

7-15 Mm Tube Diameter and Receiver Drier Included Yes Freezer Room Condensing Unit for Temperature-Sensitive Products

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: Damai
- Certification: CE;ISO
- Model Number: DM-HNV
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T,L/C
- Supply Ability: 1000000pcs/year

Product Specification

- Number Of Rows: 4
- Cooling Capacity: 10kW
- Fan Diameter: 300-800mm
- Tube Diameter: 7-15 Mm
- Warranty: 1 Year
- Power Consumption: 10-15W
- Quality: OEM Quality
- Origin: China
- Highlight: Receiver Drier Included Condensing Unit,
7-15 Mm Condensing Unit,
Freezer Room Condensing Unit

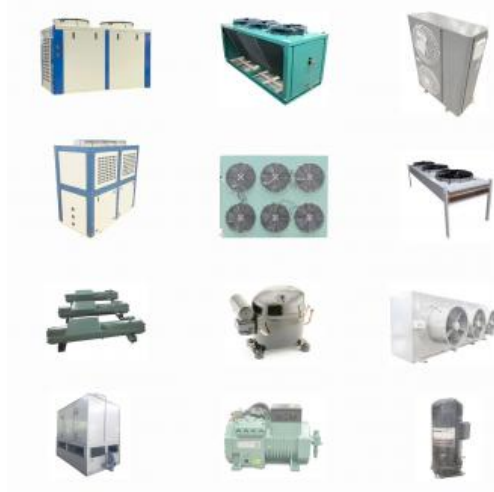

Product Description

Product Description:

An Open-Type Air-Cooled Condenser plays a crucial role in refrigeration and air-conditioning systems by facilitating the transfer of heat from the refrigerant to the surrounding air. This component is essential for releasing heat and ensuring the proper functioning of various cooling systems. It is typically employed in cold storage rooms, food processing facilities, supermarkets, and industrial refrigeration settings.

The Open-Type Air-Cooled Condenser is specifically engineered to dissipate heat efficiently, helping to maintain optimal temperatures in refrigeration units. Its design allows for the effective release of heat generated during the cooling process, preventing overheating and ensuring the smooth operation of refrigeration and air-conditioning equipment.

Zhejiang Damai Cold Chain Equipment Co., Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd. is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Features:

Open-Type Structure:

The design of this product features an open-type structure that allows for direct access to the motor and fan assembly. This design makes it easier to maintain and replace parts, which is ideal for projects requiring flexibility and accessibility.

Air-Cooled Heat Dissipation:

This product utilizes air-cooled heat dissipation, where heat is discharged into the air through high-efficiency finned condenser coils. This eliminates the need for water cooling systems and reduces maintenance costs.

High-Quality Materials:

The coils in this product are typically made of copper tubes with aluminum fins. This choice of materials ensures excellent thermal conductivity and corrosion resistance.

Multiple Fan Configurations:

Depending on the cooling capacity, this product is equipped with one or more axial fans. These fans provide strong airflow for rapid heat dissipation, adapting to different requirements.

Weather-Resistant Design:

This product is built with a weather-resistant design to withstand outdoor installation conditions. It features galvanized or powder-coated steel frames, ensuring durability and a long service life under various weather conditions.

Technical Parameters:

Receiver Drier Included	Yes
Cooling Capacity	10kW
Quality	OEM Quality
Dryer Included	Yes
Origin	China
Warranty	1 Year
Trademark	DM
Fan Diameter	300-800mm
Material	Copper/Aluminum
Color	Silver

Applications:

Walk-in freezers and cold rooms are essential for maintaining the freshness and quality of perishable goods. They are commonly used in food and beverage processing plants to store ingredients, semi-finished products, and finished goods at the optimal temperature. Supermarket and retail refrigeration systems are designed to display and store a variety of food items while keeping them fresh and safe for consumption. These systems are crucial for ensuring food safety standards and preventing wastage. Industrial and commercial air conditioning systems are used to regulate the temperature and humidity levels in large spaces such as manufacturing facilities, warehouses, and office buildings. These systems provide a comfortable working environment and help maintain product quality. Pharmaceutical and biomedical storage facilities require precise temperature control to preserve the efficacy and integrity of medications, vaccines, and sensitive biological materials. Specialized refrigeration units are used to safeguard these valuable products.

Customization:

Product Customization Services for Air Cooler Condenser:

- Brand Name: Damai
- Model Number: DM-HNV
- Place Of Origin: China
- Certification: CE;ISO
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year
- Receiver Drier Included: Yes
- Quality: OEM Quality
- Power Consumption: 10-15W
- Warranty: 1 Year
- Material: Copper/Aluminum

Keywords: Air Cooled Fnh Refrigeration Condenser for Cold Storage, Air Conditioner Condenser Evaporator, Freezer Room Condensing Unit

Support and Services:

The Product Technical Support and Services for the Air Cooler Condenser product include:

- Assistance with installation and setup of the condenser unit
- Troubleshooting support for any operational issues
- Maintenance guidance and recommendations
- Warranty information and claims processing

FAQ:

- Q: What is the brand name of this Air Cooler Condenser product?
A: The brand name of this Air Cooler Condenser product is Damai.
- Q: What is the model number of this Air Cooler Condenser product?
A: The model number of this Air Cooler Condenser product is DM-HNV.
- Q: Where is this Air Cooler Condenser product manufactured?
A: This Air Cooler Condenser product is manufactured in China.
- Q: What certifications does this Air Cooler Condenser product have?
A: This Air Cooler Condenser product is certified with CE and ISO.

Q: What is the minimum order quantity for this Air Cooler Condenser product?
A: The minimum order quantity for this Air Cooler Condenser product is 1.
