

Cooling system Cold Room Air Cooler for Walk in Cooler refrigeration equipment storage

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

Product Specification

- Fin Spacing: 4.5mm
- Noise Level: Low
- Installation: Ceiling Mounted
- Frame: Stainless Steel, Galvanized Steel
- Type: Air-cooled
- Standard Power Supply: 380V-3phase-50hz
- Evaporator Type: Finned Tube
- Service Life: Long
- Highlight: Refrigeration Equipment Cold Room Air Cooler, Storage Cold Room Air Cooler

Product Description

Product Description:

The innovative DD series structure of our condenser significantly enhances the heat exchange surface area. This design allows for faster and more effective heat dissipation, ensuring optimal cooling performance even in high-temperature environments.

Moreover, the compact and vertically structured design of the condenser helps reduce its footprint. This makes it perfect for applications where installation space is at a premium.

Our condenser is equipped with high-efficiency fans and optimized fin-tube technology. These features not only reduce energy consumption but also maintain top performance levels. This ultimately leads to lower operating costs for your business.

Constructed with high-quality copper tubes and aluminum fins, the H-type condenser is highly resistant to corrosion and harsh environmental conditions. This durability ensures a longer service life for the unit.

Thanks to its low-noise axial fans, this condenser operates quietly, making it ideal for commercial and industrial installations. It can run without causing disturbances in the surrounding environment.

The modular design of the condenser allows for quick and easy installation. Additionally, its accessible structure facilitates hassle-free maintenance, minimizing downtime and reducing labor costs in the long run.

Technical Parameters:

Item : value

Condition : New

Applicable Industries : Building Material Shops, Manufacturing Plant, Food & Beverage Factory, Food Shop, Construction works, Energy & Mining, Food & Beverage Shops, Other

Weight (KG) : 4~260

Showroom Location : China

Place of Origin : Made in China

Type : FNH

Application : Cold room; walk-in freezer

Product name : Type FNH air cooling condenser

Description : Cold Storage Refrigeration System

MOQ : 1 Set

Keywords : Customized and Low Noise With Cheaper Price

Applications:

Applications of Type H air cooling condenser:

1. **Refrigeration Industry** - Ideal for cold storage facilities, food processing plants, and supermarket refrigeration systems, ensuring stable and energy-efficient cooling performance.
2. **Industrial Cooling** - Applied in manufacturing plants, chemical processing, and power generation industries where large-scale cooling is required for machinery, production lines, and equipment.
3. **Data Centers & Server Rooms** - Helps maintain optimal temperatures in data centers, preventing overheating of servers and ensuring stable operation of IT infrastructure.
4. **Medical & Pharmaceutical Industry** - Used in pharmaceutical factories and hospitals for precision cooling in medical equipment, laboratories, and vaccine storage facilities.

DM-FNH Condensing Unit

DM Open-Type Air-Cooled Condensing Unit is a refrigeration system designed to effectively dissipate heat from the refrigerant, which is essential for the cooling process in various cold storage and commercial refrigeration applications. These units are typically used in walk-in freezers, refrigerated storage rooms, and large commercial cooling systems, providing a reliable and energy-efficient solution.

Customization:

Cold Room Air Cooler
Evaporation Air Cooler
Evaporator In Refrigeration System
Brand Name: DM
Model Number: DM-COOLER-DD
Place Of Origin: China
Price: 1000-100000
Packaging Details: Customization
Delivery Time: 20 days
Payment Terms: TT, L/C
Supply Ability: 300000/Year
Evaporator Type: Finned Tube
Type: Air-cooled
Fan Quantity: 1pcs To 2,3,4 Pcs

FAQ:

Q: What is the brand name of this Cold Room Evaporator product?
A: The brand name is DM.
Q: What is the model number of this Cold Room Evaporator product?
A: The model number is DM-COOLER-DD.
Q: Where is this Cold Room Evaporator product manufactured?
A: It is manufactured in China.
Q: What is the minimum order quantity for this Cold Room Evaporator product?
A: The minimum order quantity is 1.
Q: What is the price range of this Cold Room Evaporator product?
A: The price range is between \$1000 and \$100,000.
Q: What are the packaging details for this Cold Room Evaporator product?
A: The packaging details are customizable.
Q: What is the delivery time for this Cold Room Evaporator product?
A: The delivery time is 20 day
Q: What is the supply ability of this Cold Room Evaporator product?
A: The supply ability is 300,000 units per year.
