

Air cooler Cold Room Evaporator for Light Industry Air cooled Evaporating Temperature

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT
- Supply Ability: 300000/Year

Product Specification

- Evaporating Temperature: -30°C To -5°C
- Expansion Valve: Danfoss
- Material Of Fin: Aluminum
- Defrosting: Electrical
- Type: Air-cooled
- Widely Used: Chemical Industry, Light Industry
- Fan Diameter: 12 Inches
- Fan: Weiguang
- Highlight: **Energy-saving Cold Room Evaporator,
Air-cooled Cold Room Evaporator,
Light Industry Cold Room Evaporator**

Product Description

Product Description:

Features:

Scientific Structure: This product features a scientific structure resulting in high efficiency and even frost distribution, leading to a reduction in power usage and overall running costs.

Efficient Air Flow: It is designed to be used with quiet axial fan models that provide a strong air flow over a long distance, while also offering power-saving capabilities and a long life cycle.

Improved Tightness: The expansion processing ensures a perfect tightness between the pipe and fin, enhancing the overall performance of the system.

Efficient Defrosting: When paired with a stainless electric heater known for its high insulating properties, this product can defrost efficiently in a short amount of time.

Reliable Testing: The heat exchanging coil has undergone a gas tightness test at air pressures up to 2.6MPa, ensuring durable and reliable operation.

Versatile Material: Made of aluminum and painted stan board, this product is suitable for a variety of applications, catering to various demands and requirements.

Applications:

Applications of Air-Cooled Evaporators:

1. Cold Storage Facilities - Food, pharmaceuticals, or chemical preservation.
 2. Industrial Workshops - Cooling machinery or process areas (e.g., plastics, metalworking).
- Evaporator Air Cooler for Optimal Cold Room Performance**
Evaporator Air Cooler for Optimal Cold Room Performance
Evaporator Air Cooler for Optimal Cold Room Performance
3. Commercial Refrigeration - Supermarkets, restaurants, or logistics warehouses.
 4. Agricultural Cooling - Pre-cooling fruits/vegetables post-harvest.
 6. Special Environments - High-temperature zones, explosion-proof areas (e.g., mines, oil refineries).

Packing and Shipping:

Product Packaging and Shipping for Cold Room Evaporator:

The Cold Room Evaporator is carefully packaged to ensure it arrives safely to your destination. Each unit is wrapped in protective material and placed in a sturdy cardboard box. The packaging is designed to prevent any damage during transit.

For shipping, we partner with reliable carriers to deliver your Cold Room Evaporator in a timely manner. The product will be securely sealed and labeled for easy identification. You can track your shipment using the provided tracking number to monitor its journey to you.

FAQ:

Q: What is the brand name of the Cold Room Evaporator?

A: The brand name is DM.

Q: What is the model number of the Cold Room Evaporator?

A: The model number is DM-COOLER-DD.

Q: Where is the Cold Room Evaporator manufactured?

A: The Cold Room Evaporator is manufactured in China.

Q: What certifications does the Cold Room Evaporator have?

A: The Cold Room Evaporator is certified with CE and ISO.

Q: What are the payment terms for purchasing the Cold Room Evaporator?

A: The payment terms are TT (Telegraphic Transfer) and L/C (Letter of Credit).
