

## Customization and Portability Damai Compressor 1500W for Your Business Success

### Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Damai
- Certification: CE
- Model Number: DM-YSJ
- Minimum Order Quantity: 1
- Packaging Details: Customized according to customers
- Delivery Time: 15 work day
- Payment Terms: L/C, T/T

#### Product Specification

- Power Source: Electric
- Power: 1500W
- Color: Customization
- Capacity: 20L
- Warranty: 1 Year
- Frequency: 50Hz/60Hz
- Voltage: 380V/220V
- Dimensions: 50x30x40cm
- Highlight: **Portability Damai Compressor,  
Customization Damai Compressor,  
1500W Damai Compressor**

## Product Description

### Product Description:

The compressor has a frequency of 50Hz/60Hz, which means that it can be used in most countries around the world without any issues. This makes it an ideal choice for those who travel frequently and need a compressor that can keep up with their needs no matter where they go. Additionally, the Damai Compressor has a voltage of 380V/220V, which means that it can be used in most electrical systems without any modifications.

The Damai Compressor is a model of piston compressor, which is known for its reliability and efficiency. The piston compressor engine is designed to deliver high-quality compressed air consistently, making it an ideal choice for those who need compressed air for extended periods without any interruptions. Additionally, the piston compressor engine is designed to be low-maintenance, which means that you can enjoy years of trouble-free use without having to worry about costly repairs or replacements.

### Features:

Product Name: Damai Compressor

This Damai Compressor is a portable compressor system that is perfect for walk in freezer Air Compressor. With a frequency of 50Hz/60Hz and a power of 500KW, it can handle heavy-duty tasks with ease. The compressor is also lightweight, weighing only 75kg, and has a compact size of 50x30x40cm, making it easy to transport and store.

### Technical Parameters:

Compressor type	Nominal motor power HP/KW	Displacement (50Hz)m³/h		Number of Cylinder x Diameter x Stroke (mm)	Aspirator, exhaust valve take-over		Oil injection volume (L)	Power supply V/Ø/Hz	Electrical parameter		Crane case Heat (220) W	Oil supply method	Weight (including freezing oil) Kg
		Low Pressure	High Pressure		DL	SL			Max operating current (A)	Starting current / Motor locked current (A)			
6H-25.2	25/18.5		110.5	6xØ70x55	Ø35 1-3/8"	Ø54 2-1/8"	4.75		45	147/262	140		237

### Applications:

One key application for the Damai Compressor is in the creation of compressor tubes. Whether you're producing air conditioning units, refrigerators, or other cooling systems, the DM-YSJ is the perfect solution for compressing air and other gases to the required pressure. With 380V/220V voltage and a powerful motor, this compressor ensures that your tubes are produced quickly and efficiently, with minimal downtime.

Another key application for the Damai Compressor is in cold room compressors. When it comes to storing perishable goods, maintaining a consistent temperature is essential for ensuring product quality and safety. The DM-YSJ is perfect for powering your cold room compressor, with its high capacity and reliable performance ensuring that your products stay fresh and cool at all times. Finally, the Damai Compressor is also a great solution for inflation compressors.

### Support and Services:

The Damai Compressor product is backed by comprehensive technical support and services to ensure optimal performance and minimize downtime. Our team of experienced technicians is available to provide assistance with installation, setup, maintenance, and troubleshooting. We also offer training programs to help users get the most out of their compressors and ensure safe operation. In addition, we provide a range of after-sales services, including spare parts, repairs, and on-site support. Our goal is to provide our customers with reliable and efficient solutions that meet their unique needs.

### Packing :

The Damai Compressor will be carefully packaged in a sturdy wooden box to ensure safe delivery. The product will be secured with foam inserts to prevent any damage during transit.
