

1000kg/h Quick Tunnel Freezer / IQF Freezing Machine With Customized Conveyor Speed

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: DM
- Certification: CE
- Model Number: DM-SDSD
- Minimum Order Quantity: 1
- Price: 5000
- Packaging Details: Customized according to customers
- Delivery Time: 30 work day
- Payment Terms: L/C, T/T, D/P, D/A
- Supply Ability: 1000pcs/year

Product Specification

- Conveyor Speed: Customized
- Product: Quick Tunnel Freezer
- Size: Customized
- Warranty: 1 Year
- Function: Individual Quick Freezing
- Temperature Range: -40 To -18
- Rapid Freezing: -35°C
- Capacity: 1000kg/h
- Highlight: 1000kg/h Quick Tunnel Freezer,
Customized IQF Freezing Machine,
1000kg/h IQF Freezing Machine

Product Description

Continuous Quick-freezing Work Rapid Tunnel Cooler with Customized Conveyor Speed

Product Description:

Quick-freezing tunnels are extensively used in the production process of quick-frozen foods, including quick-frozen vegetables, quick-frozen meat, quick-frozen pastries, quick-frozen fruits, quick-frozen aquatic products, quick-frozen prepared foods, and quick-frozen ice cream. The excellent cooling performance of the tunnel is achieved through its high processing capacity, low energy consumption and significant heat transfer efficiency.

Applications:

If you are working in the food industry, you can benefit from this rapid cooling equipment as it can quickly cool down food products that need to be stored at low temperatures and preserve their quality. Similarly, in chemical industries, this equipment can rapidly cool down chemical reactions in a controlled environment. As for the industrial sector, this cooling equipment can rapidly cool down machinery and equipment, preventing overheating and keeping production processes running smoothly.

Quick Freezing Tunnel Specifications					
Model	Dimensio ns	Belt Size	Freezing Time	Power	Weight
	(L*W*H)	(L*W)	(min)	(KW)	(KG)
AS-6-0.8	6.5X1.72X 2.1	6X0.8	3-20min	6KW	3000kg
AS-9-0.8	9.5X1.72X 2.1	9X0.8	3-40min	8KW	3500kg
AS-14-0.8	14.5X1.72 X2.1	14X0.8	3-65min	12KW	5000kg
AS-6-1.25	6.5X2.17X 2.1	6X1.25	3-20min	7KW	3500kg
AS-9-1.25	9.5X2.17X 2.1	9X1.25	3-40min	10KW	4500kg
AS-14-1.25	14.5X2.17 X2.1	14X1.25	3-65min	16KW	6500kg
General technical parameters					
Height of feed port from ground	900mm				
Height of frozen product	150mm				
	380V				
Exhaust pipe size	300mm				

Customization:

Product: Tunnel Blast Freezer

Cooling System: Direct Expansion

Dimension: Customized

Belt Speed: 0-10m/min

Power Consumption: Customized

Our product customization services allow you to tailor the DM-SDSD Tunnel Blast Freezer to fit your specific needs. Whether you require swift blast storage or a rapid tunnel cooler, we can customize the cooling system and power consumption to meet your requirements. Additionally, we can customize the dimensions of the freezer to fit your available space and ensure that the belt speed is appropriate for your production line. Contact us to learn more about our product customization services.

Support and Services:

The Quick Tunnel Freezer is a high-quality product that is designed to freeze a wide variety of food products in a fast and efficient manner. To ensure that your Quick Tunnel Freezer always performs at its best, we offer a range of technical support and services including:

- Installation and setup assistance
- On-site training for your staff
- Regular maintenance and servicing
- Repairs and replacement parts

Our team of experienced technicians are available to provide any assistance you may need with your Quick Tunnel Freezer. Please don't hesitate to contact us for any technical support or service inquiries.

Packing and Shipping:

Product Packaging:

The Quick Tunnel Freezer will be securely packed in a wooden crate to prevent any damages during transportation.

The crate will be labeled with the product name, weight, and dimensions for easy identification.

Shipping:

The Quick Tunnel Freezer will be shipped via air or sea freight, depending on the customer's preference and location.

The shipment will be arranged by our logistics team, who will provide the customer with the necessary documentation and tracking information.

The estimated delivery time will be provided to the customer upon shipment.

FAQ:

Q: Where is this freezer made?

A: This freezer is made in China.

Q: What is the freezing capacity of this freezer?

A: The freezing capacity of this freezer is 1000kg/hour.

Q: How long does it take for this freezer to freeze food?

A: It takes approximately 20-30 minutes for this freezer to freeze food.
