

## CCC Certified Air Cooler Condenser Condenser Condenser with Fan Speed 1200-1800 RPM and Single or Three Phase Fan Motor

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Brand Name: Damai
- Certification: CE;ISO
- Model Number: DM-DV
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T,L/C
- Supply Ability: 1000000pcs/year

### Product Specification

- Power Consumption: 10-15W
- Tube Thickness: 0.3mm - 1.2mm
- Fins Per Inch: 14
- Inlet/Outlet Connection: Copper Tube And Aluminum Fin
- Color: Silver
- Air Flow: 50-70 CFM
- Application: Condenser
- Transport Package: Wooden Case
- Highlight: **Single Phase Air Cooler Condenser,  
1200-1800 RPM Air Cooler Condenser,  
CCC Certified Air Cooler Condenser**

## Product Description

### Product Description:

Our **air-cooled condenser** is a high-performance heat exchange device designed for commercial and industrial refrigeration systems. It efficiently transfers heat from the refrigerant to the surrounding air using axial fans and high-quality copper tubes with aluminum fins. Built with a durable structure and corrosion-resistant materials, this **condenser** ensures long-lasting performance even in harsh environments. Its compact design, low noise operation, and easy installation make it an ideal solution for cold storage, chiller systems, and HVAC applications.

### Applications:

Our air-cooled condensers are widely used across various commercial and industrial sectors.

Thanks to their efficient heat exchange capability and reliable performance, they are ideal for:

Cold Storage Rooms

For preserving fresh produce, meat, seafood, and dairy products.

Commercial Refrigeration Systems

In supermarkets, convenience stores, and food processing facilities.

HVAC Systems

Providing effective heat rejection in air conditioning and ventilation systems.

Chiller Units

Used in water-cooled or glycol-cooled systems for various industrial processes.

Pharmaceutical and Chemical Industries

Ensuring temperature control during production and storage.

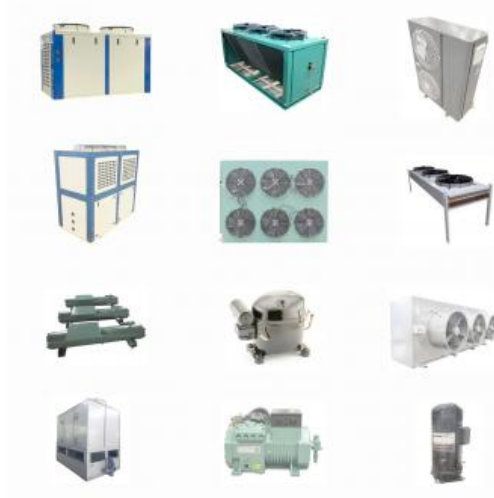

Agricultural and Fishery Cooling Systems

Maintaining freshness and quality during transport and storage.

Ice Making Equipment

Supporting consistent condensation in ice factories and vending systems.

These condensers are designed to perform reliably in environments with limited water resources, making them an excellent solution for tropical regions, remote areas, or places with strict water conservation regulations.

### Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

### Customization:

Product Customization Services for Air Cooler Condenser: .....

Brand Name: Damai

Model Number: DM-DV

Place Of Origin: China

Certification: CE;ISO

Minimum Order Quantity: 1

Price: \$200~\$100000

Packaging Details: Wooden Case

Delivery Time: 15 Work Days

Payment Terms: T/T

Supply Ability: 1000000pcs/year

Fins Per Inch: 14

Color: Silver

Tube Thickness: 0.3mm - 1.2mm

Fan Speed: 1200-1800 RPM

Air Flow: 50-70 CFM

Keywords: Air Condenser Cooler, Refrigeration Air Cooled Condenser, H-Type Air Cooled Condenser

## Support and Services:

Our company offers comprehensive Product Technical Support and Services for the Air Cooler Condenser product to ensure optimal performance and customer satisfaction. Our team of skilled technicians is available to provide assistance with installation, troubleshooting, maintenance, and repairs. We also offer training programs to help customers maximize the efficiency and longevity of their air cooler condenser units. Additionally, our service agreements include regular inspections and tune-ups to keep the equipment running smoothly. Contact us for more information on our Product Technical Support and Services for the Air Cooler Condenser.
