

## Industrial Ceiling DL Series Fresh-Keeping Air Cooler Evaporator For Walk In Freezer

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO;CCC
- Model Number: DM-DL210
- Minimum Order Quantity: 1Set
- Price: \$800/Set~\$2000/Set
- Packaging Details: Customized
- Delivery Time: 15-30 work days
- Payment Terms: T/T, L/C
- Supply Ability: 30000Sets/Year

### Product Specification

- Defrost Type: Electric
- Air Flow: 18000CMH
- Fan Motor: Axial Fan
- Wind Flow: 30000m3/h
- Type: Air Cooler
- Capacity: 42.9KW
- Evaporator Type: Finned Tube
- Nmae: Refrigeration Evaporator
- Product Type: Cold Storage (Cold Room)
- Condition: New
- Fan Quantity: 1pcs To 2,3,4 Pcs
- Coil Tube: Copper
- Col: Copper Fin Type Heat Exchanger
- Material Of Fin: Aluminum
- Highlight: industrial cold room evaporator.

## Industrial Ceiling DL Series Fresh-Keeping Air Cooler Evaporator For Walk In Freezer

### Description:

DL series air cooler is a kind of cooling and cooling equipment suitable for the fresh storage of about 0 . It has the advantages of compact structure, light weight, not occupying the use area of the cold storage, uniform temperature of the storage, etc., which greatly improves the freshness of food in the storage

DL series is a kind of storage cooling equipment used in freon refrigeration units, which is mainly suitable for fresh storage at about 0

In addition, due to its ability to adapt to a variety of refrigerants, the product's flexibility and compatibility are greatly improved when dealing with a variety of refrigeration needs. Because this series of products has such excellent adaptability to different refrigerants, it is an excellent solution for all walks of life and different application scenarios that require reliable and efficient refrigeration performance.

### Advantages:

The product has been designed with several important characteristics to make it a highly efficient and effective option for your needs.

- **Scientific Structure:** The product has a scientific structure that has been designed to ensure optimum performance.
- **Highly Efficient:** The product is highly efficient and the cooling effect is usually perfect
- **Cooling capacity:** The cooling capacity of the air cooler with the same fin area using the inner threaded copper tube is 1.4~1.5 times larger than that of the light tube
- **Reasonable design:** The cooling fan has a reasonable design width, and the spacing between the fan blades and the aluminum fins is greater than 1/3 of the fan blade diameter to ensure sufficient effective air volume.

### Technical Parameters:

DD Type ceiling air cooler technical parameters (DL210)		
NUMBER	Item	Parameter
1	Refrigerating capacity	42900W
2	Nominal area	210
3	Volume	25.8L
4	Fan Number	4
5	Fan diameter	500mm
6	Air Volume	24000m³/h

### Support and Services:

Our Cold Room Evaporator product comes with comprehensive technical support and services to ensure optimal performance and longevity.

Our team of experts is always available to provide assistance with installation, maintenance, and troubleshooting.

We also offer regular maintenance services to keep your cold room evaporator running smoothly and to prevent any potential issues.

In addition, we provide training and educational resources to help you better understand and utilize your cold room evaporator. With our technical support and services, you can trust that your cold room evaporator will operate at optimal efficiency and reliability.

### Packing and Shipping:

- The cold room evaporator is carefully packaged in a sturdy wooden case.
- The package also includes installation instructions and necessary hardware.
- The cold room evaporator will be transported by sea
- Shipping is available to most locations worldwide.
- The estimated delivery time will vary depending on the destination, but typically ranges from 7~15 business days.

### FAQ:

**Q1: What is the MAQ for this Cold Room Evaporator and what is the price range?**

A1: The MAQ for this product is 1 SET and the price range is between \$800 and \$10000. The exact price will depend on the specific customization options required.

**Q2: What are the packaging details for this Cold Room Evaporator?**

A2: The packaging details for this product are customizable according to your specific requirements.

**Q3: What is the delivery time for this Cold Room Evaporator?**

A3: The delivery time for this product is 20 days.

**Q4: What are the payment terms for this Cold Room Evaporator?**

A4: The payment terms for this product are TT and L/C.
