

Cold Storage Cold Room Freezer Dimension Customized Cold Room

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-LK-0008
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T
- Supply Ability: 300000

Product Specification

- Name: Freezer Cold Room
- Size: Any Size Is Ok
- Condenser Type: Air Cooled/Water Cooled
- Machinery Test Report: Provided
- Cooling System: Compressor/ Condenser/ Evaporator
- Voltage: 220V, 380V
- Alarm System: Temperature Alarm/Power Failure Alarm
- Usage: Cold Storage
- Panel Material: High Density PU Foam
- Highlight: Cold Storage Cold Room Freezer,
Cold Room Cold Room Freezer,
Dimension Customized Cold Room

Product Description

Customizable Freezer Cold Room for Your Specific Requirements

Product Description:

Model NO:	DM-LK-0008	Dimension(L*W*H):	Customized
Material of panels:	Polyurethane cold storage board	Copper tube connector:	Fitting reducer
Voltage:	380V/460V/220V	Controller:	Automatic electric controller, PLC
Refrigerant:	R404a R22a R134a R507	Quality Assurance:	2.6Mpa leak-proof stress test
Door type:	Swing Door/Sliding Door/Double Door/Single Door	Cold room compressor type:	Screw,Piston, Scroll etc
Use nature:	Fresh Keeping Freezing	Trademark:	N/M
Density of panel:	150-200kg/cm3	Certification:	ISO;CE
Core material:	Rock wool Polyurethane	Temp of room:	-40°C~+20°C Customization
Fittings:	All necessary fittings are included, optional		

Detailed Photos:

Features:

Product Name: Cold Room

The Cold Room is designed for the storage of perishable food and is essential for businesses in the food industry such as restaurants, supermarkets and food processors. The Cold Room ensures the safety

and quality of the food by preventing bacteria growth, preserving nutrients, and maintaining freshness.

Usage

The Cold Room is specifically designed to store perishable food including vegetables, fruits, dairy products, meat, and fish. The recommended temperature range for storage is between 0°C (32°F) and 5°C (41°F), depending on the type of food. The Cold Room has a large storage capacity and can accommodate a variety of food items.

Defrost Type

The Cold Room has three types of defrosting systems: electric defrosting, compressed air defrosting, and hot gas defrosting. The defrosting system can be chosen based on the specific usage and environment of the Cold Room. The electric defrosting system is suitable for small to medium-sized rooms and is cost-effective. The compressed air defrosting system is more efficient and is recommended for large rooms with heavy usage. The hot gas defrosting system is ideal for low-temperature environments.

Compressor

The Cold Room has three types of compressors to choose from: Danfoss, Copeland, and Bitzer. These compressors are known for their reliability, durability, and energy efficiency. The compressor is the heart of the Cold Room and is responsible for maintaining the desired temperature range. The choice of compressor depends on the size of the Cold Room, its usage, and the required temperature range.

Condenser Type

The Cold Room has two types of condensers: air-cooled and water-cooled. The air-cooled condenser uses air to cool the refrigerant and is suitable for small to medium-sized Cold Rooms. The water-cooled condenser uses water to cool the refrigerant and is recommended for large Cold Rooms with heavy usage. The choice of condenser depends on the size of the Cold Room, its usage, and the environment in which it is located.

Applications:

Cold Storage Room for Food Storage

The DM-LK-0008 Cold Storage Room is a fantastic option for businesses that need to keep food products stored at low temperatures. Its state-of-the-art cold room air cooler system helps to maintain a consistent temperature, which is crucial for extending the life of food. Additionally, this product features an electric defrosting system, making it simple to maintain over time. Plus, the high-density PU foam panel material helps provide insulation and energy efficiency. Finally, this product comes equipped with both a temperature alarm and a power failure alarm for added peace of mind.

Blast Cold Room for Industrial Applications

While the DM-LK-0008 Cold Storage Room is great for food storage, it's also fantastic for industrial applications. This product is well-suited for situations where products need to be cooled quickly. With its advanced cooling system, this product is able to drop the temperature to the necessary level rapidly. Therefore, this product can meet the storage needs of products such as chemicals or pharmaceuticals that require a controlled environment.

Cold Storage Room for Agricultural Products

Businesses that need to store agricultural products such as fruits and vegetables can also benefit from the DM-LK-0005 Cold Storage Room. Its energy-efficient design keeps a consistent temperature, thus helping these products stay fresher for longer. The product's Konor/Danfoss compressor offers reliable temperature control even in demanding conditions.

Pricing and Certification

The DM-LK-0008 Cold Storage Room is an ideal solution, regardless of what type of business is using it. and pricing ranges from \$2,000 all the way up to \$100,000, based on size and configuration. Delivery usually takes about 30 work days, and payment must happen via T/T. Finally, those who choose this product will have the peace of mind that comes with its ISO and CE certifications. Therefore, the DM-LK-0005 Cold Storage Room provides a high-quality, safe, and effective solution for any business' cold storage needs.

FAQ:

Q: What is the brand name of the freezer cold room?

A: The brand name of the freezer cold room is DM.

Q: What is the model number of the freezer cold room?

A: The model number of the freezer cold room is DM-LK-0008.

Q: Where is the freezer cold room manufactured?

A: The freezer cold room is manufactured in China.

Q: What certifications does the freezer cold room have?

A: The freezer cold room has CE and ISO certifications.

Q: What is the minimum order quantity for the freezer cold room?

A: The minimum order quantity for the freezer cold room is 1.

Q: What is the price range for the freezer cold room?

A: The price range for the freezer cold room is between \$2000 and \$100000.

Q: What are the packaging details for the freezer cold room?

A: The packaging details for the freezer cold room are wooden cases.

Q: What is the delivery time for the freezer cold room?

A: The delivery time for the freezer cold room is 30 work days.

Q: What are the payment terms for the freezer cold room?

A: The payment terms for the freezer cold room are T/T.

Q: What is the supply ability for the freezer cold room?

A: The supply ability for the freezer cold room is 300000 units.
