

IQF Individual Quick Freezer Machine 1000kg/H With Belt Speed 0-10m/Min

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: DM
- Certification: CE
- Model Number: DM-SDSD
- Minimum Order Quantity: 1
- Price: 5000
- Packaging Details: Customized according to customers
- Delivery Time: 30 work day
- Payment Terms: L/C, T/T, D/P, D/A
- Supply Ability: 1000pcs/year

Product Specification

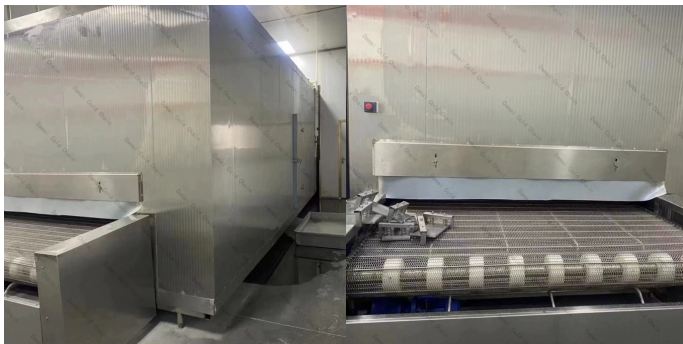

- Function: Individual Quick Freezing
- Cooling System: Direct Expansion
- Power Consumption: Customized
- Capacity: 1000kg/h
- Automation: Continuous Quick-freezing Work
- Machinery Test Report: Provided
- Temperature Range: -40 To -18
- Rapid Freezing: -35°C
- Highlight: **IQF Individual Quick Freezer,
Individual Quick Freezer Machine,
Individual Quick Freezer 1000kg/h**

Product Description

Continuous Quick-freezing Work with Belt Speed 0-10m/min Quick Tunnel Freezer

Product Description:

The unique working principle and design features of the quick-freezing tunnel make it an efficient and uniform cooling equipment. It is extensively used in the production of quick-frozen foods such as vegetables, meat, aquatic products, pastries, fruits, prepared foods and ice cream.

Applications:

Our company provides high-quality rapid cooling equipment that caters to the needs of food, chemical, and industrial sectors. Our equipment is designed to cool various objects quickly and efficiently, ensuring that it meets the high standards of our clients.

Suitable for Various Objects

Quick Freezing Tunnel Specifications					
Model	Dimensio ns	Belt Size	Freezing Time	Power	Weight
	(L*W*H)	(L*W)	(min)	(KW)	(KG)
AS-6-0.8	6.5X1.72X 2.1	6X0.8	3-20min	6KW	3000kg
AS-9-0.8	9.5X1.72X 2.1	9X0.8	3-40min	8KW	3500kg
AS-14-0.8	14.5X1.72 X2.1	14X0.8	3-65min	12KW	5000kg
AS-6-1.25	6.5X2.17X 2.1	6X1.25	3-20min	7KW	3500kg
AS-9-1.25	9.5X2.17X 2.1	9X1.25	3-40min	10KW	4500kg
AS-14-1.25	14.5X2.17 X2.1	14X1.25	3-65min	16KW	6500kg
General technical parameters					
Height of feed port from ground	900mm				
Height of frozen product	150mm				
	380V				
Exhaust pipe size	300mm				

Customization:

DM offers product customization services for the DM-SDSD rapid tunnel cooler, also known as the expeditious blast freezer or the instantaneous tunnel icebox. Made in China, this freezer uses a direct expansion cooling system and has a belt speed of 0-10m/min. It has a temperature range of -40 to -18, making it perfect for individual quick freezing. Our machinery test report is provided for quality assurance. Contact us for personalized options to meet your specific needs.

Support and Services:

The Quick Tunnel Freezer is designed to quickly freeze products such as fruits, vegetables, meat, poultry, and seafood. Our product technical support and services include:

[Installation and setup assistance](#)

[Training for proper usage and maintenance](#)

[24/7 technical support](#)

[Regular maintenance and repair services](#)

[Upgrades and modifications to improve performance](#)

We are committed to ensuring that our customers receive the best possible support and services for their Quick Tunnel Freezer.

FAQ:

Q: Where is the Quick Tunnel Freezer manufactured?

A: The Quick Tunnel Freezer is manufactured in China.

Q: What is the freezing capacity of the Quick Tunnel Freezer?

A: The freezing capacity of the Quick Tunnel Freezer varies depending on the product being frozen and the temperature needed. Please consult the product manual for specific details.

Q: Is the Quick Tunnel Freezer easy to clean?

A: Yes, the Quick Tunnel Freezer is designed to be easy to clean with removable parts and a smooth surface. Please consult the product manual for specific cleaning instructions.
