

Cold Storage Cold Room Evaporator with Personalized Design and Copper Coil Tube

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Place of Origin: China
- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DSL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT, L/C
- Supply Ability: 300000/Year

Product Specification

- Application: Cold Storage/Cold Room/Freezer Room
- Defrosting: Electric Defrosting
- Heat Transfer Efficiency: High
- Cold Room Type: Cold Storage (Cold Room)
- Coil Tube: Copper
- Temperature: High, Medium, Low Temperature
- Dimensions: Custom
- Casing: Steel Plate With Plastic Spray
- Highlight: Cold Storage Cold Room Evaporator,
Personalized Design Cold Room Evaporator,
Copper Coil Tube Cold Room Evaporator

Product Description

Product Description:

Main Machine Configuration

1. **Motor:** High-efficiency, energy-saving motor
2. **Fan Blade:** Durable, corrosion-resistant designed for optimal airflow.
3. **Cooling Pads:** Cooling pads for effective evaporative cooling.
4. **Airflow Capacity:** High airflow to ensure efficient cooling for larger areas.
5. **Control Panel:** Manual or digital control panel to adjust fan speed, temperature settings, and water levels.
6. **Air Filter:** Filters to clean the air, removing dust and debris.
7. **Exhaust Air Outlet:** Adjustable or multi-directional outlets for distributing cool air evenly across a room.
8. **Housing Material:** Sturdy, corrosion-resistant plastic or metal casing to protect internal components.
9. **Noise Reduction Design:** Design features aimed at minimizing operational noise, for quieter performance.

Applications:

Applications of Air-Cooled Evaporators:

1. In cold storage facilities, air-cooled evaporators are used for the preservation of food, pharmaceuticals, or chemicals.
2. In industrial workshops, these evaporators are employed for cooling machinery or process areas, such as in plastics or metalworking.
- Rechargeable Air Cooler Evaporator for Walk in Cooler Cold Storage Room Freezer
- Rechargeable Air Cooler Evaporator for Walk in Cooler Cold Storage Room Freezer
- Rechargeable Air Cooler Evaporator for Walk in Cooler Cold Storage Room Freezer
3. In commercial refrigeration, air-cooled evaporators are essential for supermarkets, restaurants, and logistics warehouses.
4. Agricultural cooling utilizes air-cooled evaporators for pre-cooling fruits and vegetables post-harvest.
5. HVAC systems in large buildings, data centers, and server rooms benefit from the use of air-cooled evaporators.
6. Special environments like high-temperature zones or explosion-proof areas (such as mines or oil refineries) also rely on air-cooled evaporators for cooling.

Packing and Shipping:

Product Name: Cold Room Evaporator

Description: Our Cold Room Evaporator is designed to efficiently cool large spaces while maintaining optimal temperature levels.

Packaging: The Cold Room Evaporator is carefully packaged in a sturdy cardboard box to ensure safe transportation.

Shipping: We offer fast and reliable shipping services to deliver your Cold Room Evaporator right to your doorstep.

FAQ:

Q: What is the brand name of the Cold Room Evaporator?

A: The brand name is DM.

Q: What is the model number of the Cold Room Evaporator?

A: The model number is DM-COOLER-DSL.

Q: Where is the Cold Room Evaporator manufactured?

A: The Cold Room Evaporator is manufactured in China.

Q: What certifications does the Cold Room Evaporator have?

A: The Cold Room Evaporator is certified with CE and ISO.

Q: What is the minimum order quantity for the Cold Room Evaporator?

A: The minimum order quantity is 1.
