

refrigeration system Air cooled condenser for Freezer Room Condensing Unit walk in freezer cooler

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: Damai
- Certification: CE;ISO
- Model Number: DM-HNH
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

Product Specification

- Cooling Method: Air
- Tube Type: Smooth, Grooved
- Condition: New
- Power Supply: 220V/380V
- Power Source: Electric
- Number Of Fans: 2-6
- Highlight: **Freezer Room Air cooled condenser,
Condensing Unit Air cooled condenser,
Walk in freezer Air cooled condenser**

Product Description

Product Description:

Air-Cooled Condenser is a type of cooling facility that is designed to work in conjunction with cooling equipment. There are three available types: H, V, and W. The H type is characterized by side blowing, while the V and W types feature roof blowing. It boasts a well-designed structure with excellent interchangeability, allowing it to be paired with various types of compressors. Two types of fin options are available: window fin and honeycomb fin, catering to the diverse preferences of different customers.

Applications:

Applications of Type H air cooling condenser:

1. Refrigeration Industry - Ideal for cold storage facilities, food processing plants, and supermarket refrigeration systems, ensuring stable and energy-efficient cooling performance.
2. Industrial Cooling - Applied in manufacturing plants, chemical processing, and power generation industries where large-scale cooling is required for machinery, production lines, and equipment.
3. Data Centers & Server Rooms - Helps maintain optimal temperatures in data centers, preventing overheating of servers and ensuring stable operation of IT infrastructure.
4. Medical & Pharmaceutical Industry - Used in pharmaceutical factories and hospitals for precision cooling in medical equipment, laboratories, and vaccine storage facilities.

Support and Services:

The Product Technical Support and Services for the Air Cooler Condenser include:

- Troubleshooting assistance for installation and operation issues
- Guidance on maintenance and cleaning procedures
- Information on spare parts and replacements
- Warranty coverage and support
- Technical documentation and manuals for reference

Packing and Shipping:

Product Packaging:

The Air Cooler Condenser is carefully packaged in a sturdy cardboard box with protective foam inserts to ensure safe delivery.

Shipping:

We offer fast and reliable shipping services for the Air Cooler Condenser product. Your order will be processed promptly and shipped using a trusted courier service to ensure timely delivery.
