

1/2 HP Fan Motor Single Speed Freezer Room Condensing Unit for Low Temperature Storage

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE;ISO
- Model Number: DM-UNIT-FNH
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T,L/C
- Supply Ability: 1000000pcs/year

Product Specification

- Oem: Available
- Coil Type: Microchannel
- Core Components: Compressor
- Customization: Available
- Mute: No
- Model No: DM-U-CU
- Condition: New
- Heat Exchange Capacity: 33.1~132kw
- Highlight: 1/2 HP Condensing Unit,
Low Temperature Storage Condensing Unit,
Single Speed Condensing Unit

Product Description

Product Description:

The DM-U series air-cooled condensers are specially designed for commercial and industrial refrigeration systems. They are engineered to provide high-efficiency heat dissipation and reliable performance under various operating conditions. These condensers have a compact structure that facilitates easy installation, making them well-suited for a wide range of applications including supermarkets, cold storage facilities, and industrial cooling systems.

Featuring high-quality heat exchange fins and powerful fans, the DM-U condensers are capable of delivering optimal cooling performance with minimal energy consumption. This not only helps lower operating costs but also enhances the overall efficiency of the refrigeration system. With a focus on durability and functionality, the DM-U series is a dependable choice for demanding refrigeration applications.

APPLICATION

Applications:

Supermarket refrigeration systems play a crucial role in maintaining the freshness and quality of perishable goods. These systems are designed to efficiently chill and store foods at the right temperatures to ensure that they remain safe for consumption.

Cold storage and walk-in freezers are essential for preserving large quantities of food items, enabling businesses to keep their inventory fresh for longer periods. These storage solutions help maintain the optimal temperature and humidity levels needed to prevent spoilage.

Food processing and preservation facilities rely on specialized refrigeration equipment to handle raw ingredients and finished products. From chilling to freezing, these facilities require precise temperature control to maintain product quality and safety.

Commercial air conditioning units are essential for creating a comfortable environment in various establishments such as offices, retail spaces, and restaurants. These units provide cooling during hot weather, ensuring a pleasant indoor climate for occupants.

Industrial cooling and HVAC systems are designed for large-scale applications in manufacturing plants, warehouses, and other industrial settings. These systems are responsible for regulating temperatures and humidity levels to support efficient production.

processes and ensure worker comfort.

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.;;

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.;;

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.;;

We want to establish a bright future with potential partners together!;;

Customization:

Product Customization.Services for the Condensing Unit: -----

- Brand Name: DM
- Model Number: DM-UNIT-FNH
- Place Of Origin: China
- Certification: CE;ISO
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year
- Core Components: Compressor
- Condition: New
- Hs Code: 8418699090
- Heat Exchange Capacity: 33.1~132kw
- OEM: Available

Support and Services:

Our Condensing Unit product comes with comprehensive Product Technical Support and Services to ensure smooth operation and address any issues that may arise. Our team of experts is available to provide troubleshooting assistance, maintenance guidance, and product information to help you get the most out of your Condensing Unit. Whether you have questions about installation, performance optimization, or general inquiries, our support services are here to assist you every step of the way.

FAQ:

Q: What is the brand name of this condensing unit?

A: The brand name is DM.

Q: What is the model number of this condensing unit?

A: The model number is DM-UNIT-FNH.

Q: Where is this condensing unit manufactured?

A: It is made in China.

Q: What certifications does this condensing unit have?

A: It is certified with CE and ISO.

Q: What are the payment terms for purchasing this condensing unit?

A: The payment terms are T/T (Telegraphic Transfer).
