

Blast Freezer Air Cooler Condenser with Dryer Included and Bracket Included walk in cooler

Basic Information

Place of Origin: China
Brand Name: Damai
Certification: CE;ISO
Model Number: DM-FNH

 Minimum Order Quantity:

Price: \$200~\$100000
Packaging Details: Wooden Case
Delivery Time: 30 Work Days
Payment Terms: T/T;L/C

• Supply Ability: 1000000pcs/year

Product Specification

Compressor Type: ScrollWarranty: 1 Year

Cooling Capacity: Depends On Size And Material
 Certifications: ISO9001, ISO14001, CE, UL

• Voltage: 220-240V/380-415V

• Tube Pitch: 1.25-1.5 Times Tube Diameter

• Dryer Included: Yes

Application: Condenser Unit

Highlight: ce air cooler condenser, ul air cooler condenser

, ce air cooling condenser

Product Description:

The Air-Cooled condenser is a type of radiator that is commonly used with cooling equipment. This type of condenser comes in three varieties, including H, V, and U. The H type is designed for side blowing, while the V and U types are used for roof blowing.

The Air-Cooled condenser has a well-designed structure and can be easily used with various types of compressors due to its good interchangeability. Additionally, there are two types of fins available, window fin and honeycomb fin, which can be matched with different customer requirements.

Applications:

Refrigeration units utilize condensers extensively, making them a key component in various cold storage facilities.

 $Condensers\ play\ a\ significant\ role\ in\ the\ refrigeration\ process,\ facilitating\ heat\ exchange\ to\ cool\ and\ condense\ refrigerant\ vapors.$

The use of condensers is widespread in the cold storage industry, where they help maintain optimal temperatures for storage of perishable items such as food and medicine.

Customization:

The cooling capacity of the Air Conditioner Condenser Evaporator depends on the size and material, and the compressor type is a Scroll. It is also equipped with a Receiver Drier for added convenience. Lastly, our Air Cooled Condenser is perfect for use in a Blast Freezer.

Support and Services:

The Air Cooler Condenser product comes with a comprehensive technical support and services package to ensure optimal performance and longevity of the product. Our experienced technicians are available to provide assistance with installation, maintenance, and troubleshooting. In addition, we offer regular maintenance and cleaning services to prevent any potential issues and prolong the lifespan of the product. Our support team can also provide recommendations for replacement parts or upgrades as needed. Contact us for more information on our technical support and services for the Air Cooler Condenser product.
