

Customized Aluminum Air Cooler Condenser With Copper Tube / Axial Fan

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-LNQ-00017
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T;L/C
- Supply Ability: 1000000pcs/year

Product Specification

- Voltage: 110-460 V
- Tube Diameter: 3/8 Inch
- Fin Spacing: 10 Fins Per Inch
- Fin Type: Louvered
- Type: Air Cooler
- Tube Material: Copper
- Fan Type: Axial
- Tube Type: Smooth
- Fan Diameter: 24 Inch
- Fins Per Row: 12
- Fin Thickness: 0.006 Inch
- Material: Aluminum
- Air Flow: Counterflow

Product Description

Customized Air Cooler Condenser for Specific Cooling Requirements

Product Description:

Our product stands out due to its improved structure and exceptional interchangeability. It is designed to easily accommodate several compressors without any difficulty.

We understand that each customer has different needs and requirements, and that's why we offer honeycomb fin and window fin in various sizes and specifications.

We believe in delivering top-notch quality to our customers and therefore we conduct air tightness tests on our product. These tests are done at a pressure of 3.0 MPa to ensure that the finished product has a high degree of air tightness.

Our film spacing can be easily adjusted from 1.7mm to 3.0mm to match the specific requirements of our customers. We understand the importance of flexibility in adjusting the film spacing to match varying environmental conditions where customers' work.

We stand out in the market for our customized solutions. We offer condensing fans in different types and configurations based on the unique demands of our customers.

Features:

Quiet Operation

Our product is designed for quiet operation, ensuring that it doesn't disturb the overall peace in the environment. From offices to homes, our devices are meant to work efficiently without producing any unnecessary noise.

Seamless Connection

With a seamless connection, our product allows for uninterrupted and fast communication between devices. No more delays or disruptions when transferring files or connecting to the internet.

Easy Installation

Our product is designed for easy installation. With its plug-and-play feature, users can easily set it up without the need for any technical expertise.

Beautiful and Elegant Design

We take pride in the beautiful and elegant placement of circuit devices in our product. Unlike other products that have an unsightly mess of wires and devices, ours is designed with both aesthetics and functionality in mind.

High-Quality Materials

We use only the best equipment in the production of our product, ensuring that it meets the highest quality standards. Our devices are made with high-quality materials, making them durable and long-lasting.

Robust Construction

Our product is built to last and is not easily damaged. With its robust construction and high-quality materials, it can withstand challenging environments and continue to operate efficiently.

Model & Technical Specification:

Model	Motor	Blade diameter (mm)	Pitch-row	Ring-row number	Inlet and outlet aperture
FNHM-41	2	400	888X180	4X12	φ16φ22
FNHM-49			888X180	5X12	φ16φ22/φ25
FNHM-60			988X180	5X12	φ16φ22
FNHM-80			988X180	4X20	φ19φ28
FNHM-100			988X180	4X24	φ19φ28/φ32
FNHM-120			988X180	5X24	φ19φ28/φ32

FNHM-140	4	450	1128 X180	5X20	φ19φ28/φ32
FNHM-160		500	1278 X180	5X24	φ19φ28/φ22φ32
FNHM-180			1383 X180	5X26	φ19φ28
FNHM-200			1383 X180	6X24	φ25φ38
FNHM-220	6	450	1730 X180	5X24	φ25φ38
FNHM-240			1830 X180	5X24	φ25φ38
FNHM-260			2030 X180	5X24	φ25φ38
FNHM-280	6	500	2330 X180	5X24	φ25φ38

Applications:

The DM-LNQ-00017 air-cooled condenser is a popular choice for those looking for an affordable and reliable solution. It is available at a price range of \$200 to \$100000, which makes it an excellent option for those on a budget. The product is packed in wooden cases for safe delivery and has a delivery time of 30 workdays.

The DM-LNQ-00017 air-cooled condenser has a minimum order quantity of 1 and a supply ability of 1000000pcs/year. It is equipped with one to four fans, depending on the model. The fins are louvered, and the tubes are smooth, which enhances the heat transfer efficiency. The motor power ranges from 1/4 to 1 HP, which makes it suitable for a variety of applications.

The DM-LNQ-00017 air-cooled condenser can be used in a variety of applications, such as refrigeration, air conditioning, and cold storage. It is ideal for use in commercial and industrial environments. It is a popular choice for those looking for an affordable and efficient solution. The air-cooled condenser can be used in a variety of scenarios, such as:

Air Cooled Fnh Refrigeration Condenser for Cold Storage

Air Condenser Cooler

Refrigeration Air Cooled Condenser

The DM-LNQ-00017 air-cooled condenser is an excellent choice for those looking for an efficient and affordable solution. It is a reliable product that can be used in a variety of applications. With its compact design, it can be easily installed in a variety of scenarios. The product is backed by a quality guarantee, and customers can be confident in their purchase.

Payment terms for the DM-LNQ-00017 air-cooled condenser include T/T and L/C. Customers can choose the payment method that suits their needs. The product is designed to provide efficient and reliable performance, and customers can trust it to meet their requirements.

Support and Services:

The Air Cooler Condenser product comes with technical support and services to ensure optimal performance and efficiency. Our team of experts is available to assist with any questions or concerns regarding installation, operation, and maintenance of the product.

We offer comprehensive training programs for technicians and operators to ensure the safe and effective use of the product. Additionally, we provide regular maintenance and repair services to keep the product operating at peak performance.

Our technical support team is available 24/7 to provide assistance and troubleshoot any issues that may arise. We also offer remote monitoring and diagnostics to quickly identify and resolve any problems.

Overall, our goal is to provide top-notch technical support and services to ensure customer satisfaction and prolong the lifespan of the Air Cooler Condenser product.

FAQ:

Q1. What is the brand name of the product?

A1. The brand name of the product is DM.

Q2. What is the model number of the product?

A2. The model number of the product is DM-LNQ-00017.

Q3. Where is the product manufactured?

A3. The product is manufactured in China.

Q4. Is the product certified?

A4. Yes, the product is certified with CE and ISO.

Q5. What is the minimum order quantity and price of the product?

A5. The minimum order quantity is 1 and the price ranges from \$200 to \$100000 depending on the quantity ordered.

Q6. What are the packaging details and delivery time of the product?

A6. The product is packaged in a wooden case and the delivery time is 30 work days.

Q7. What are the payment terms and supply ability of the product?

A7. The payment terms are T/T and L/C and the supply ability is 1000000 pcs/year.
