

# Air Cooled Condenser with 2-6 Fans Superior Cooling Performance Guaranteed cold room

## **Basic Information**

- Place of Origin:
- Brand Name:
- Certification: CE;ISO
- Model Number: DM-FNV
- Minimum Order Quantity:
- Price: \$200~\$100000

China

Damai

1

- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T
- Supply Ability: 100000pcs/year

### **Product Specification**

Number Of Fans:	2-6
Origin:	China
Voltage:	380V/220V
Cooling Method:	Air Cooling
• Type:	Air-Cooled
Motor Type:	Direct Drive
Keyword:	Blast Freezer Condenser
Application:	Commercial/Industrial
Highlight:	Superior Performance Air Cooled Condens 2-6 Fans Air Cooled Condenser, cold room Air Cooled Condenser

#### **Product Description:**

Machine configurations consist of various components that are essential for its operation:

Condenser Coil

**Cooling Fans** 

Heat Exchanger Fins

Refrigerant Tubes

Each of these components plays a crucial role in the overall functionality and efficiency of the machine.

#### **Applications:**

Applications of Type H air cooling condenser:

1. Refrigeration Industry - Ideal for cold storage facilities, food processing plants, and supermarket refrigeration systems, ensuring stable and energy-efficient cooling performance.

2. Industrial Cooling - Applied in manufacturing plants, chemical processing, and power generation industries where largescale cooling is required for machinery, production lines, and equipment.

3. Data Centers & Server Rooms - Helps maintain optimal temperatures in data centers, preventing overheating of servers and ensuring stable operation of IT infrastructure.

4. Medical & Pharmaceutical Industry - Used in pharmaceutical factories and hospitals for precision cooling in medical equipment, laboratories, and vaccine storage facilities.

5. HVAC Systems (Heating, Ventilation, and Air Conditioning) - Used in commercial and industrial air conditioning systems to ensure efficient cooling and temperature control in office buildings, shopping malls, and hotels.

6. Energy & Power Plants - Supports efficient heat dissipation in power plants, renewable energy systems, and co-generation units, enhancing overall energy efficiency.

#### Packing and Shipping:

Product Packaging and Shipping for Air Cooler Condenser:

The Air Cooler Condenser is carefully packaged in a sturdy cardboard box to ensure its safe delivery. Each unit is securely wrapped in protective packaging material to prevent any damage during shipping. The product is labeled with handling instructions and includes a user manual for easy assembly.

For shipping, we partner with trusted carriers to ensure timely delivery to your doorstep. You will receive a tracking number once the order is processed, allowing you to monitor the shipment status online. Our team is dedicated to providing a smooth and efficient shipping experience for your convenience.

#### FAQ:

- Q: What is the brand name of this Air Cooler Condenser?
- A: The brand name is Damai.
- Q: What is the model number of this Air Cooler Condenser?
- A: The model number is DM-FNV.
- Q: Where is the Air Cooler Condenser manufactured?
- A: The Air Cooler Condenser is manufactured in China.
- Q: What certifications does this Air Cooler Condenser have?
- A: This Air Cooler Condenser is certified with CE and ISO.
- Q: What are the payment terms for purchasing this Air Cooler Condenser?
- A: The payment terms are T/T.
