

Counter Flow Cooling Evaporator Cold Room Air Cooler for Cold Storage walk in cooler

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Model Number: DM-COOLER-DD
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT
- Supply Ability: 300000/Year

Product Specification

- Case Material: Stainless Steel Or Steel
- Frame: Stainless Steel, Galvanized Steel
- Defrost Type: Electric
- Evaporating Temperature: -30°C To -5°C
- Fan: Weiguang
- Cooling Type: Counter Flow
- Fan Qty: 1pcs To 2,3,4 Pcs
- Expansion Valve: Danfoss
- Highlight: **Pharmaceutical Storage Cold Room Air Cooler, Electric Defrost Cold Room Air Cooler**

Product Description

Product Description:

Fan Model Specifications

Features:

Scientific structure, high efficiency, even frost distribution, power saving, and low running cost;
Paired with quiet axial fan models that provide strong airflow over a long distance; power-efficient and durable;
Ensures a perfect seal between the pipes and fins after expansion processing;
Compatible with stainless steel electric heaters with high insulation properties, enabling quick defrosting;
The heat exchange coil passes a gas tightness test at air pressures of up to 2.6MPa;
Constructed of aluminum and painted steel board to meet various demands.

Applications:

Applications of Air-Cooled Evaporators:

1. Cold Storage Facilities - Air-cooled evaporators find use in various cold storage facilities for the preservation of food, pharmaceuticals, or chemicals.
2. Industrial Workshops - They are utilized in industrial settings to cool machinery or process areas, such as plastics or metalworking facilities.

Portable Air Cooler for Optimal Cold Room Performance

3. Commercial Refrigeration - Air-cooled evaporators are commonly employed in supermarkets, restaurants, and logistics warehouses for refrigeration purposes.
4. Agricultural Cooling - In the agricultural sector, these evaporators are utilized for pre-cooling fruits and vegetables post-harvest to maintain their freshness.

Packing and Shipping:

Product Packaging:

The Cold Room Evaporator will be carefully packaged in a sturdy cardboard box with protective foam padding to ensure safe delivery.

Shipping:

We offer secure and reliable shipping services for the Cold Room Evaporator. It will be shipped via a trusted carrier to ensure timely and safe delivery to your location.

FAQ:

Q: What is the brand name of this Cold Room Evaporator product?

A: The brand name is DM.

Q: What is the model number of this Cold Room Evaporator product?

A: The model number is DM-COOLER-DD.

Q: Where is this Cold Room Evaporator product manufactured?

A: This product is manufactured in China.
