

33.1-132kw 3-phase Heat Exchange Capacity Condensing Unit for Ningbo/Shanghai Loading Port

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-UNIT-FNH
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T,L/C
- Supply Ability: 1000000pcs/year

Product Specification

- Phase: 3-phase
- Heat Exchange Capacity: 33.1~132kw
- Trademark: DM
- Condition: New
- Loading Port: Ningbo/Shanghai
- Tube Material: Copper , Aluminium,stainless Steel
- Use Nature: Commercial Refrigeration
- Refrigerant Way: Air-cooled
- Highlight: **33.1-132kw Condensing Unit,
3-phase Condensing Unit**

Product Description

DM-FNH Condensing Unit

DM Open-Type Air-Cooled Condensing Unit is a refrigeration system designed to effectively dissipate heat from the refrigerant, which is essential for the cooling process in various cold storage and commercial refrigeration applications. These units are typically used in walk-in freezers, refrigerated storage rooms, and large commercial cooling systems, providing a reliable and energy-efficient solution.

Product Description:

Our open-type air-cooled condensing unit is designed to deliver exceptional performance and long-lasting durability. Utilizing premium components and cutting-edge manufacturing technology, this unit is perfectly suited for a variety of commercial and industrial refrigeration needs.

Featuring an open design for easy maintenance and effective heat dissipation, this unit is equipped with a high-efficiency compressor that ensures quick and consistent cooling. The air-cooled condenser, paired with robust axial fans, provides outstanding heat exchange performance even in elevated ambient temperatures.

Each unit can be fully customized to meet your specific requirements, from cooling capacity to refrigerant selection (R404A, R134a, R507, and more), and tailored for diverse applications such as cold storage facilities, food processing plants, and logistics warehouses.

If you are seeking a dependable, energy-efficient, and versatile refrigeration solution, our open-type air-cooled condensing unit stands out as the optimal choice.

Features:

High Cooling Efficiency: Equipped with premium compressors (e.g. Copeland, Bitzer) and optimized condensers for fast and stable cooling performance.

Durable Construction: Built with high-quality galvanized steel and anti-corrosion coating to ensure long service life, even in harsh environments.

Easy Maintenance: Open design structure allows quick access for servicing, reducing downtime and maintenance costs.

Customizable Options: Available in a variety of cooling capacities, refrigerant types, and fan configurations to meet unique application needs.

Energy-Saving Operation: Designed for low power consumption with efficient heat exchange systems and smart component integration.

Wide Voltage Range: Suitable for international markets with adaptable voltage and frequency options (e.g., 220V/380V, 50Hz/60Hz).

Low Noise Level: Fitted with low-noise axial fans and vibration-reducing components for quiet operation.

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Tube Material	Copper, Aluminium, Stainless Steel
Phase	3-phase
Air Condenser	Finned Type
Coil Material	Copper
Trademark	DM
Loading Port	Ningbo/Shanghai
Origin	Zhejiang, China
Heat Exchange Capacity	33.1~132kw
Evaporating Temp	-10~+7 Celsius Degree
Use Nature	Commercial Refrigeration

Applications:

- Cold Storage Rooms:** Ideal for medium and large-sized cold rooms used in supermarkets, restaurants, and food warehouses. -----
- Food Processing Facilities:** Maintains optimal temperature conditions for meat, seafood, dairy, and produce processing.
- Pharmaceutical Storage:** Suitable for temperature-sensitive goods such as medicines, vaccines, and biotech products.
- Logistics and Distribution Centers:** Ensures reliable refrigeration for perishable goods in transit and storage.
- Agricultural Storage:** Perfect for preserving fruits, vegetables, and other agricultural products post-harvest.

Customization:

- Product Customization Services for Air Cooled Condensing Units: -----
- Brand Name: DM
- Model Number: DM-UNIT-FNH
- Place Of Origin: China
- Certification: CE;ISO
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T

Supply Ability: 1000000pcs/year
Trademark: DM
Heat Exchange Capacity: 33.1~132kw
Origin: Zhejiang, China
Condition: New
Condensing Temperature: 55C

Support and Services:

Our Product Technical Support and Services for the Condensing Unit include:

- Expert assistance with installation and setup of the unit
- Troubleshooting guidance for any technical issues
- Regular maintenance recommendations to ensure optimal performance
- Access to online resources and documentation for reference

FAQ:

Q: What is the brand name of this condensing unit?

A: The brand name of this condensing unit is DM.

Q: What is the model number of this condensing unit?

A: The model number of this condensing unit is DM-UNIT-FNH.

Q: Where is this condensing unit manufactured?

A: This condensing unit is manufactured in China.

Q: What certifications does this condensing unit have?

A: This condensing unit is certified with CE and ISO.

Q: What is the minimum order quantity for this condensing unit?

A: The minimum order quantity for this condensing unit is 1.
