

## Versatile Stainless Steel Quick Tunnel Freezer For Different Food Freezing Requirements

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: DM brand
- Certification: CE
- Model Number: DM-SDSD-0001
- Minimum Order Quantity: 1
- Price: \$2000 -\$10000000
- Packaging Details: Customized according to customers
- Delivery Time: 30 work day
- Payment Terms: L/C, T/T, D/P, D/A
- Supply Ability: 1pcs/per 25day

#### Product Specification

- Air Supply Mode: Air Cooling
- Material: Stainless Steel
- Power Supply: 380V/50Hz
- Application: Food Processing
- Capacity: Customized
- Cooling System: Air Cooling
- Temperature Range: -40 To -18
- Power Source: Electric
- Product: Tunnel Blast Freezer
- Usage: Blast Freezer
- Key Selling Points: Easy To Operate
- Product Material: 304 Stainless Steel
- Belt Type: Mesh Belt/Plate Belt
- Rhythm: Flow Production Line
- Condenser: Stainless Steel

## Product Description

### Versatile Quick Tunnel Freezer for Different Food Freezing Requirements

1. The short residence time of food in cold storage is beneficial for improving the utilization rate and continuous production efficiency of refrigeration equipment.
2. Quickly lowering food to below the temperature of microbial growth activity is beneficial in resisting microbial growth and biochemical reactions;
3. Reduce intracellular water efflux, minimize juice loss during thawing, and avoid the formation of large ice crystals between cells;
4. The time for concentrated solutes, food tissues, colloids, and various components to come into contact with each other within cellular tissues is significantly reduced, and the harm of concentration is minimized;

The quick freezing tunnel is used to transport products from the inlet to the outlet through a conveyor belt, where multiple air-cooled evaporators supply air to the product to quickly cool the product at room temperature in a short period of time, achieving the effect of quick freezing.

#### Application:

Tunnel freezer is suitable for flour food processing, fruit and vegetable processing, meat processing, aquatic food processing, and prefabricated food processing.

Its advantages (compared to spiral freezers with equivalent output capacity):

- (1) Stainless steel conveyor belt;
- (2) Sandwich PU board, coated with stainless steel plates on both sides; Equipped with a base plate;
- (3) The door is equipped with a frame heating device;
- (4) Aluminum evaporator with different fin spacing;
- (5) Axial flow fan: stainless steel bellows, aluminum blades;

Belt Material	Food Grade SUS304 Stainless Steel/Modular Plastic
Condensing Type	Air cooling
Inside Temperature	40 Degree Centigrade
Cooling Method	Indirect Cooling
Condition	New
Transport Package	Wooden box
Origin	China
HS Code	8418699090

Quick freezing tunnels can effectively utilize space and can be quickly installed and operated in any corner of the factory. The quick freezing tunnel adopts an energy-saving and environmentally friendly frequency conversion control system, which adjusts production process parameters through intelligent control to ensure food quality.

Damai is a company specializing in refrigeration and air conditioning equipment. Our main equipment is Cold room Evaporator Condenser Condensing unit Compressor Cold room panel/door and so on. We have more than ten years of experience in the field of cold storage, with high-quality technology and professional product knowledge. We are able to provide consumers with professional and high-quality technical services. The quality of our products can be guaranteed.

## Product Legend

### **Q: Are you trading company or manufacturer?**

A: We are professional manufacturer specialized in refrigeration equipment.

### **Q: How many different types of products your company manufactures?**

A: Now we have more than 1,000 products. We have a strong advantage of OEM, just give us the actual products or your idea that you want, we will manufacture for you.

### **Q: What's your MOQ?**

A: If we have the products in stock, it will be no MOQ. If we need to produce, we can discuss the MOQ according to customer's exact situation.

### **Q: Visting factory is allowed or not?**

A: Yes, we welcome customers visiting our factory. Our factory is located Shaoxin city, Zhejiang province, China mainland.

**Zhejiang Damai Cold Chain Equipment Co., Ltd.**
