

2-6 380V/220V Direct Drive Air Cooler Condenser for cold room walk in freezer room

Basic Information

Place of Origin: China Brand Name: Damai

Certification: CE

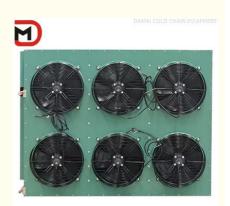

Model Number: DM-FNN

Minimum Order
 Quantity:

Price: \$200~\$100000
Packaging Details: Wooden Case
Delivery Time: 15 Work Days

• Payment Terms: T/T

• Supply Ability: 1000000pcs/year

Product Specification

Number Of Fans: 2-6Origin: China

Keyword: Blast Freezer Condenser

• Voltage: 380V/220V

Application: Commercial/Industrial

Cooling Method: Air Cooling
 Type: Air-Cooled
 Motor Type: Direct Drive

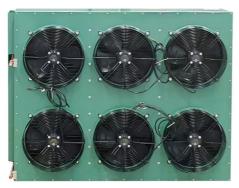

• Highlight: 220V Air Cooler Condenser,

2-6 Air Cooler Condenser, 380V Air Cooler Condenser

Product Description:

The Air-Cooled condenser is an essential component that is used to cool down cooling equipment. There exist three different types of condensers for customers to choose from. These include H, V, and U types. H type is designed to accept side-blowing, whereas V and U types support roof-blowing.

One of the most important features of the Air-Cooled condenser is its reasonable structure and good interchangeability. This means that it can easily work with different compressors and offer versatile solutions depending on the needs of customers.

The design of this condenser also allows it to meet the needs of different customers. The window fin is one such design choice that is available. This means that users can choose the fin that best suits their specific needs.

Technical Parameters:

Applications:

With a minimum order quantity of,making.it affordable for businesses of all sizes. The packaging details include a wooden case for added protection during transit. The delivery time is only 15 working days, ensuring that you get your product on time. The payment terms are flexible, with T/T being the accepted mode of payment. With a supply ability of 1000000pcs/year, you can be assured that your requirements will be met with ease.

The DM-FNN Air-Cooled Fnh Refrigeration Condenser is ideal for blast freezer applications. With its direct drive motor type and air cooling method, it offers efficient cooling and is easy to maintain. The voltage required is either 380V or 220V, making it compatible with most power sources. This product is an air condenser cooler, making it the perfect choice for those who want to avoid the hassle of water supply and drainage.

Whether you require a Steam Condenser or an Air Cooled Fnh Refrigeration Condenser for Cold Storage, Damai's DM-FNN Air-Cooled Fnh Refrigeration Condenser is the perfect choice. Its efficient cooling and easy maintenance make it a popular choice for businesses of all sizes. So why wait? Get in touch with us today to place your order!

Packing and Shipping:

Product Packaging:

1 Air Cooler Condenser

Shipping:

Ships within 24 hours of purchase

Estimated delivery time: 15-20 business days

International shipping available with additional fees

FAQ:

- Q: What is the model number of the air cooler condenser?
- A: The model number is DM-FNN.
- Q: Where is the air cooler condenser manufactured?
- A: The air cooler condenser is manufactured in China.
- Q: What is the minimum order quantity for the air cooler condenser?
- A: The minimum order quantity is 1.
- Q: What are the packaging details for the air cooler condenser?
- A: The packaging details include wooden case.
- Q: What is the delivery time for the air cooler condenser?
- A: The delivery time is 15 work days.
- Q: What are the payment terms for the air cooler condenser?
- A: The payment terms are T/T.
- Q: What is the supply ability of the air cooler condenser?
- A: The supply ability is 1000000pcs/year.
