

2-6 Fan Air Cooler Condenser with Air-Cooled Design and 380V/220V Voltage

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: Damai
- Certification: CE;ISO
- Model Number: DM-FNU
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

DAMAI COLD CHAIN EQUIPMENT

Product Specification

- Cooling Method: Air Cooling
- Keyword: Blast Freezer Condenser
- Number Of Fans: 2-6
- Origin: China
- Application: Commercial/Industrial
- Motor Type: Direct Drive
- Type: Air-Cooled
- Voltage: 380V/220V
- Highlight: 380V/220V Air Cooler Condenser,
2-6 Fan Air Cooler Condenser,
Air Cooled Design Air Cooler Condenser

Product Description

Product Description:

The air-cooled condenser plays a crucial role in refrigeration and air conditioning systems by using ambient air to remove heat from the refrigerant. It is a key component widely employed in commercial refrigeration, industrial cooling, and HVAC applications. This condenser is engineered for optimal efficiency and longevity, ensuring dependable performance across different environmental settings. It is designed to efficiently dissipate heat from the refrigerant, thereby facilitating the cooling process effectively.

Features:

No water resource is needed for this system, making it highly adaptable to different environments. Its simple structure allows for easy installation and maintenance.

The energy efficiency of this system is significantly influenced by the ambient temperature. While it has low operating costs, it does have relatively high energy consumption.

This system is best suited for small to medium-sized refrigeration systems. It comes in various structural types, making it suitable for a wide range of applications.

Technical Parameters:

Cooling Method	Air Cooling
Keyword	Blast Freezer Condenser
Motor Type	Direct Drive
Origin	China
Type	Air-Cooled
Voltage	380V/220V
Application	Commercial/Industrial
Number Of Fans	2-6

Applications:

Cold Storage and Freezer Rooms

Cold storage and freezer rooms are essential components in various industries for keeping perishable goods fresh and preventing spoilage. These rooms are designed to maintain specific low temperatures to ensure the quality and longevity of stored items.

Supermarket Refrigeration Systems

Supermarket refrigeration systems play a crucial role in preserving the freshness of produce, dairy products, meat, and other perishable items in retail settings. These systems are designed to efficiently maintain optimum temperatures for different types of goods on display.

Industrial Process Cooling

Industrial process cooling involves the use of specialized systems to control and dissipate heat generated during manufacturing processes. These cooling systems help maintain the ideal operating temperatures for machinery and equipment, ensuring optimal productivity in industrial settings.

Commercial Air Conditioning

Commercial air conditioning systems are essential for maintaining comfortable indoor environments in various commercial spaces such as office buildings, shopping malls, and restaurants. These systems regulate temperature and humidity levels to create a pleasant atmosphere for occupants.

Food Processing and Preservation

Food processing and preservation technologies are crucial for ensuring the safety and quality of food products. Various techniques and equipment are used to process, package, and store food items to extend their shelf life and maintain their nutritional value.

Customization:

Product Customization Services for Air Cooler Condenser:

Brand Name: Damai

Model Number: DM-FNU

Place of Origin: China

Certification: CE;ISO

Minimum Order Quantity: 1

Price: \$200~\$100000

Packaging Details: Wooden Case

Delivery Time: 15 Work Days

Payment Terms: T/T

Supply Ability: 1000000pcs/year

Application: Commercial/Industrial

Keyword: Blast Freezer Condenser

Motor Type: Direct Drive

Cooling Method: Air Cooling

Origin: China
