

Customizable Freezer Room Condensing Unit for -10- 7celsius Degree Evaporating Temp and OEM Service

Basic Information

Brand Name: DM

• Certification: CE;ISO

Model Number: DM-UNIT-FNH

Minimum Order

Quantity:

Price: \$2000~\$100000
Packaging Details: Wooden Case
Delivery Time: 30 Work Days

• Payment Terms: T/T,L/C

• Supply Ability: 1000000pcs/year

Product Specification

• Phase: 3-phase

Air Condenser: Finned Type

• Loading Port: Ningbo/Shanghai

• Evaporating Temp: -10~+7celsius Degree

Refrigerant Way: Air-cooled

Use Nature: Commercial Refrigeration

• Heat Exchange 33.1~132kw

Capacity:

• Power Source: Battery, Solar, 3Phase

• Highlight: Customizable Condensing Unit,

OEM Service Condensing Unit

DM-FNH Condensing Unit

DM Open-Type Air-Cooled Condensing Unit is a refrigeration system designed to effectively dissipate heat from the refrigerant, which is essential for the cooling process in various cold storage and commercial refrigeration applications.

These units are typically used in walk-in freezers, refrigerated storage rooms, and large commercial cooling systems, providing a reliable and energy-efficient solution.

Product Description:

Our open-type air-cooled condensing unit is expertly crafted to deliver top-notch performance and exceptional durability. Incorporating premium components and cutting-edge manufacturing techniques, this unit is perfectly suited for a diverse range of commercial and industrial refrigeration needs.

Featuring a design that allows for easy maintenance and effective heat dissipation, it boasts a high-efficiency compressor that guarantees quick and consistent cooling. The air-cooled condenser, in conjunction with robust axial fans, ensures outstanding heat exchange capabilities even in elevated ambient temperatures.

Each unit can be extensively customized to align with your specific demands, encompassing variables such as cooling capacity, refrigerant preferences (such as R404A, R134a, R507, and more), and tailored applications like cold storage facilities, food processing plants, and logistics warehouses.

If you are in search of a trustworthy, energy-efficient, and versatile refrigeration solution, our open-type air-cooled condensing unit is undoubtedly the optimal selection for your needs.

Features:

High Cooling Efficiency: Equipped with premium compressors (e.g. Copeland, Bitzer) and optimized condensers for fast and stable _ _ _ _ cooling performance.

Durable Construction: Built with high-quality galvanized steel and anti-corrosion coating to ensure long service life, even in harsh environments.

Easy Maintenance: Open design structure allows quick access for servicing, reducing downtime and maintenance costs. Customizable Options: Available in a variety of cooling capacities, refrigerant types, and fan configurations to meet unique application needs.

Energy-Saving Operation: Designed for low power consumption with efficient heat exchange systems and smart component integration. Wide Voltage Range: Suitable for international markets with adaptable voltage and frequency options (e.g., 220V/380V, 50Hz/60Hz). Low Noise Level: Fitted with low-noise axial fans and vibration-reducing components for quiet operation.

Technical Parameters:

Evaporating Temp	-10~+7 Celsius Degree
Coil Material	Copper
Condition	New
Trademark	DM
Use Nature	Commercial Refrigeration
Refrigerant Way	Air-cooled
Origin	Zhejiang, China
Air Condenser	Finned Type
Power Source	Battery, Solar, 3Phase
Loading Port	Ningbo/Shanghai

Applications:

Cold Storage Rooms: Ideal for medium and large-sized cold rooms used in supermarkets, restaurants, and food warehouses. Food Processing Facilities: Maintains optimal temperature conditions for meat, seafood, dairy, and produce processing.

Pharmaceutical Storage: Suitable for temperature-sensitive goods such as medicines, vaccines, and biotech products.

Logistics and Distribution Centers: Ensures reliable refrigeration for perishable goods in transit and storage.

Agricultural Storage: Perfect for preserving fruits, vegetables, and other agricultural products post-harvest.

Customization:

Product Customization Services:

Brand Name: DM

Payment Terms: T/T Supply Ability: 1000000pcs/year

Trademark: DM Coil Material: Copper

Use Nature: Commercial Refrigeration Loading Port: Ningbo/Shanghai

Support and Services:

The Product Technical Support and Services for the Condensing Unit product include:

- Installation assistance
- Troubleshooting guidance
- Maintenance tips
- Warranty information
- Product documentation and manuals
- Training sessions for users

FAQ:

- Q: What is the brand name of the condensing unit?
- A: The brand name is DM.
- Q: What is the model number of the condensing unit?
- A: The model number is DM-UNIT-FNH.
- $\ensuremath{\mathsf{Q}}\xspace$ Where is the condensing unit manufactured?
- A: The condensing unit is manufactured in China.
- Q: What certifications does the condensing unit have?
- A: The condensing unit is certified with CE and ISO.
- Q: What are the payment terms for purchasing the condensing unit?
- A: The payment terms are T/T.
