Basic Information

- Place of Origin: China
- Brand Name: damai
- Certification: Fireproof grade
- Model Number: CRP2
- Minimum Order Quantity: 10m²
- Price: 7.1 usd/m²
- Packaging Details: For Sea freight exporting package
- Delivery Time: 15 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000000000 per year

DAMAI COLD CHAIN EQUIPMENT

Product Specification

- Floor Material: Aluminum/Stainless Steel
- Weight: All Available
- Cold Room Lamp: Moistureproof Lamp
- Evaporator: Air Cooled, Water Cooled
- Panel Thickness: 100mm/150mm
- Compressor: Danfoss/Bitzer
- Condition: New, Freindly
- Oil Separator: America Brand Emerson
- Shelf Material: Stainless Steel/Aluminum
- Capacity: 10m³ ~ 100m³
- Project Type: Food Storage Cold Storage
- Key Selling Points: Long Service Life
- Refrigerant: R404a/R22
- Core Components: Motor, PLC
- Selling Units: Single Item

DAMAI COLD CHAIN EQUIPMENT

Product Description

100mm 150mm Reliable Cheap Continuous Cold Room Pu Sandwich Panel For Food Pharmacy Industry

As a leader in the field of cold storage equipment, Zhejiang Damai Cold Chain Equipment Co., Ltd. is committed to providing customers with one-stop complete solutions. With rich industry experience, advanced technology and excellent product quality, we have won the trust and praise of our customers.

Professional team, leading technology

The company has a professional team composed of industry experts and technical backbone, they have profound professional knowledge and rich practical experience, can accurately grasp the market dynamics and customer needs, to provide customers with customized solutions for refrigeration equipment. We continue to introduce advanced technology and equipment at home and abroad to ensure that our products and services are always at the forefront of the industry.

Product Structure

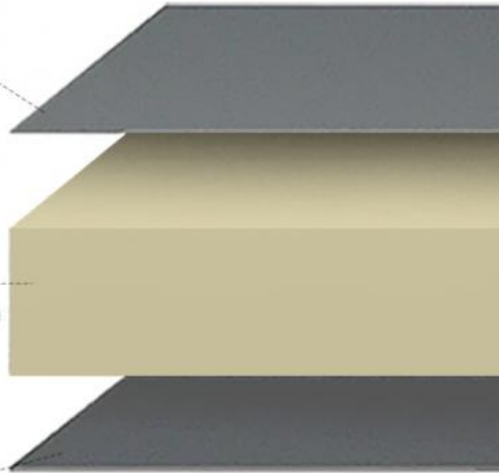

Plates surface

Flat, Square waves, Water waves

Polyurethane

good thermal insulation, corrosion resistance, light weight, etc.

Plates surface

Abundant products with excellent quality

Zhejiang Damai Cold Chain Equipment Co., Ltd. offers a wide range of products covering various types and specifications of cold storage equipment, including cold storage, refrigerated trucks, refrigerated containers and so on. We pay attention to the quality control of our products, from raw material purchasing to production and processing, to finished product inspection, each link is strictly controlled to ensure the stable performance, safety and reliability of our products. Our products not only meet the national and industry standards, but also passed a number of authoritative certificates and won wide recognition in the market.

Our Advantages

 Eco-friendly and healthy	 streamlined installation	 durability	 quality assurance
 precision design	 fireproof materials	 strictly selected materials	 heat insulation and heat preservation

Specifications	
Type	Polyurethane sandwich panels
PU Thickness	50mm/75mm/100mm/150mm/200mm/250mm
Metal sheet thickness	0.3~0.8mm
Effective Width	1000mm/1120mm
Surface	Prepainted
Thermal conductivity	0.023
Fireproof grade	B1/A1
Temperature range	-55~+160°
Density	35~45kg/m ³
Color	RAL or customization
Service	OEM/ODM
Customization is welcome	

Attentive service, customer first

We know the importance of service for customers, so we always put customers in the first place, to provide a full range of thoughtful service. We have established a perfect pre-sale, sale and after-sale service system to provide customers with professional consultation, design, installation, commissioning, training and other one-stop services. At the same time, we also provide high-quality after-sales service, including regular visits, troubleshooting, maintenance and replacement, etc., to ensure that customers have no worries in the process of use.

A: Yes, we welcome customers visiting our factory. Our factory is located Shaoxin city,Zhejiang province,China mainland.

Product advantages

- 1.Quite operation.
- 2.Seamless connection.
- 3.Easy installation
- 4.Beautiful and elegant placement of circuit devices.
- 5.Using the best equipment.
- 6.Not easily damaged

Why choose our company ?

- 1.Because our company has CAC official :

The CAC official certification motivates us to continuously pursue technological innovation and improvement to meet the increasingly stringent market demands and customer expectations. We will continue to uphold the principle of "quality first, customer first" to provide customers with safer, healthier and higher quality products and services.

- 2.We have a good one-year after-sales service:

We adhere to the "customer-centered" service concept, and are committed to making our customers feel our intimate care and professional services. We believe that quality after-sales service is the key to building long-term customer relationships and an important part of our brand reputation. Therefore, we will continue to strive to improve our after-sales service level and provide customers with a more satisfactory service experience.

- 3.We have over 20 years of sales experience:

More than 20 years of sales experience has not only enabled us to establish a good reputation and brand image in the industry, but also won the trust and support of many customers. We will continue to uphold the "integrity, professionalism, innovation, win-win" business philosophy, and constantly improve their sales capacity and service level, to provide customers with more high-quality, efficient and personalized service experience.

- 4.We have our own factory:

Having our own factory is a great advantage of Zhejiang Damai Cold Chain Equipment Co. It not only provides us with the guarantee of stable and reliable product quality, but also enables us to better serve our customers, meet the market demand, and promote the continuous development and innovation of our company.

- 5.We will try our best to provide a professional response as soon as possible:

To ensure the timeliness and accuracy of our responses, we have established an efficient internal communication mechanism. Once we receive a customer request, we will immediately start the response process to ensure that the information can be quickly passed to the relevant departments and personnel. At the same time, we emphasize teamwork and information sharing to ensure that each link can work closely together to provide customers with the best quality service.
