

Versatile Air-Cooled Refrigeration Air Cooled Condenser for Different Applications

Basic Information

Place of Origin: China
Brand Name: Damai
Certification: CE
Model Number: DM-FNU

 Minimum Order Quantity:

Price: \$200~\$100000
 Packaging Details: Wooden Case
 Delivery Time: 15 Work Days

• Payment Terms: T/T

• Supply Ability: 1000000pcs/year

Product Specification

Application: Commercial/Industrial

Motor Type: Direct DriveType: Air-CooledOrigin: China

Keyword: Blast Freezer Condenser

Cooling Method: Air Cooling

• Number Of Fans: 2-6

• Voltage: 380V/220V

• Highlight: industrial refrigeration air cooled condenser,

industrial air cooled condenser in refrigeration

Product Description:

Our Blast Freezer Condenser comes equipped with 2-6 fans, depending on the size of your unit, ensuring that your refrigeration system stays cool even in the hottest of environments. The direct drive motor type ensures that the fans operate smoothly and quietly, making it ideal for use in any setting.

This Air Cooled FNU Refrigeration Condenser for Cold Storage is designed to be used in commercial and industrial settings, making it perfect for use in cold storage facilities, supermarkets, and other large commercial spaces. Its powerful cooling capabilities make it ideal for use in blast freezers and other high-temperature environments.

The voltage requirement for this Air Cooler Condenser is 380V/220V, making it suitable for use in a wide range of applications. Whether you need a reliable cooling solution for your commercial kitchen or are looking for a powerful refrigeration system for your industrial facility, our Blast Freezer Condenser has you covered.

In addition to its superior cooling capabilities, this Steam Condenser is also designed to be easy to install and maintain, ensuring that your refrigeration system stays up and running without any downtime. Its compact design makes it easy to fit into almost any space, while its durable construction ensures that it will last for years to come.

Features:

Product Name: Air Cooler Condenser

Voltage: 380V/220V

Keyword: Blast Freezer Condenser Application: Commercial/Industrial Cooling Method: Air Cooling Number Of Fans: 2-6

This Air Condenser Cooler is the perfect solution for commercial and industrial applications. It uses air cooling technology and has 2-6 fans to ensure efficient cooling. With a voltage of 380V/220V, it is suitable for various settings. Its Blast Freezer Condenser feature makes it ideal for use in freezer rooms.

For your information, this product is also known as Air Conditioner Condenser Evaporator or Freezer Room Condensing Unit.

Applications:

The Damai DM-FNU Air Condenser Cooler is a high-quality product designed and manufactured in China. This air cooler condenser is suitable for a wide range of applications and scenarios, making it a versatile and reliable choice for customers around the world. One of the main applications of the Damai DM-FNU Air Cooler Condenser is in air conditioning systems. Whether you are installing a new air conditioning unit or replacing an old one, this product is an excellent choice for ensuring efficient cooling performance. The air conditioner condenser evaporator is designed to work in conjunction with other components to provide reliable and effective cooling for both residential and commercial spaces.

Another common use for the Damai DM-FNU Air Cooler Condenser is in freezer room condensing units. When it comes to blast freezer condenser units, this product is an industry leader due to its superior performance and reliability. With a voltage of 380V/220V, this air cooler condenser is designed to handle the demands of even the most intensive freezing applications.

Thanks to its high-quality construction and reliable performance, the Damai DM-FNU Air Cooler Condenser is suitable for a wide range of other applications as well. Whether you are looking for a condenser for your industrial refrigeration systems or simply need a dependable air cooler for your home or office, this product is an excellent choice.

In conclusion, whether you need a condenser for your air conditioning system, freezer room, or any other application, the Damai DM-FNU Air Cooler Condenser is an excellent choice. With its high-quality construction, reliable performance, and affordable price, this product is sure to meet your needs and exceed your expectations.

Support and Services:

Our Air Cooler Condenser product is designed to provide efficient cooling for a variety of applications. Our technical support team is available to assist with any questions or issues you may have with the product, including installation, maintenance, and troubleshooting. In addition to technical support, we also offer a range of services to ensure the optimal performance and longevity of your Air Cooler Condenser. These services include regular maintenance, cleaning, and repair. Our team of experienced technicians is dedicated to helping you get the most out of your investment in our product.

For more information on our technical support and services, please contact us

FAQ:

- Q: Where is this air cooler condenser made?
- A: This air cooler condenser is made in China.
- Q: What is the minimum order quantity for this air cooler condenser?
- A: The minimum order quantity for this air cooler condenser is 1.
- Q: What are the packaging details for this air cooler condenser?
- A: The packaging details for this air cooler condenser is a wooden case.
- Q: What are the payment terms for this air cooler condenser?
- A: The payment terms for this air cooler condenser is T/T.
- Q: What is the supply ability for this air cooler condenser?
- A: The supply ability for this air cooler condenser is 1000000pcs/year.
