

## Freezer Cold Room Panel Color Steel / Stainless Steel PU Sandwich Panel

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: damai
- Certification: Fireproof grade
- Model Number: CRP5
- Minimum Order Quantity: 10m<sup>2</sup>
- Price: 7.1 usd/m<sup>2</sup>
- Packaging Details: For Sea freight exporting package
- Delivery Time: 15 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000000000 per year

#### Product Specification

- Defrosting: Automatic Defrosting
- Connection Type: Cam-lock
- Oil Separator: America Brand Emerson
- Application Of Industry: Food Freezer Storage
- Condenser Type: Air-cooled/Water-cooled
- Screen Netting Material: PLASTIC
- Panel Material: Color Steel/Stainless Steel
- Accessories: Provide All Cold Storage Accessories
- Lighting: LED
- Surface Material: Color Steel Or Stainless Steel
- Weight: 3000 KG
- Size: Customized
- Insulation Material: Polyurethane
- Connection: Cam-lock
- Temperature: -20 ~ +20

## Product Description

Zhengjiang Damai Cold Chain Equipment Co., Ltd. is a reputable company that specializes in offering comprehensive cold storage solutions to its clients. Based in Tay Giang province, which is strategically located near Shanghai, the company has been in operation for over 18 years, serving hundreds of satisfied customers with their cold storage construction needs and addressing various related issues.

With their extensive experience and expertise, Zhengjiang Damai Cold Chain Equipment Co., Ltd. understands the importance of maintaining optimal temperature control in cold storage facilities for a wide range of industries, including food and beverage, pharmaceuticals, and healthcare. They provide customized solutions tailored to the specific requirements of each client, ensuring that their cold storage systems are efficient, reliable, and cost-effective.

The company's services include the design, construction, and maintenance of cold storage facilities, as well as the supply of high-quality cold storage equipment such as refrigeration systems, insulation materials, and temperature control systems. They also offer consultation services to help clients make informed decisions about their cold storage needs and to ensure that their facilities are operating at peak performance.

Zhengjiang Damai Cold Chain Equipment Co., Ltd.'s commitment to excellence and customer satisfaction is evident in their track record of successful projects and their dedication to staying up-to-date with the latest industry trends and technologies. Whether you're looking to build a new cold storage facility or upgrade an existing one, they have the expertise and resources to help you achieve your goals.

Zhengjiang Damai Cold Chain Equipment Co., Ltd. takes pride in offering a diverse range of sandwich panel options to meet the unique needs of each project. For customers seeking sandwich panels, they can choose from PIR (Polyisocyanurate), PUR (Polyurethane), and Cam Lock models, all of which are designed to meet the highest standards of quality and performance.

The company's sandwich panels are sealed to a high level, ensuring that they are both airtight and watertight. This helps to maintain the desired temperature within the cold storage facility and reduces the risk of energy loss, making them a cost-effective solution for customers.

In addition to their functional qualities, Zhengjiang Damai's sandwich panels are also Class B1 fire resistant, providing an added layer of safety for customers. This means that in the event of a fire, the panels will not contribute to the spread of flames, helping to protect the integrity of the cold storage facility and the safety of its contents.

Specifications	
Type	Polyurethane sandwich panels
PU Thickness	50mm/75mm/100mm/150mm/200mm/250mm
Metal sheet thickness	0.3~0.8mm
Effective Width	1000mm/1120mm
Surface	Prepainted
Thermal conductivity	0.023
Fireproof grade	B1/A1
Temperature range	-55~+160°
Density	35~45kg/m³

Specifications	
Color	RAL or customization
Service	OEM/ODM
Customization is welcome	

The panels are also designed with safety, beauty, and cost-effectiveness in mind. They are lightweight and easy to install, reducing the time and labor required for construction.
