

Industrial Ceiling DL Series Stainless Steel Air Cooler Evaporator For Walk In Freezer

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO;CCC
- Model Number: DM-DL160
- Minimum Order Quantity: 1Set
- Price: \$800/Set~\$2000/Set
- Packaging Details: Customized
- Delivery Time: 15-30 work days
- Payment Terms: T/T, L/C
- Supply Ability: 30000Sets/Year

Product Specification

- Defrost Type: Electric
- Air Flow: 18000CMH
- Fan Motor: Axial Fan
- Wind Flow: 18000m3/h
- Type: Air Cooler
- Capacity: 32.8KW
- Evaporator Type: Finned Tube
- Nmae: Refrigeration Evaporator
- Product Type: Cold Storage (Cold Room)
- Condition: New
- Fan Quantity: 1pcs To 2,3,4 Pcs
- Coil Tube: Copper
- Col: Copper Fin Type Heat Exchanger
- Material Of Fin: Aluminum
- Highlight: industrial cold room evaporator.

Industrial Ceiling DL Series Stainless Steel Air Cooler Evaporator For Walk In Freezer

Description:

Product Usage D-type series air coolers can be matched with compressor units of different cooling capacity and used in cold storages with different storage temperatures. As refrigeration equipment, the DL type is suitable for cold storage with a storage temperature of about 0 ° C, such as a cold storage for storing fresh eggs or vegetables; DD type is suitable for a cold storage with a storage temperature of about -18° C, as meat, fish and other frozen food. Type D is suitable for cold storage with a storage temperature of -25°C, as a quick-freezing of meat or fresh fish products or prepared foods.

DL series is a kind of storage cooling equipment used in freon refrigeration units, which is mainly suitable for fresh storage at about 0

In addition, due to its ability to adapt to a variety of refrigerants, the product's flexibility and compatibility are greatly improved when dealing with a variety of refrigeration needs. Because this series of products has such excellent adaptability to different refrigerants, it is an excellent solution for all walks of life and different application scenarios that require reliable and efficient refrigeration performance.

Product features:

1. The shell adopts the spraying process or the embossed aluminum plate and the surface is sprayed with plastic, which has strong corrosion resistance and beautiful appearance.
2. The coils are arranged in a novel way to reduce the wind resistance. After the sheet is covered, the aluminum fins are tightly wrapped on the copper tubes through the hydraulic expansion tube to reduce the contact thermal resistance and improve the heat transfer efficiency.

Technical Parameters:

DD Type ceiling air cooler technical parameters (DL160)		
NUMBER	Item	Parameter
1	Refrigerating capacity	32800W
2	Nominal area	160
3	Volume	19.6L
4	Fan Number	3
5	Fan diameter	500mm
6	Air Volume	18000m³/h

Support and Services:

Our Cold Room Evaporator product comes with comprehensive technical support and services to ensure optimal performance and longevity.

Our team of experts is always available to provide assistance with installation, maintenance, and troubleshooting.

We also offer regular maintenance services to keep your cold room evaporator running smoothly and to prevent any potential issues.

In addition, we provide training and educational resources to help you better understand and utilize your cold room evaporator. With our technical support and services, you can trust that your cold room evaporator will operate at optimal efficiency and reliability.

Packing and Shipping:

- The cold room evaporator is carefully packaged in a sturdy wooden case.
- The package also includes installation instructions and necessary hardware.
- The cold room evaporator will be transported by sea
- Shipping is available to most locations worldwide.
- The estimated delivery time will vary depending on the destination, but typically ranges from 7~15 business days.

FAQ:

Q: Where is the cold room evaporator manufactured?

A: The cold room evaporator is manufactured in China.

Q: What certifications does the cold room evaporator have?

A: The cold room evaporator is CE and ISO certified.

Q: What is the minimum order quantity for the cold room evaporator?

A: The minimum order quantity for the cold room evaporator is 1.
