

Air-Cooled Air Cooler Condenser The Perfect Choice for Air Cooling in Commercial/Industrial Environments

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: Damai
- Certification: CE;ISO
- Model Number: DM-FNU
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

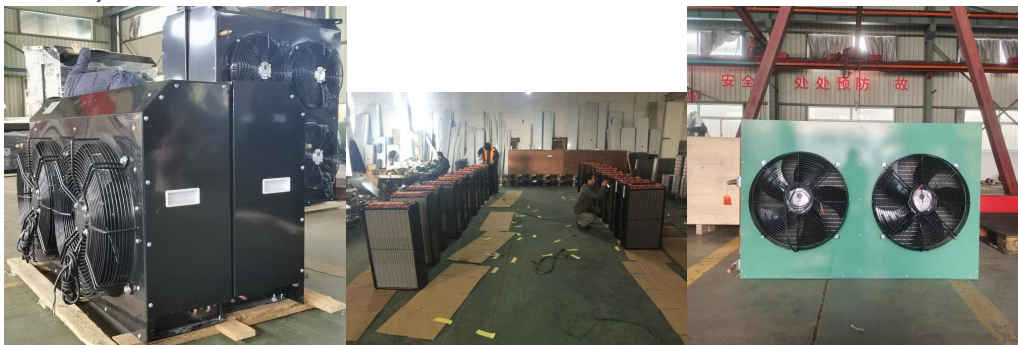

Product Specification

- Keyword: Blast Freezer Condenser
- Number Of Fans: 2-6
- Cooling Method: Air Cooling
- Application: Commercial/Industrial
- Motor Type: Direct Drive
- Origin: China
- Type: Air-Cooled
- Voltage: 380V/220V
- Highlight: **Air-Cooled Air Cooler Condenser,
Commercial Air Cooler Condenser,
Industrial Air Cooler Condenser**

Product Description

Product Description:

The air-cooled condenser plays a crucial role in refrigeration and air conditioning systems by using surrounding air to remove heat from the refrigerant. It is a commonly employed component in commercial refrigeration, industrial cooling, and HVAC systems. Engineered for optimal efficiency and longevity, this condenser ensures consistent performance under diverse environmental circumstances. The air-cooled condenser functions by transferring heat from the refrigerant to the ambient air, allowing the refrigeration or air conditioning system to operate effectively. Its robust design enables it to withstand demanding conditions and deliver reliable cooling performance. Whether used in a commercial setting or industrial facility, this condenser is built to provide efficient heat dissipation and maintain system functionality.

Features:

No water resource is necessary. This system is highly adaptable.
The structure is simple, making installation and maintenance easy.
Energy efficiency is significantly influenced by ambient temperature.
Although operating costs are low, energy consumption is relatively high.
It is ideal for small to medium-sized refrigeration systems.
There are various structural types available, making it suitable for different applications.

Technical Parameters:

| | |
|-----------------|-------------------------|
| Number Of Fans: | 2-6 |
| Voltage: | 380V/220V |
| Keyword: | Blast Freezer Condenser |
| Type: | Air-Cooled |
| Motor Type: | Direct Drive |
| Cooling Method: | Air Cooling |
| Origin: | China |
| Application: | Commercial/Industrial |

Applications:

Cold Storage and Freezer Rooms

Cold storage and freezer rooms are essential facilities used for preserving perishable goods at low temperatures. These rooms are equipped with refrigeration systems that help maintain the desired temperature levels to ensure the freshness and quality of the stored products.

Supermarket Refrigeration Systems

Supermarket refrigeration systems play a crucial role in keeping food products fresh and maintaining optimum storage conditions. These systems are designed to efficiently cool and preserve a wide variety of perishable items, ensuring that customers receive high-quality products.

Industrial Process Cooling

Industrial process cooling involves the use of specialized cooling systems to regulate temperatures in various industrial applications. These systems help maintain optimal operating conditions, prevent overheating, and ensure the efficiency and reliability of industrial processes.

Commercial Air Conditioning

Commercial air conditioning systems are used in commercial buildings, offices, and public spaces to provide a comfortable indoor environment. These systems help regulate indoor temperatures, improve air quality, and create a conducive atmosphere for occupants.

Food Processing and Preservation

Food processing and preservation techniques are essential in ensuring food safety and extending the shelf life of perishable items. Various methods, including refrigeration, freezing, and canning, are employed to process and preserve food products for distribution and consumption.

Customization:

Product Customization Services for Air Cooler Condenser:

Brand Name: Damai

Model Number: DM-FNU

Place of Origin: China

Certification: CE; ISO

Minimum Order Quantity: 1

Price: \$200~\$100000

Packaging Details: Wooden Case

Delivery Time: 15 Work Days

Payment Terms: T/T

Supply Ability: 1000000pcs/year

Origin: China

Number Of Fans: 2-6

Application: Commercial/Industrial

Type: Air-Cooled

Keyword: Blast Freezer Condenser

Keywords: Air Condenser Cooler, Air Conditioner Condenser Evaporator, Refrigeration Air Cooled Condenser
