

Continuous Quick Tunnel Freezer Split Type For -35°C Rapid Freezing

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: DM
- Certification: CE
- Model Number: DM-SDSD
- Minimum Order Quantity: 1
- Price: 5000
- Packaging Details: Customized according to customers
- Delivery Time: 30 work day
- Payment Terms: L/C, T/T, D/P, D/A
- Supply Ability: 1000pcs/year

Product Specification

- Product: Tunnel Blast Freezer
- Key Selling Points: High-accuracy
- Machinery Test Report: Provided
- Temperature Range: -40 To -18
- Power Consumption: Customized
- Warranty: 1 Year
- Automation: Continuous Quick-freezing Work
- Size: Customized
- Evaporator: Stainless Steel
- Feature: Split Type
- Freezing Time: 2-4 Minutes
- Refrigerant: R404a
- Cooling System: Air Cooled

Product Description

Accuracy Direct Expansion Cooling System Quick Tunnel Freezer For -35°C Rapid Freezing

Product Description:

The quick-freezing tunnel is an essential piece of equipment designed to rapidly cool down food, chemical, and industrial materials in an efficient and uniform manner. It boasts a unique working principle and design features, making it the perfect cooling solution for various objects that require immediate cooling. These objects include food, daily chemical products, and industrial materials. This equipment is widely used in the production of frozen foods like quick-frozen vegetables, meats, aquatic products, pastries, fruits, prepared foods, and ice cream. Thanks to its capability for efficient and uniform cooling, the quick-freezing tunnel is highly sought after in industries such as food processing, chemical processing, and industrial production.

Applications:

Our company specializes in providing quick cooling solutions for industries such as food, chemical, and industrial. Our rapid cooling equipment is designed to quickly cool down a variety of objects. Our equipment is ideal for businesses that require a fast, efficient, and reliable cooling solution. We understand that many industries have items that need to be cooled quickly, and our technology can help to maximize efficiency and productivity. Our rapid cooling equipment is suitable for a wide range of cooling applications, including food, chemicals, and industrial products. Our equipment is designed to not only provide rapid cooling but also to maintain consistent temperature levels, ensuring the quality and integrity of your products. Our team is committed to providing our clients with the best rapid cooling solutions possible. We strive to provide exceptional customer service and work closely with each client to determine the best equipment and installation options for their needs.

Key Features of our Rapid Cooling Equipment:

Quick cooling for a variety of objects

Suitable for industries such as food, chemical, and industrial

Maintains consistent temperature levels

Maximizes efficiency and productivity

Exceptional customer service from our team

Customization:

Quick Freezing Tunnel Specifications					
Model	Dimensions	Belt Size	Freezing Time	Power	Weight
	(L*W*H)	(L*W)	(min)	(KW)	(KG)
AS-6-0.8	6.5X1.72X2.1	6X0.8	3-20min	6KW	3000kg
AS-9-0.8	9.5X1.72X2.1	9X0.8	3-40min	8KW	3500kg

AS-14-0.8	14.5X1.72 X2.1	14X0.8	3-65min	12KW	5000kg
AS-6-1.25	6.5X2.17X 2.1	6X1.25	3-20min	7KW	3500kg
AS-9-1.25	9.5X2.17X 2.1	9X1.25	3-40min	10KW	4500kg
AS-14-1.25	14.5X2.17 X2.1	14X1.25	3-65min	16KW	6500kg
General technical parameters					
Height of feed port from ground	900mm				
Height of frozen product	150mm				
	380V				
Exhaust pipe size	300mm				

Support and Services:

The Quick Tunnel Freezer is a high-quality freezing equipment designed to meet the demands of food processing industries. Our product technical support team is dedicated to providing you with comprehensive and timely assistance to ensure the smooth operation of your equipment. We offer the following services:

Installation and commissioning of the Quick Tunnel Freezer

Onsite training for your personnel on how to operate and maintain the equipment

Regular maintenance and servicing to ensure the optimal performance of the freezer

24/7 technical support to assist you with any issues that may arise

Supply of genuine spare parts to ensure the longevity of your equipment

Our team of experienced technicians and engineers are committed to providing you with the highest level of support and service, so you can focus on your business without worrying about equipment downtime. Contact us for more information on how we can assist you with the Quick Tunnel Freezer.

Packing and Shipping:

Product Packaging:

Quick Tunnel Freezer

User Manual

Warranty Card

Shipping:

Shipping Method: Standard

Estimated Delivery Time: 5-7 business days

Shipping Cost: \$50

Tracking Number: Provided

Product Legend

FAQ:

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What is the capacity of this Quick Tunnel Freezer?

A: The capacity of this Quick Tunnel Freezer varies depending on the model. Please refer to the product specifications for more information.

Q: Can this Quick Tunnel Freezer be used to freeze different types of food?

A: Yes, this Quick Tunnel Freezer can be used to freeze a variety of food products including meat, seafood, vegetables, and baked goods.
