

Optimize Your Production with Customized Damai Compressor 75kg Weight 1500W Power

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: Damai
- Certification: CE
- Model Number: DM-YSJ
- Minimum Order Quantity: 1
- Packaging Details: Customized according to customers
- Delivery Time: 15 work day
- Payment Terms: L/C, T/T

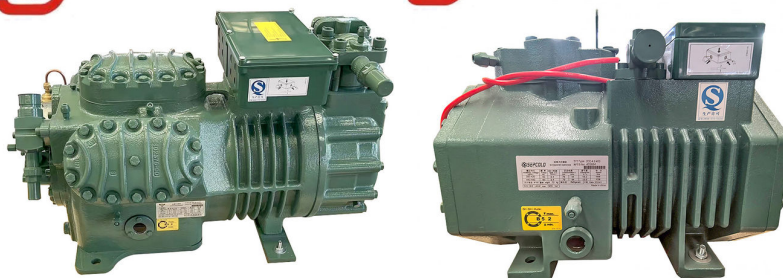

Product Specification

- Type: Portable
- Dimensions: 50x30x40cm
- Warranty: 1 Year
- Power: 1500W
- Model: Compressor
- Frequency: 50Hz/60Hz
- Power Source: Electric
- Color: Customization
- Highlight: **75kg Damai Compressor,
Customized Damai Compressor,
1500W Damai Compressor**

Product Description

Product Description:

With a voltage of 380V/220V, the Damai Compressor is capable of handling heavy-duty tasks with ease. It comes with a power source that can be easily connected to your electric supply, allowing you to power up your compressor quickly and efficiently. Measuring at 50x30x40cm, this air compressor is compact and space efficient. It is designed to fit into tight spaces while still providing enough power to get the job done. It is perfect for use in small workshops or factories where space is at a premium.

The Damai Compressor is built to last, and that is why it comes with a 1-year warranty. You can rest assured that your investment is protected, and that you will have access to the support you need should anything go wrong. Despite its power, the Damai Compressor is surprisingly lightweight. Weighing in at only 75kg, it is easy to move around your workshop or factory floor as needed.

Overall, the Damai Compressor is an excellent choice for anyone in need of an industrial air compressor. Its versatility, power, and compact size make it the perfect solution for a wide range of applications.

Technical Parameters:

| Compressor type | Nominal motor power HP/KW | Displacement (50Hz)m³/h | | Number of Cylinder Diameter x Stroke (mm) | Aspirator, exhaust valve take-over | | Oil injection volume (L) | Power supply V/Ø/Hz | Electrical parameter | | Crankcase Heater (220V) W | Oil supply method | Weight (including freezing oil) Kg |
|-----------------|---------------------------|-------------------------|---------------|--|------------------------------------|------------|--------------------------|---------------------|---------------------------|----------------------|---------------------------|--------------------|------------------------------------|
| | | Low Pressure | High Pressure | | DL | SL | | | Max operating current (A) | Starting current (A) | | | |
| 6H-25.2 | 25/18.5 | | 110.5 | 6xΦ70x55 | Ø35 1-3/8" | Ø54 2-1/8" | 4.75 | | 45 | 147/262 | 140 | | 237 |
| 6H-35.2 | 35/25.5 | | 110.5 | 6xΦ70x55 | Ø35 1-3/8" | Ø54 2-1/8" | 4.75 | 380 ~ 420 | 62 | 116/193 | 140 | | 248 |
| 6G-30.2 | 30/22 | | 126.8 | 6xΦ75x55 | Ø35 1-3/8" | Ø54 2-1/8" | 4.75 | YY /3/50 | 53 | 135/220 | 140 | Forced-lubrication | 241 |
| 6G-40.2 | 40/30 | | 126.8 | 6xΦ75x55 | Ø35 1-3/8" | Ø54 2-1/8" | 4.75 | ~ 480 YY | 78 | 180/323 | 140 | | 247 |

| 6F-50.2 | 50/37 | | 151.6 | 6xΦ82x55 | Ø42 1-5/8" | Ø54 2-1/8" | 4.75 | | 92 | 226/404 | 140 | | 248 |

Application:

The Damai Compressor is an air compressor head that is ideal for a variety of occasions and scenarios. Its compact size makes it perfect for use in small spaces where a larger compressor would not fit. This compressor is perfect for use in home workshops, small garages, and even for DIY projects.

The piston compressor in the Damai Compressor is perfect for a variety of applications. It is perfect for use in airbrushing, painting, and even for inflating tires. The compressor is also great for use in powering pneumatic tools such as nail guns, staplers, and Sanders.

The Damai Compressor is also perfect for use in commercial settings. It can be used in small factories, auto repair shops, and even in large industrial settings. The compressor is versatile and can be used for a variety of tasks, from powering machinery to inflating tires. Overall, the Damai Compressor is a versatile piece of equipment that is perfect for a variety of applications. Its compact size and customizable color make it perfect for use in small spaces, while its piston compressor makes it perfect for a variety of tasks. Whether you are a DIY enthusiast or a professional mechanic, the Damai Compressor is a great investment that will serve you well for years to come.

FAQ:

Q: What is the brand name of the compressor?

A: The brand name is Damai.

Q: What is the model number of the compressor?

A: The model number is DM-YSJ.

Q: Where is the compressor manufactured?

A: The compressor is manufactured in China.

Q: What is the weight of the compressor?

A: The weight of the compressor is 25 kilograms.

Q: What is the maximum pressure of the compressor?

A: The maximum pressure of the compressor is 8 bar.
