

Power Supply Evaporator In Refrigeration System With High Heat Transfer Air Cooler

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DSL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT, L/C
- Supply Ability: 300000/Year

Product Specification

- Defrosting: Electric Defrosting
- Storage: Low Temperature Storage
- Power Supply: 220V/380V
- Tyoe: Air Cooler
- Dimensions: Custom
- Application: Cold Storage/Cold Room/Freezer Room
- Customized: Acceptable
- Fan Qty: 1pcs To 2,3,4 Pcs
- Highlight: **High Heat Transfer Evaporator,
Power Supply Evaporator,
Refrigeration System Evaporator**

Product Description

Product Description:

Fan Blade: Durable, corrosion-resistant designed for optimal airflow.

Cooling Pads: Cooling pads for effective evaporative cooling.

Airflow Capacity: High airflow to ensure efficient cooling for larger areas.

Control Panel: Manual or digital control panel to adjust fan speed, temperature settings, and water levels.

Air Filter: Filters to clean the air, removing dust and debris.

Exhaust Air Outlet: Adjustable or multi-directional outlets for distributing cool air evenly across a room.

Housing Material: Sturdy, corrosion-resistant plastic or metal casing to protect internal components.

Noise Reduction Design: Design features aimed at minimizing operational noise, for quieter performance.

Applications:

The DM Cold Room Evaporator is ideal for use in cold storage warehouses, food processing facilities, supermarkets, pharmaceutical storage areas, and other spaces requiring controlled temperature conditions. Its high Heat Transfer Efficiency ensures rapid cooling and temperature maintenance, contributing to the preservation of perishable goods and sensitive products.

Payment options such as TT and L/C provide convenience and security in transactions, accommodating different preferences. The Copper Coil Tube construction of the evaporator enhances durability and heat exchange efficiency, contributing to its long-term reliability. The DM Cold Room Evaporator boasts a Supply Ability of 300,000 units per year, indicating consistent availability for ongoing or large-scale cooling projects. Whether in a new facility setup or as a replacement unit, this product in New Condition offers a dependable cooling solution for various applications.

Customization:

Product Customization Services for the Cold Room Evaporator:

Brand Name: DM

Place of Origin: China

Minimum Order Quantity: 1

Price: \$1000-\$100000

Packaging Details: Customization

Delivery Time: 20 days

Heat Transfer Efficiency: High

Customized: Acceptable

Material Of Fin: Material Of Fin

Fan Qty: 1pcs To 2,3,4 Pcs

Support and Services:

- Our Product Technical Support and Services for the Cold Room Evaporator include: -----
- Installation assistance to ensure proper setup and functioning of the evaporator unit.
 - Troubleshooting guidance to address any issues or malfunctions that may arise with the product.
 - Maintenance recommendations to prolong the lifespan and efficiency of the evaporator.
 - Product training for users to understand the features and operation of the Cold Room Evaporator.
 - Warranty services to provide coverage for any defects or damages within the specified warranty period.
