

## Factory Industrial Air Cooled Condenser Condensing Unit For Cold Storage Room Refrigeration System

### Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-LNQ-00019
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T;L/C
- Supply Ability: 1000000pcs/year

#### Product Specification

- Tube Diameter: 8mm
- Tube Pitch: 10mm
- Fin Spacing: 3mm
- Voltage: 110-460 V
- Tube Material: Copper
- Fan Type: Axial
- Motor Power: 1/4 - 1 HP
- Type: Tube And Fin
- Fan Motor Power: 500W
- Fins Per Inch: 20
- Air Flow Direction: Crossflow
- Dimensions: 600mm X 400mm X 200mm
- Material: Aluminium

## Product Description

### Factory Industrial Air Cooled Condenser Condensing Unit For Cold Storage Room Refrigeration System

#### Product Description:

Our product is characterized by improved structure and exceptional interchangeability, making it the ideal choice. The ability to fit several compressors without any difficulty is one of its hallmark features.

To meet the diverse needs of our customers, we offer honeycomb fin and window fin which come in different sizes and specifications.

As a commitment to quality, we carry out air tightness tests under a pressure of 3.0 MPa to ensure that the finished product has a high level of air tightness.

We provide flexibility in adjusting the film spacing to match the specific requirements of our customers. Our film spacing can be adjusted from 1.7mm to 3.0mm to cater to their varying environmental conditions.

For customers with unique demands, we offer customized solutions and provide condensing fans in different types and configurations.

#### Technical Parameters:

The following table contains the specifications of different fan models:

No.	Model	Motor	Blade diameter(mm)
1	FNUK--060	1	500
2	FNUK-080	2	450
3	FNUK-100	2	500
4	FNUK-120	2	500
5	FNUK-140	2	500
6	FNUK-160	2	500

#### Features:

Our product offers a quiet operation feature that ensures the peaceful environment of your surroundings is not disturbed. From homes to offices, our device works efficiently without producing any unnecessary noise. This feature ensures that the service provided is both effective and convenient for use.

Our product ensures seamless and fast communication between devices, thanks to its uninterrupted connection feature. This eliminates delays or disruptions during file transfers or when connecting to the internet. The devices are designed with the best technology that enhances services and ensures satisfaction for the users.

The device's easy installation feature is made possible through its plug-and-play design. This allows for easy and quick set-up, without the need for technical expertise. The simple and user-friendly interface ensures that all users, no matter their skill level, can set up and enjoy our device's services.

We take pride in the beauty and elegance of our product's circuit device placement. Unlike other products that have an unsightly mess of wires and devices, ours has both aesthetics and functionality in mind. Its sleek and modern design is perfect for any home, office, or personal environment.

Our product is manufactured using high-quality materials, ensuring that it meets the highest quality standards. We only use the best equipment in its production process, which guarantees durability and long-lasting performance. This makes our device an investment for users who are looking for reliable and stable technology.

Our product is built to last, thanks to its robust construction and quality materials. It can withstand challenging environments and continue to operate efficiently without sustaining damage. This ensures the longevity of the device, allowing users to enjoy fast and uninterrupted services for years to come.

#### Applications:

Industrial Processes:

The DM-LNQ-00017 H-Type Air Cooled Condenser is an ideal solution for industrial processes such as power generation, refrigeration, and chemical processing. Its louvered fin design ensures efficient heat transfer, making it perfect for steam condenser applications. With a voltage range of 110-460 V and a fan diameter of 12-24 inches, this product can accommodate a range of industrial needs.

Commercial Buildings:

Commercial buildings such as shopping malls, hotels, and hospitals can benefit from the DM-LNQ-00017 H-Type Air Cooled Condenser. Its compact size and single fan design make it easy to install in tight spaces. The copper tube material ensures durability and longevity.

even in high traffic areas.

Agriculture:

The DM-LNQ-00017 H-Type Air Cooled Condenser is also suitable for agriculture applications such as greenhouses and livestock facilities. Its robust construction and ability to withstand extreme weather conditions make it an ideal choice for outdoor use.

With a minimum order quantity of 1 and a price range of \$200-\$100,000, the DM-LNQ-00017 H-Type Air Cooled Condenser is a cost-effective solution for various industries. Our packaging details include a wooden case for safe transportation, and our delivery time is 30 work days. We accept payment terms of T/T and L/C, and our supply ability is 1,000,000 pcs/year. Choose from 1-4 fans and enjoy the benefits of our louvered fin design that ensures efficient heat transfer.

## Support and Services:

The Air Cooler Condenser product technical support and services includes:

Installation guidance and troubleshooting

Regular maintenance and cleaning instructions

Repair and replacement of defective parts

Technical assistance for compatibility with other HVAC systems

Warranty information and support

## FAQ:

**Q: What is the brand name of this air cooler condenser?**

A: The brand name of this air cooler condenser is DM.

**Q: What is the model number of this air cooler condenser?**

A: The model number of this air cooler condenser is DM-LNQ-00017.

**Q: Where is this air cooler condenser manufactured?**

A: This air cooler condenser is manufactured in China.

**Q: What certifications does this air cooler condenser have?**

A: This air cooler condenser has CE and ISO certifications.

**Q: What is the minimum order quantity for this air cooler condenser?**

A: The minimum order quantity for this air cooler condenser is 1.

**Q: What is the price range of this air cooler condenser?**

A: The price range of this air cooler condenser is \$200 to \$100000.

**Q: What are the packaging details for this air cooler condenser?**

A: The packaging details for this air cooler condenser are wooden case.

**Q: What is the delivery time for this air cooler condenser?**

A: The delivery time for this air cooler condenser is 30 work days.

**Q: What are the payment terms for this air cooler condenser?**

A: The payment terms for this air cooler condenser are T/T and L/C.

**Q: What is the supply ability of this air cooler condenser?**

A: The supply ability of this air cooler condenser is 1000000pcs/year.
