

## DM Industrial Air Cooler Condenser H Type Customized with Direct Drive / Axial Fan

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-LNQ-00018
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T;L/C
- Supply Ability: 1000000pcs/year

#### Product Specification

- Material: Copper/Aluminum
- Tube Type: Smooth
- Fan Diameter: 12-24 Inches
- Number Of Fans: 1-4
- Motor Type: Direct Drive
- Tube Diameter: 3/8 Inch
- Type: Air-Cooled
- Fan Type: Axial Fan
- Highlight: **Air Cooler Condenser Custom,  
Air Cooler Condenser H Type,  
DM Industrial Air Cooler Condenser**

## Product Description

### Efficiency Direct Drive Axial Fan Industrial Air Condenser Cooler H Type Air Cooled Condenser

#### Product Description:

##### Upgrade Your Product Quality with Our Improved Features

At our company, we take pride in designing products with exceptional interchangeability and improved structures, giving our clients the best value for their money. Our product is designed to ensure that several compressors can be fitted without difficulty, making it easy and efficient to use.

We understand that different customers have varying needs, hence our commitment to providing a range of options. Our honeycomb fin and window fin come in diverse sizes and specifications to cater to our clients' varying demands.

To guarantee the quality of our product, we carry out air tightness tests. These tests are done at a pressure of 3.0 MPa to ascertain that the finished product has a high level of air tightness and is fully operational.

Our product is also flexible in terms of film spacing. We can adjust the film spacing from 1.7mm to 3.0mm to suit the specific needs of our clients who work in diverse environmental conditions. Our commitment to providing tailored solutions is one of the reasons our clients keep coming back to us for more.

With our personalized approach, we can provide condensing fans in different types and configurations based on the unique demands of our clients. We understand that no two clients are the same, and that's why we strive to cater to the unique needs of every customer that we serve.

### Features:

#### Our Product - Redefining Quality and Functionality

Our product is designed to operate quietly, ensuring that it does not create any disturbance in its environment. Whether at home or in an office, our devices are built to function efficiently and noiselessly.

Our product offers seamless and speedy communication between devices. With its flawless connectivity, you can say goodbye to disruptions or delays when transferring files or connecting to the internet.

Our product is easy to install. With its plug-and-play feature, anyone can set it up without the need for any technical expertise.

We take pride in the design of our product, ensuring that it not only works perfectly but also looks great. Unlike its competitors, our device's circuit devices are elegantly placed, creating an aesthetically pleasing appearance.

We utilize only the best equipment in producing our product, ensuring that it meets the highest quality standards. Our devices are made from high-quality materials, ensuring their durability and longevity.

Lastly, our product is built to last. With its robust construction and high-quality materials, it can withstand demanding environments and operate efficiently for an extended period.

### Support and Services:

The Air Cooler Condenser product is designed to provide efficient cooling for various applications. Our technical support team is available to assist with any installation or operational questions. We offer services such as preventative maintenance, repair, and replacement of parts. Our technicians are trained to diagnose and solve any issues to ensure optimal performance of the product. Additionally, we provide training and education on proper usage and maintenance of the Air Cooler Condenser to maximize its lifespan.

### FAQ:

Q: What is the brand name of this air cooler condenser?

A: The brand name is DM.

Q: What is the model number of this air cooler condenser?

A: The model number is DM-LNQ-00017.

Q: Where is this air cooler condenser made?

A: It is made in China.

Q: What certifications does this air cooler condenser have?

A: It is certified with CE and ISO.

Q: What is the price range of this air cooler condenser?

A: The price range is from \$200 to \$100000.

Q: What is the minimum order quantity for this air cooler condenser?

A: The minimum order quantity is 1.

Q: What are the packaging details for this air cooler condenser?

A: It is packaged in wooden cases.
