to after-sales service to ensure that our products and services can stand the test of time and market.

At the same time, we also follow the pace of the times, and constantly introduce new technologies and equipment to improve our service level and competitiveness. We believe that only through continuous innovation and progress can we provide our customers with better quality, efficient and environmentally friendly cold chain solutions.

Looking to the future, we will continue to uphold the spirit of “integrity, professionalism, innovation and win-win”, and strive to become a leading enterprise in the cold chain industry. We are looking forward to cooperating with more customers to create a better future for the cold chain business.

## Product advantages

- 1.Quite operation.
- 2.Seamless connection.
- 3.Easy installation
- 4.Beautiful and elegant placement of circuit devices.
- 5.Using the best equipment.
- 6.Not easily damaged

## Why choose our company ?

### 1.Because our company has CAC official:

Having CAC means that our company has reached the high standard of the industry in product design, production, quality control and after-sales service. This is not only a recognition of our technical strength, but also a guarantee of the quality of our products and services. Customers can be more confident in choosing our products because we always follow the strictest standards and processes.

### 2.We have a good one-year after-sales service:

We understand the importance of after-sales service to our customers, so we pay special attention to the quality of after-sales service. We promise to provide customers with a one-year comprehensive after-sales service, including product consultation, troubleshooting, maintenance and replacement. During this year, no matter what problems customers encounter, we will respond quickly to ensure that the customer's equipment can continue to operate stably. In addition, our after-sales service team consists of experienced professionals who have specialized knowledge and skills to provide professional and efficient solutions to our customers.

### 3.We have over 20 years of sales experience:

Over the past 20 years, we have accumulated rich sales experience and established long-term and stable cooperative relationships with many customers. With our in-depth understanding of market demand and industry dynamics, we are able to provide our customers with products and services that are in line with market trends and actual needs. At the same time, our

sales experience also makes us know better how to communicate with customers and how to meet their needs, so as to provide customers with more intimate and professional services.

4. We have our own factory:

Having our own factory is a major advantage of our company. It means that we are able to better control the production process and quality of our products, ensuring that each piece of equipment meets high quality standards. At the same time, owning a factory also allows us to be more flexible and efficient in product development, production scheduling and cost control. We can adjust production schedules and product specifications in a timely manner according to customer needs and market changes, and provide our customers with products and services that are more in line with their needs.

5. We will try our best to provide a professional response as soon as possible:

We understand that our customers' time is valuable, so we promise to provide professional and accurate responses as soon as possible after receiving their inquiries or feedback. Our customer service team and technical support team are professionally trained, with rich professional knowledge and experience, and are able to quickly understand customers' needs and problems and give effective solutions. We are committed to providing customers with an efficient and professional service experience, so that customers feel our professionalism and dedication.
