

OEM ODM Waterproof Insulated Panels For Cold Storage Room Roof

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Damai
- Certification: Fireproof grade
- Model Number: CRP2
- Minimum Order Quantity: 10m²
- Price: 7.1 usd/m²
- Packaging Details: For Sea freight exporting package
- Delivery Time: 15 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000000000 per year

Product Specification

- Name: Waterproof Insulated Panels
- After Warranty Service: Field Maintenance And Repair Service
- Weight: Depends
- Cold Room Door: Sliding Door, Hinged Door,
- Insulation: Polyurethane Foam
- Project Capacity: 650tons Capacity
- Insulation Material: Polyurethane Foam
- Expansion Value: Demark Danfoss
- Refrigerant: R507/R404a
- Cooling System: Compressor
- Usage: Cold Storage
- Machinery Test Report: Provided
- Panel: PU Insulation 50-200mm Thickness
- Panel Connection: Cam-lock
- Refrigeration System: Hermetic, Semi-Hermetic, Open Type

Product Description

Direct Sale Low Cost Waterproof Insulated Panels For The Cold Storage Room Roof

Zhengjiang Damai Cold Chain Equipment Co., Ltd. is a specialized provider of comprehensive cold storage solutions, renowned for its expertise and commitment to excellence in the refrigeration industry. Located in the vibrant province of Tay Giang, conveniently situated near Shanghai, the company has been serving clients with distinction for over 18 years.

Throughout its rich history, Zhengjiang Damai has helped hundreds of customers with cold storage construction projects and related issues, amassing a wealth of knowledge and experience in the process. Their team of skilled professionals is equipped with the latest tools and technologies to design, install, and maintain state-of-the-art cold storage systems that cater to the unique needs of each client.

Whether it's a large-scale commercial cold storage facility for supermarkets or food processing plants, or a customized solution for the healthcare or hospitality sectors, Zhengjiang Damai has the expertise and resources to deliver exceptional results. Their commitment to quality assurance and customer satisfaction ensures that every project is completed to the highest standards, on time, and within budget.

Product Structure

Plates surface

Flat, Square waves, Water waves

Polyurethane

good thermal insulation, corrosion resistance, light weight, etc.

Plates surface

In addition to their construction services, Zhengjiang Damai also offers comprehensive maintenance and troubleshooting support to ensure that clients' cold storage systems continue to operate efficiently and reliably over the long term. Their team is dedicated to providing ongoing support and guidance, helping clients optimize their systems and minimize downtime.

With a strong reputation built on trust, reliability, and a focus on customer success, Zhengjiang Damai Cold Chain Equipment Co., Ltd. is the go-to partner for all your cold storage needs.

Zhengjiang Damai Cold Chain Equipment Co., Ltd. is committed to leading the way in sustainable and innovative cold storage solutions. By leveraging advanced technologies such as the OMS high-pressure pentane foam system and Siemens intelligent production control technology, the company has successfully achieved "fluorine-free green production" and "fully automated intelligent production."

Specifications	
Type	Polyurethane sandwich panels
PU Thickness	50mm/75mm/100mm/150mm/200mm/250mm
Metal sheet thickness	0.3~0.8mm
Effective Width	1000mm/1120mm
Surface	Prepainted
Thermal conductivity	0.023
Fireproof grade	B1/A1
Temperature range	-55~+160°
Density	35~45kg/m³
Color	RAL or customization
Service	OEM/ODM
Customization is welcome	

The adoption of the OMS high-pressure pentane foam system is a testament to Zhengjiang Damai's dedication to environmental responsibility. This system eliminates the use of harmful fluorinated refrigerants, significantly reducing the company's carbon footprint and minimizing its impact on the environment. By offering fluorine-free solutions, Zhengjiang Damai is helping its customers contribute to a greener future.

Our Advantages

 Eco-friendly and healthy	 streamlined installation	 durability	 quality assurance
 precision design	 fireproof materials	 strictly selected materials	 heat insulation and heat preservation

In addition to its commitment to green production, Zhengjiang Damai is also at the forefront of automation and intelligence in the cold storage industry. By integrating Siemens intelligent production control technology, the company has created a fully automated production process that streamlines operations, enhances efficiency, and reduces errors. This level of automation and intelligence allows Zhengjiang Damai to deliver customized solutions that precisely meet the individual requirements of its customers, all while maintaining the highest standards of quality and reliability.

Export packaging

Transportation Safe and fast, our transportation method makes you worry-free!

Whether it's designing and installing a new cold storage system or maintaining and optimizing an existing one, Zhengjiang Damai's combination of fluorine-free green production and fully automated intelligent production ensures that its customers receive the best

possible solutions for their unique needs. With a focus on innovation, sustainability, and customer satisfaction, Zhengjiang Damai is the partner of choice for all your cold storage requirements.

Purchase Instructions

About technology

We take OMS high-pressure pentane foam system from Italy and Siemens intelligent production control technology

About products

The product price depends on the inquiries specification, like quantity, color, thickness and others. Please contact manager online for getting more information.

About shipment

Normally it will take 15 days for products preparation, we will help the clients to make shipping plan at the first time.

FAQ

Q: Are you a factory or a trading company?

A: We are professional manufacturer specialized in refrigeration equipment.

Q: How many different types of products your company manufactures?

A: Now we have more than 1,000 products. We have a strong advantage of OEM, just give us the actual products or your idea that you want, we will manufacture for you.

Q: What's your MOQ?

A: If we have the products in stock, it will be no MOQ. If we need to produce, we can discuss the MOQ according to customer's exact situation.

Q: Visting factory is allowed or not?

A: Yes, we welcome customers visiting our factory. Our factory is located Shaoxin city,Zhejiang province,China mainland.

Export Areas

Export Areas More than 100 countries

Our products represent not only our craftsmanship and quality, but also our commitment to globalization

Why choose our company ?

1. Because our company has CAC official .
2. We have a good one-year after-sales service.
3. We have over 20 years of sales experience.
4. We have our own factory.
5. We will try our best to provide a professional response as soon as possible.

Product advantages

Zhengjiang Damai Cold Chain Equipment Co., Ltd. is dedicated to providing cold storage solutions that not only meet the functional requirements of our customers but also exceed their expectations in terms of quality, durability, and aesthetics. Here are some of the key features that set our systems apart:

1. Quite operation:

Our cold storage systems are designed to operate with minimal noise, ensuring a peaceful and comfortable environment for both staff and customers. This is particularly important in settings such as supermarkets, restaurants, and hospitals where noise levels can impact the overall experience.

2. Seamless connection:

We ensure that all components of our cold storage systems are seamlessly connected, minimizing the risk of leaks or malfunctions. This seamless integration also contributes to the overall efficiency and reliability of the system.

3. Easy installation:

Our systems are designed for easy installation, reducing downtime and minimizing disruption to your business. Our experienced team of professionals will handle the entire installation process, ensuring that everything is set up correctly and ready to go.

4. Beautiful and elegant placement of circuit devices:

We understand that cold storage systems are often visible to customers and staff, so we take great care in the placement and design of our circuit devices. Our systems are designed to be both functional and aesthetically pleasing, blending seamlessly into your existing decor.

5. Using the best equipment:

At Zhengjiang Damai, we only use the highest quality equipment and materials in our cold storage systems. This commitment to excellence ensures that our systems are durable, reliable, and efficient, providing years of trouble-free service.

6. Not easily damaged:

Our systems are designed to withstand the rigors of daily use and the harsh conditions of cold storage environments. Whether it's exposure to extreme temperatures, humidity, or vibrations, our systems are built to last, minimizing the risk of damage and reducing maintenance costs.
