

Industrial Cold Room 220V 380V Food Storage Cold Room Low Temperature Preservation

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-LK-0010
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T, L/C
- Supply Ability: 300000

Product Specification

- Condition: New
- Cooling System: Compressor/ Condenser/ Evaporator
- Material: PU(Polyurethane)
- Evaporator Type: Air Cooler/Plate Cooler
- Size: Any Size Is Ok
- Core Components: Pressure Vessel, Motor, Bearing
- Panel: PU Panels
- Voltage: 220V, 380V
- Name: Industrial Cold Room
- Highlight: Industrial Cold Room 220V,
Industrial Food Storage Cold Room,
380V Food Storage Cold Room

Product Description

Customizable Industrial Low Temperature Preservation Cold Room To Keep Food Fresh

Custom-Built Freezer Cold Room for Your Specific Storage Requirements

Product Description:

Product Specifications

Model Number: DM-LK-00

Dimensions (L*W*H): Customized

Material of Panels: Polyurethane cold storage board

Copper Tube Connector: Fitting reducer

Voltage: 380V/460V/220V customize

Controller: Automatic Electric Controller, PLC

Refrigerant: R404a R22a R134a

Quality Assurance: 2.6Mpa leak-proof stress test

Door Type: Swing Door/Sliding Door/Double Door/Single Door

Cold Room Compressor Type: Piston, Screw, Scroll etc

Use Nature: Fresh Keeping Freezing

Trademark: N/M

Density of Panel: 40-42kg/cm³

Certification: ISO;CE

Core Material: Rock wool Polyurethane

Temperature of Room: -60°C~+20°C optional/Customization

Fittings: All Necessary Fittings are Included, Optional

Technical Parameters:

Compressor	Konor / Danfoss
Voltage	220V, 380V
Usage	Store food
Condition	New
Panel	PU Panels
Defrost Type	Electric Defrosting
Core Components	Pressure Vessel, Motor, Bearing
Panel Material	High Density PU Foam
Cooling System	Compressor/ Condenser/ Evaporator
Size	Customized

Features:

Product: Cold Room

The Cold Room is a refrigeration system designed for storing food under controlled temperature. It is an essential tool in the food industry for preserving perishable goods, preventing spoilage and prolonging shelf life.

There are different types of defrosting systems available for the Cold Room. These include Electric Defrosting, Compressed Air Defrosting and Hot Gas Defrosting. Each system has its unique advantages and may be selected based on specific needs or preferences. The Cold Room comes with compressor options from trusted brands such as Danfoss, Copeland and Bitzer. These brands are well known for producing high-quality compressors that are efficient, reliable and durable.

The Cold Room also has two types of condensers available - Air Cooled and Water Cooled. Air Cooled condensers transfer heat to the surrounding air while Water Cooled condensers transfer heat to a water source. The choice of condenser type may be influenced by factors such as environment, cost and cooling capacity.

Applications:

Cold Storage Room for Food Storage

The DM-LK-0005 Cold Storage Room is an excellent choice for businesses that require low-temperature storage for food products.

Thanks to its advanced cold room air cooler system, this room is able to maintain a consistent temperature - which helps to prevent food spoilage and extend product shelf life.

The room's electric defrosting system makes maintenance quick and easy, and its high-density PU foam panel material guarantees

effective insulation and energy efficiency. The temperature alarm and power failure alarm are also helpful features that ensure your products are always safeguarded.

Blast Cold Room for Industrial Applications

This DM-LK-0005 Cold Storage Room is perfect for industrial applications where rapid cooling is necessary. The advanced cooling system quickly reduces the temperature of the products, making it an ideal solution for storing materials such as chemicals, pharmaceuticals, and other sensitive items.

Cold Storage Room for Agricultural Products

For businesses that require storage for agricultural products, such as fruits and vegetables, the DM-LK-0005 Cold Storage Room is an excellent option. With its energy-efficient design, this room can maintain a stable temperature that keeps products fresh for extended periods of time, ensuring your produce remains in excellent condition for your customers.

The room's Konor/Danfoss compressor ensures that the required temperature is maintained even in extreme conditions.

The Perfect Solution for Your Cold Storage Needs

Whether you require a cold storage room for food storage, industrial applications, or agricultural products, the DM-LK-0005 Cold Storage Room is the ideal solution. With its advanced cooling system, temperature and power failure alarms, and high-quality construction, you can trust that this product will meet all your cold storage needs.

The minimum order quantity is 1, and the price ranges from \$2000 to \$100,000 depending on the size and configuration of the unit.

Delivery time is 30 work days, and payment terms are T/T. The product is CE and ISO certified, ensuring it meets the highest standards of quality and safety.

FAQ:

Q: What is the brand name of the Freezer Cold Room?

A: The brand name of the Freezer Cold Room is DM.

Q: What is the model number of the Freezer Cold Room?

A: The model number of the Freezer Cold Room is DM-0005.

Q: Where is the Freezer Cold Room manufactured?

A: The Freezer Cold Room is manufactured in China.

Q: What certifications does the Freezer Cold Room have?

A: The Freezer Cold Room is certified by CE and ISO.

Q: What is the minimum order quantity for the Freezer Cold Room?

A: The minimum order quantity for the Freezer Cold Room is 1.

Q: What is the price range of the Freezer Cold Room?

A: The price of the Freezer Cold Room ranges from \$2000 to \$100000.

Q: What are the packaging details for the Freezer Cold Room?

A: The Freezer Cold Room is packaged in wooden cases.

Q: What is the delivery time for the Freezer Cold Room?

A: The delivery time for the Freezer Cold Room is 30 work days.

Q: What are the payment terms for the Freezer Cold Room?

A: The payment terms for the Freezer Cold Room are T/T.

Q: What is the supply ability of the Freezer Cold Room?

A: The supply ability of the Freezer Cold Room is 300000.
