

DC Condensing Unit with DC Power Type -10- 7celsius Degree 2-4 Fan Number

Basic Information

- Brand Name:
- Certification: CE;ISO
- Model Number:
- Minimum Order
 Quantity:
- Price: \$2000~\$100000

DM

1

DM-UNIT-U

- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T,L/C
- Supply Ability: 100000pcs/year

Product Specification

• Evaporator Fan Motor:	ECM
• Usage:	Refrigerating System
Showroom Location:	None
Sample:	Available
• Fan Number:	2~4
Fan Diameter:	400~750mm
Compressor:	Optional
Noise:	Low Noise
Highlight:	7celsius Degree Condensing Unit,
	DC Condensing Unit,
	DC Power Type Condensing Unit

Product Description:

Air-Cooled Condensing Unit – Smart Cooling Power for Every Space

Engineered for performance, reliability, and energy efficiency, our **Air-Cooled Condensing Unit Air-Cooled Condensing Unit Air-Cooled Condensing Unit** is the heart of any powerful refrigeration system. Designed to handle even the most demanding environments, it combines high-efficiency compressors, durable condensers, and intelligent controls into a compact, easy-to-install package. Built with corrosion-resistant materials and low-noise axial fans, this unit delivers fast heat dissipation and stable operation—day in, day out. Whether used in cold storage rooms, supermarkets, or food processing facilities, it ensures reliable cooling when it matters most. Quiet, compact, and built to perform—your ultimate solution for high-performance refrigeration.

Features:

High-Efficiency Compressor – Delivers powerful, energy-saving performance even under heavy load.
 Axial Fan with Low Noise – Ensures effective heat dissipation with minimal operating noise.
 Corrosion-Resistant Casing – Built with galvanized steel or aluminum housing for durability in all environments.
 Compact & Modular Design – Easy to install and maintain, ideal for space-limited applications.
 Wide Temperature Range – Suitable for medium- and low-temperature refrigeration needs.
 Eco-Friendly Refrigerant Options – Compatible with R404A, R134a, R290, and more.

Technical Parameters:

Condenser Type	Air Cooled Condenser
Evaporator Fan Motor	ECM
Compressor	Optional
Power Type	DC
Core Components	Compressor
Noise	Low Noise
Fan Diameter	400~750mm

Applications:

Cold Rooms & Walk-In Freezers Supermarkets & Convenience Stores Food & Beverage Processing Plants Pharmaceutical Storage Facilities Ice Cream & Dairy Freezer Rooms Cold Chain Logistics Warehouses Agricultural Product Storage

Customization:

Support and Services:

Our Product Technical Support and Services for the Condensing Unit include:

- Installation assistance
- Troubleshooting guidance
- Maintenance recommendations
- Warranty information
