

## Industrial Ceiling Evaporative Air Cooler Evaporator For Walk In Freezer

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO;CCC
- Model Number: DM-DD200
- Minimum Order Quantity: 1 Set
- Price: \$800/Set~\$2000/Set
- Packaging Details: Customized
- Delivery Time: 15-30 work days
- Payment Terms: T/T, L/C
- Supply Ability: 30000Sets/Year

### Product Specification

- Defrost Type: Electric
- Air Flow: 18000CMH
- Fan Motor: Axial Fan
- Wind Flow: 30000m3/h
- Type: Air Cooler
- Capacity: 45.4KW
- Evaporator Type: Finned Tube
- Nmae: Refrigeration Evaporator
- Product Type: Cold Storage (Cold Room)
- Condition: New
- Fan Quantity: 1pcs To 2,3,4 Pcs
- Coil Tube: Copper
- Col: Copper Fin Type Heat Exchanger
- Material Of Fin: Aluminum
- Highlight: industrial cold room evaporator.

## Industrial Ceiling Evaporative Air Cooler Evaporator For Walk In Freezer

### Description:

The refrigeration capacity of this series range from 1.2KW to 80KW, and they are compatible with a variety of refrigerants, including R134a, R404A, R507A, R407C, and R22.

This series offers a diverse range of cooling capacity options to choose from, ensuring that you can find one that best suits your specific needs.

Additionally, the ability to utilize different refrigerants provides increased flexibility and compatibility with various cooling applications.

With this level of adaptability to different refrigerants, this series is a great solution for a variety of industries and settings that require reliable and efficient cooling performance.

### Advantages:

The product has been designed with several important characteristics to make it a highly efficient and effective option for your needs.

- **Scientific Structure:** The product has a scientific structure that has been designed to ensure optimum performance.
- **Highly Efficient:** The product is highly efficient and will ensure that it functions optimally at all times.
- **Frost Evenly:** The product has been designed to ensure that frost is evenly spread across the surface, making it highly effective.
- **Cooling capacity:** The cooling capacity of the air cooler with the same fin area using the inner threaded copper tube is 1.4~1.5 times larger than that of the light tube

Specially designed for preservation, freezing and refrigeration; The shell is made of high-quality steel plate, the surface is sprayed, corrosion-resistant and beautiful in appearance

### Technical Parameters:

DD Type ceiling air cooler technical parameters (DD200)		
NUMBER	Item	Parameter
1	Refrigerating capacity	37200W
2	Nominal area	200
3	Volume	32.2L
4	Fan Number	4
5	Fan diameter	500mm
6	Air Volume	24000m³/h

### Applications:

They are suitable for commercial refrigeration, freezing and cold storage equipment in supermarkets. These units are perfect for maintaining cool temperatures in large spaces and can be used in conjunction with a variety of cooling systems.

They are especially useful in commercial settings where large amounts of temperature-sensitive products need to be kept chilled for extended periods of time.

With their versatility and durability, these refrigeration units are an essential component for any business in need of reliable cooling equipment.

This product is also known as Air Cooled Evaporator or Commercial Evaporative Air Cooler.

### Support and Services:

Our Cold Room Evaporator product comes with comprehensive technical support and services to ensure optimal performance and longevity.

Our team of experts is always available to provide assistance with installation, maintenance, and troubleshooting. We also offer regular maintenance services to keep your cold room evaporator running smoothly and to prevent any potential issues.

In addition, we provide training and educational resources to help you better understand and utilize your cold room evaporator. With our technical support and services, you can trust that your cold room evaporator will operate at optimal efficiency and reliability.

### Packing and Shipping:

- The cold room evaporator is carefully packaged in a sturdy wooden case.
- The package also includes installation instructions and necessary hardware.

- The cold room evaporator will be transported by sea
- Shipping is available to most locations worldwide.
- The estimated delivery time will vary depending on the destination, but typically ranges from 7~15 business days.

## FAQ:

**Q1: What is the MAQ for this Cold Room Evaporator and what is the price range?**

A1: The MAQ for this product is 1 SET and the price range is between \$800 and \$10000. The exact price will depend on the specific customization options required.

**Q2: What are the packaging details for this Cold Room Evaporator?**

A2: The packaging details for this product are customizable according to your specific requirements.

**Q3: What is the delivery time for this Cold Room Evaporator?**

A3: The delivery time for this product is 20 days.

**Q4: What are the payment terms for this Cold Room Evaporator?**

A4: The payment terms for this product are TT and L/C.
