

Industrial Fin And Tube Air Cooler Condenser with 0.2mm Fin Thickness and Dryer Included

Basic Information

- Brand Name:
- Certification: CE;ISO

Damai

DM-FNH

T/T;L/C

1

- Model Number:
- Minimum Order Quantity:
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms:
- Supply Ability: 100000pcs/year

Product Specification

| | Industrial Fin Air Cooler Condenser, 0.2mm Fin Thickness Air Cooler Condenser |
|-----------------------|--|
| Highlight: | Dryer Included Air Cooler Condenser, |
| Corrosion Resistance: | Salt Spray Test Up To 1000 Hours |
| Noise Level: | 25-35 DB |
| Warranty: | 1 Year |
| Coil Rows: | 2 |
| Bracket Included: | Yes |
| • Hs Code: | 8404200000 |
| Keyword: | Blast Freezer |
| Dryer Included: | Yes |
| | |

THE OWNER OF THE OWNER OWNER OWNE

DM FNH is designed for high-efficiency heat exchange in compact refrigeration and air-conditioning systems. Featuring a unique H-shaped coil configuration, it maximizes the heat transfer surface area within limited spaces, ensuring optimal thermal performance. Manufactured with premium-quality copper tubes and aluminum fins, the H-type condenser offers excellent corrosion resistance, mechanical strength, and long service life. Its compact design, combined with efficient airflow management, makes it a preferred choice for a variety of cooling applications.

M)M)M)M)

Product Description:

The H-type condenser is a high-efficiency heat exchange unit specifically designed for refrigeration and air conditioning systems. Its ______ unique horizontal " H " configuration ensures optimized airflow, enhanced heat dissipation, and compact structure. Constructed with high-grade copper tubes and aluminum fins, the condenser offers excellent thermal conductivity and corrosion resistance, making it ideal for long-term operation in harsh environments.

Features:

Horizontal "H"_Shape_Design _ _ _ _ _

The product features a unique horizontal "H" shape design that contributes to a compact footprint and efficient heat transfer. High-Performance Copper Tubes

Constructed with high-performance copper tubes and aluminum fins, this unit ensures optimal heat dissipation. Anti-Corrosion Coating

An anti-corrosion coating is also available to enhance the service life of the product, making it durable and long-lasting. Multiple Capacities Available

Available in various capacities, this cooling system can be tailored to meet different cooling requirements and applications. Easy Installation and Maintenance

The unit is designed for easy installation and maintenance, with accessible connections that simplify the setup process. Customizable Fan Options

For improved airflow and noise reduction, the product offers customizable fan options to suit individual preferences.

Technical Parameters:

| Туре | Fin And Tube |
|--------------------------|----------------------------------|
| Fin Thickness | 0.2mm |
| Bracket Included | Yes |
| Keyword | Blast Freezer |
| Quality | OEM Quality |
| Maximum Working Pressure | 300 Psi |
| Transport Package | Wooden Case |
| Fan Motor | Single Or Three Phase |
| Hs Code | 8404200000 |
| Corrosion Resistance | Salt Spray Test Up To 1000 Hours |

Applications:

Cold storage and walk-in freezers are essential components in various industries, providing a controlled environment to preserve perishable goods at optimal temperatures.

Commercial refrigeration systems are designed for businesses such as restaurants, grocery stores, and convenience stores to keep their products fresh and safe for consumption.

Industrial chillers and process cooling equipment play a critical role in maintaining the temperature of machinery and processes in manufacturing facilities, ensuring efficient operations.

HVAC systems are integral to maintaining comfortable indoor environments in buildings and facilities, regulating temperature, humidity, and air quality for occupants' well-being.

Supermarkets and food processing plants rely on refrigeration technology to store and display food products safely, preventing spoilage and ensuring food safety standards are met.

Customization:

Product Customization Services for H-Type Air Cooled Condenser Brand Name: Damai Model Number: DM-HNH Place Of Origin: China Certification: CE;ISO Minimum Order Quantity: 1 Price: \$200~\$100000 Packaging Details: Wooden Case Delivery Time: 15 Work Days Payment Terms: T/T;L/C Supply Ability: 100000pcs/year Quality: OEM Quality Transport Package: Wooden Case Warranty: 1 Year Maximum Working Pressure: 300 Psi Corrosion Resistance: Salt Spray Test Up To 1000 Hours Product Attributes: Freezer Room Condensing Unit, Air Conditioner Condenser Evaporator

Support and Services:

Product Technical Support and Services for the Air Cooler Condenser:

- Installation assistance and guidance
- Troubleshooting services for technical issues
- Maintenance recommendations and tips
- Warranty support and claims processing
- Product upgrade options and compatibility information

FAQ:

- A: The brand name is Damai.
- Q: What is the model number of the Air Cooler Condenser?
- A: The model number is DM-HNH.
- Q: Where is the Air Cooler Condenser manufactured?
- A: The Air Cooler Condenser is manufactured in China.
- Q: What certifications does the Air Cooler Condenser have?
- A: The Air Cooler Condenser is certified with CE and ISO.
- Q: What is the minimum order quantity for the Air Cooler Condenser?
- A: The minimum order quantity is 1.
