

Commercial and Industrial Grade Refrigeration Air Cooled Condenser with 380V Voltage

Basic Information

Place of Origin: China
Brand Name: Damai
Certification: CE;ISO
Model Number: DM-FNU

 Minimum Order Quantity:

Price: \$200~\$100000
Packaging Details: Wooden Case
Delivery Time: 15 Work Days

• Payment Terms: T/T

• Supply Ability: 1000000pcs/year

Product Specification

• Voltage: 380V

• Type: Air-Cooled

Keyword: Blast Freezer CondenserApplication: Commercial/Industrial

Motor Type: Direct Drive

• Origin: China

Highlight: industrial grade refrigeration air cooled

condenser

, industrial refrigeration air cooled condenser, industrial air cooled condenser in refrigeration

Product Description:

An Air-Cooled Condenser is a type of cooling facility that is paired with cooling equipment. There are three different types available: H, V, and U. H-type is designed for side blowing, while V and U types are meant for roof blowing.

This type of condenser has a reasonable structure and good interchangeability, which allows it to be equipped with different kinds of compressors, depending on the needs of the customer. In addition, it has both window fin and honeycomb fin options, so it can be tailored to meet the specific requirements of individual customers.

Features:

The Air-Cooled Condenser is a type of cooling system that is equipped with radiating facilities. This type of cooling system comes in three varieties: H, V, and U. The H type is oriented for side blowing, whereas both the V and Utypes are suited for roof blowing. Additionally, the Air-Cooled Condenser boasts a sensible structure with great interchangeability, which makes it possible to pair it with various types of compressors.

Lastly, there are two types of fins available, namely: window fin and honeycomb fin, which can cater to the requirements of diverse customers.

Applications:

The Damai DM-FNN Air Cooler Condenser is made in China with high-quality materials, and is certified with both CE and ISO. It has a _ minimum order quantity of 1 and a price range of \$200 to \$100,000. The packaging details include a sturdy wooden case to ensure safe delivery. The delivery time is 15 work days, and payment terms are T/T. With a supply ability of 1,000,000pcs/year, you can be sure that you won't run out of options when it comes to purchasing this product.

This product is perfect for a variety of applications and scenarios. It can be used in commercial spaces such as factories, warehouses, and supermarkets, as well as in residential areas such as homes and apartments. Its versatility makes it a great choice for anyone in need of a reliable air cooler condenser.

So why wait? Contact us today to place your order for the Air Cooler Condenser and experience the benefits of reliable, efficient cooling in your space.

Customization:

Order as little as 1_unit_at_a price_range of \$200 to \$100,000. The product will be delivered in a wooden case within 15_working days... - Choose Damai for a high-quality Steam Condenser, Air Conditioner Condenser Evaporator, manufactured with the utmost care and attention to detail.

Origin: China

Support and Services:

The Air Cooler Condenser product is designed to provide efficient cooling for various industrial applications. Our technical support team is available to provide assistance with product installation, operation, and maintenance.

We also offer services such as repair and replacement of parts, optimization of performance, and customized solutions to meet specific customer requirements.

Our team of experienced engineers and technicians are dedicated to ensuring the highest level of customer satisfaction, and we strive to

provide timely and effective solutions to any technical issues that may arise.

Packing and Shipping:

Product Packaging:

The air cooler condenser will be packed in a sturdy cardboard box.

The box will be sealed with tape to ensure the product's safety during shipping.

Inside the box, the air cooler condenser will be wrapped in bubble wrap to prevent any damage during transportation.

The product manual and warranty information will also be included in the packaging.

Shipping:

The air cooler condenser will be shipped via a reputable courier service.

Customers will receive a tracking number once the product has been shipped.

Delivery times may vary depending on the shipping destination.

Customers are advised to inspect the product upon delivery for any damage.

If the product is found to be damaged, customers should contact our customer service team immediately for assistance.
