

## Semi Hermetic Piston Compressor Type Condensing Unit Noiseless For Supermarket

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-UNIT-L
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden case
- Delivery Time: 30 Work days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

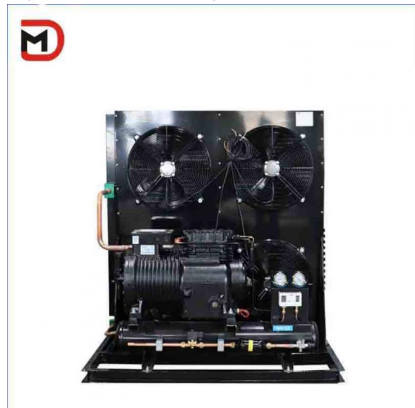

### Product Specification

- Evaporating Temp: -35~-23celsius Degree
- Mute: No
- Cooling Capacity: 5kw-1000kw
- Frequency: 60Hz
- Controller Brand: CAREL
- Condenser: Air-cooled Condenser
- Model No: MT-HSN15EL
- Voltage: 380V/ 3p/ 50Hz, 220V/ 3p/ 60Hz, 380V/ 3p/ 60Hz
- Highlight: **Piston Compressor Condensing Unit, Supermarket Condensing Unit**

## Product Description

### Product Description:

The Frequency Fan ensures that the unit operates quietly and efficiently, making it perfect for use in various settings. Whether it's for a supermarket, food storage, or cold room, this Commercial Refrigeration Condensing Unit can handle it all.

With a condensing temperature range of 0~10c and -15~-25c, this unit can adapt to different temperature requirements, making it ideal for various applications. It also features an air-cooled condenser, which guarantees efficient heat transfer and ensures that the unit operates at an optimum level.

Investing in our Air Cooled Condensing Units means getting a high-quality product that can withstand the test of time. It's built to last and withstands heavy usage, making it a reliable choice for commercial refrigeration needs.

### Features:

Advantages of Semi-hermetic Compressor Condensing Unit for Cold Room

Item	value
Condition	New
Applicable Industries	Building Material Shops, Manufacturing Plant, Food & Beverage Factory, Food Shop, Construction works, Energy & Mining, Food & Beverage Shops, Other
Weight (KG)	65
Showroom Location	Viet Nam
Video outgoing-inspection	Provided
Machinery Test Report	Provided
Marketing Type	New Product 2025
Place of Origin	China
Type	Refrigeration Compressor
Application	Refrigeration Parts
Warranty	1 Year
Product name	Condensing Unit

Refrigerant	R404A.R134a.R507
Description	Cold Storage Refrigeration System
MOQ	1 Set
Keywords	Customized and Low Noise With Cheaper Price

The Semi-hermetic Compressor Condensing Unit offers numerous advantages for cold room applications. Not only does it have a compact structure, but it also has complete protective devices to ensure the safety and reliability of the unit. The unit features an increased condenser, providing improved heat dissipation. This helps to maintain good cooling effect for a longer period of time and ensures that the cold room is always at the desired temperature. Another significant advantage of using a Semi-hermetic Compressor Condensing Unit is the potential for saving up to 30% on electricity bills. With energy efficiency becoming increasingly important, this unit can help businesses reduce costs and improve sustainability. In addition to these benefits, the unit is also low noise, making it ideal for use in areas where noise levels must be kept to a minimum. Finally, the unit is designed using brand accessories and parts, which guarantees high quality and reliable performance.

## Applications:

The DM-UNIT-L Condensing Unit is equipped with a CAREL controller brand, providing intelligent and precise temperature control. It is a powerful and reliable product with a HIGHLY Rotor Inverter Compressor, a semi-hermetic piston compressor type, and no mute function. This product is suitable for various applications, including cold room condensing units, commercial refrigeration condensing units, and freezer room condensing units.

The Cold Room Condensing Unit is ideal for refrigerating large spaces such as supermarkets and food storage facilities. It is designed to maintain a consistent temperature and humidity level, ensuring that the stored products remain fresh and safe for consumption. The Commercial Refrigeration Condensing Unit is perfect for use in commercial kitchens, restaurants, and other food service establishments. It can help keep food and beverages at the optimal temperature for serving. The Freezer Room Condensing Unit is specifically designed for use in freezer rooms, ensuring that the temperature remains constant even in extremely cold environments.

## Support and Services:

The Condensing Unit product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experts is available to assist with installation, maintenance, and troubleshooting of our units to minimize downtime and maximize efficiency. We offer warranty and repair services to address any product defects or issues that may arise. Additionally, we provide training and educational resources to help customers make the most of our products. Contact us for more information on our technical support and services.

## FAQ:

**Q1: What is the brand name of the Condensing Unit product?**

A1: The brand name of the Condensing Unit product is DM.

**Q3: Where is the Condensing Unit product manufactured?**

A3: The Condensing Unit product is manufactured in China.

**Q6: What is the packaging and delivery time for the Condensing Unit product?**

A6: The Condensing Unit product is packaged in wooden cases and has a delivery time of 30 work days.

**Q7: What are the payment terms and supply ability for the Condensing Unit product?**

A7: The payment terms for the Condensing Unit product are T/T. The supply ability is 1000000pcs/year.
