

Industrial 0 celsius Degree CAREL Commercial Refrigeration Condensing Unit for Cooling Needs

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-UNIT-L
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

DAMAI COLD CHAIN EQUIPMENT

Product Specification

- Controller Brand: CAREL
- Compressor Type: Semi Hermetic Piston
- Fans Species: Frequency Fan
- Cooling Capacity: 5kw-1000kw
- Model No: MT-HSN15EL
- Suitable For: Supermarket, Food Storage,Cold Room
- Controller Type: Microprocessor
- Condenser: Air-cooled Condenser
- Highlight: industrial horizontal condensing unit,
industrial refrigeration condensing unit,
5kw horizontal condensing unit

Product Description

Product Description:

This means you can choose the perfect unit for your specific needs. Whether you're cooling a small storage room or a large supermarket, we have a unit that will do the job.

One of the key features of our condensing units is their air-cooled design. This makes them easy to install and operate, with no need for additional water or refrigerant lines. Additionally, our units are designed to withstand harsh conditions, ensuring long-lasting performance. Our condensing units also feature frequency fans, which provide enhanced efficiency and reduce energy consumption. With a frequency of 50Hz, our units are designed to deliver reliable and consistent performance, even in demanding environments. Whether you're looking for Condensing Unit Parts or a complete Air Cooled Condensing Unit, we have everything you need to keep your space cool and comfortable. With our wide range of options, you can choose the perfect unit for your specific needs. So why wait? Browse our selection today and find the perfect Cold Room Condensing Unit for your space!

item	value
Condition	New
Applicable Industries	Building Material Shops, Manufacturing Plant, Food & Beverage Factory, Food Shop, Construction works, Energy & Mining, Food & Beverage Shops, Other
Weight (KG)	65
Showroom Location	Viet Nam
Video outgoing-inspection	Provided
Machinery Test Report	Provided
Marketing Type	New Product 2025
Place of Origin	China
Type	Refrigeration Compressor
Application	Refrigeration Parts
Warranty	1 Year
Product name	Condensing Unit
Refrigerant	R404A.R134a.R507
Description	Cold Storage Refrigeration System
MOQ	1 Set
Keywords	Customized and Low Noise With Cheaper Price

Features:

There are various benefits of using Semi-hermetic Compressor Condensing Unit for Cold Room. One of the major advantages is its compact structure. This makes it easier to install and maintain the unit, even in limited spaces.

The unit is also equipped with complete protective devices, which can enhance its durability and reliability. With increased condenser capacity, the compressor ensures good heat dissipation, which further improves its performance. This increased cooling capacity can keep the cold room at a constant temperature for an extended period.

One of the attractive features of the Semi-hermetic Compressor Condensing Unit is that it can save up to 30% of an electricity bill. This energy-saving characteristic makes it an economical option for users who want to reduce their expenses while running the cold room. In addition to its excellent performance, the Semi-hermetic Compressor Condensing Unit produces low noise levels during operation. This means that the compressor will not cause any disturbances for users, and they can work in a relatively peaceful environment. Finally, this compressor unit is designed with brand accessories and parts, which ensures that the entire system is reliable and highly efficient. This guarantees that the unit will continue to work optimally for an extended time.

Applications:

The DM-UNIT-L is a reliable and efficient product that is certified with CE and ISO, ensuring that it meets high-quality standards. It is available for purchase with a minimum order quantity of 1 unit at a price range of \$2000 to \$100000. The product is packaged in a wooden case, and delivery time is estimated to be 30 work days after payment is made through T/T.

The DM-UNIT-L is a versatile product that can be used in various scenarios, including in the food and beverage industry, pharmaceuticals, and chemical industry. It is ideal for use in freezer rooms and refrigerated warehouses, ensuring that products are kept at the right temperature for preservation.

The DM-UNIT-L is easy to install and comes with all the necessary condensing unit parts. It is capable of operating on a voltage of 380V/ 3p/ 50Hz, 220V/ 3p/ 60Hz, and 380V/ 3p/ 60Hz. The product has a high supply ability of 1000000pcs/year, making it readily available for purchase.

The DM-UNIT-L is not a mute product, and as such, it is recommended that it is installed in a location where noise will not be an issue. It is a robust product that is built to last and withstand harsh conditions. Its high-quality features and reliable performance make it an excellent choice for anyone in need of a freezer room condensing unit.

Support and Services:

Our Condensing Unit product comes with technical support and services to ensure its efficient and reliable performance. Our team of experts is available to assist with installation, maintenance, and troubleshooting. We offer remote technical assistance as well as on-site support, depending on your needs. Our services include:

Installation guidance and support

Regular maintenance and inspection

Repair and replacement of parts

Technical troubleshooting and support

Training and education on proper use and maintenance

We are committed to providing quality support and services to ensure your Condensing Unit product operates optimally and meets your expectations.

FAQ:

Q: What is the brand name of the condensing unit?

A: The brand name of the condensing unit is DM.

Q: Where is the condensing unit manufactured?

A: The condensing unit is manufactured in China.

Q: What is the minimum order quantity for the condensing unit?

A: The minimum order quantity for the condensing unit is 1.

Q: What is the price range for the condensing unit?

A: The price range for the condensing unit is between \$2000 and \$100000.

Q: What are the packaging details for the condensing unit?

A: The condensing unit is packaged in a wooden case.

Q: What is the delivery time for the condensing unit?
A: The delivery time for the condensing unit is 30 work days.
Q: What are the payment terms for the condensing unit?
A: The payment terms for the condensing unit are T/T.
Q: What is the supply ability for the condensing unit?
A: The supply ability for the condensing unit is 1000000pcs/year.
