

Prepainted Cold Room Panel 50mm-250mm PU Sandwich Panel Customized

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Damai
- Certification: B1 fireproof grade
- Model Number: CRP3
- Minimum Order Quantity: 10m²
- Price: 9 usd/m²
- Packaging Details: For Sea freight exporting package
- Delivery Time: 15 working days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000000000 per year

Product Specification

- Power: All Available
- Door_Type: Sliding
- Display_Type: LED
- Steel Material: Color Steel , Stainless Steel
- Control_System: Digital
- Safety Features: High/Low Pressure, Overload, Temperature
- Insulation Material: Polyurethane (PU)
- Cold Room Size: Customized
- Surface Material: Color Steel , Stainless Steel
- Functions: Refrigerated Storage
- Alarm System: Temperature/Humidity Alarm
- Keywords: Coldroom Cold Storage
- Compressor_Brand: Danfoss
- Cold Room Lamp: Moistureproof Lamp
- Type: Customer-made

Product Description

Customized Freezer Cold Room Solutions For Your Cold Storage Construction Needs

Zhejiang Damai Cold Chain Equipment Co., Ltd. is a highly reputable and specialized provider of comprehensive cold storage solutions. With a strong presence in Tay Giang province, which is conveniently located near Shanghai, the company has been serving customers for over 18 years, offering exceptional services and support in the field of cold storage construction and beyond.

Their extensive experience and expertise in the industry have allowed them to successfully help hundreds of customers with a wide range of cold storage needs, from initial design and construction to ongoing maintenance and support. Zhengjiang Damai understands the unique challenges and requirements of cold storage facilities, and they are dedicated to providing customized solutions that meet the specific needs of each client.

Whether you're looking to build a new cold storage facility or upgrade an existing one, Zhengjiang Damai Cold Chain Equipment Co., Ltd. has the resources and expertise to get the job done right. They offer a wide range of services, including the design and construction of cold storage facilities, the supply of high-quality cold storage equipment, and ongoing maintenance and support.

The company's commitment to quality and customer satisfaction is evident in every aspect of their business. From the initial consultation process to the final handover of the project, they work closely with their clients to ensure that their needs are met and that the end result exceeds their expectations.

With their focus on innovation and staying up-to-date with the latest industry trends and technologies, Zhengjiang Damai Cold Chain Equipment Co., Ltd. is well-positioned to continue providing exceptional services to their customers for many years to come.

Specifications	
Type	Polyurethane sandwich panels
PU Thickness	50mm/75mm/100mm/150mm/200mm/250mm
Metal sheet thickness	0.3~0.8mm
Effective Width	1000mm/1120mm
Surface	Prepainted
Thermal conductivity	0.023
Fireproof grade	B1/A1
Temperature range	-55~+160°
Density	35~45kg/m³
Color	RAL or customization
Service	OEM/ODM
Customization is welcome	

Product Structure

Plates surface

Flat, Square waves, Water waves

Polyurethane

good thermal insulation, corrosion resistance, light weight, etc.

Plates surface

Zhejiang Damai Cold Chain Equipment Co., Ltd. is committed to leading the way in sustainable and intelligent cold storage solutions. By incorporating advanced technologies such as the OMS high pressure pentane foam system and Siemens intelligent production control technology, the company is able to achieve "fluorine-free green production" and "fully automated intelligent production."

Our Advantages

 Eco-friendly and healthy	 streamlined installation	 durability	 quality assurance
 precision design	 fireproof materials	 strictly selected materials	 heat insulation and heat preservation

The OMS high pressure pentane foam system is a cutting-edge technology that allows for the use of pentane as a blowing agent in the production of insulation materials for cold storage facilities. Pentane is an environmentally friendly alternative to traditional fluorocarbon-based blowing agents, which can have negative impacts on the environment. By using pentane, Zhengjiang Damai is able to reduce its carbon footprint and contribute to a greener future.

高效保鲜

In addition to its commitment to green production, Zhengjiang Damai is also dedicated to providing fully automated intelligent production. By leveraging Siemens intelligent production control technology, the company is able to streamline its production processes and ensure that every aspect of the production cycle is optimized for efficiency and quality. This not only helps to reduce waste and improve productivity, but it also allows Zhengjiang Damai to offer highly customized solutions that meet the unique needs of each customer.

Export packaging

With these advanced technologies in place, Zhengjiang Damai is able to offer a single solution that meets customers' individual requirements for maintenance system construction. Whether customers are looking to build a new cold storage facility or upgrade an existing one, the company's expertise in fluorine-free green production and fully automated intelligent production ensures that they will receive a solution that is both environmentally friendly and tailored to their specific needs.

Purchase Instructions

About technology

We take OMS high-pressure pentane foam system from Italy and Siemens intelligent production control technology

About products

The product price depends on the inquiries specification, like quantity, color, thickness and others. Please contact manager online for getting more information.

About shipment

Normally it will take 15 days for products preparation, we will help the clients to make shipping plan at the first time.

FAQ

Q: Are you a factory or a trading company?

A: We are professional manufacturer specialized in refrigeration equipment.

Q: How many different types of products your company manufactures?

A: Now we have more than 1,000 products. We have a strong advantage of OEM, just give us the actual products or your idea that you want, we will manufacture for you.

Q: What's your MOQ?

A: If we have the products in stock, it will be no MOQ. If we need to produce, we can discuss the MOQ according to customer's exact situation.

Q: Visting factory is allowed or not?

A: Yes, we welcome customers visiting our factory. Our factory is located Shaoxin city,Zhejiang province,China mainland.

Export Areas

Export Areas More than 100 countries

Our products represent not only our craftsmanship and quality, but also our commitment to globalization

Why choose our company ?

1. Because our company has CAC official .
2. We have a good one-year after-sales service.
3. We have over 20 years of sales experience.
4. We have our own factory.
5. We will try our best to provide a professional response as soon as possible.

Product advantages

1. Quite operation.
2. Seamless connection.
3. Easy installation
4. Beautiful and elegant placement of circuit devices.
5. Using the best equipment.
6. Not easily damaged
