

Weiguang Fan Cold Room Air Cooler The Essential Cooling Solution for Light Industry

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

Product Specification

- Color: All Kinds
- Material Of Fin: Aluminum
- Power Supply: 220V/380V/415V
- Fin Distance: 4.5mm Or Customized
- Material: Aluminum/steel/stainless Steel
- Fan: Weiguang
- Capacity: 2KW~83.6KW
- Power Source: Electric
- Highlight: **Essential Cold Room Air Cooler,
Light Industry Cold Room Air Cooler,
Weiguang Cold Room Air Cooler**

Product Description

Experience the Power of Pure
Refreshing Air with DaMai Air-Cooled Air Cooler

EVAPORATOR

DaMai Air-Cooled Air Cooler

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space.

With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

Product Description:

The air cooler, also referred to as an evaporator, plays a vital role in refrigeration systems that cool the air within cold rooms and controlled environments. Essentially, it functions by circulating air through finned coils that hold a low-temperature refrigerant. This process effectively lowers the air temperature, thus facilitating the maintenance of ideal storage conditions.

Constructed with durable materials and a compact design, the air cooler guarantees consistent and dependable performance in various environments, be it commercial or industrial settings. Its efficiency in reducing air temperature makes it an indispensable component in ensuring optimal conditions for storage and preservation.

Features:

- High-efficiency aluminum fin and copper tube heat exchanger
- Low-noise axial or centrifugal fans for uniform air distribution
- Available in ceiling-mounted, wall-mounted, and dual airflow designs
- Electric or hot gas defrost options
- Anti-corrosion coating for long service life in humid environments
- Easy installation, cleaning, and maintenance access

Zhejiang Damai Cold Chian Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Color	All Kinds
Fan	Weiguang
Capacity	2KW~83.6KW
Fan Qty	1~4
Material	Aluminum/steel/stainless Steel
Widely Used	Chemical Industry, Light Industry
Storage	Low Temperature Storage
Area	5 - 410m2
Material Of Fin	Aluminum
Power Source	Electric

Applications:

Walk-in freezers and cold storage rooms are essential for preserving perishable goods. These facilities provide the necessary low temperatures to maintain the quality and safety of food items.

Food processing and preservation facilities play a crucial role in the food industry. They ensure that food products are handled and stored in optimal conditions to prolong their shelf life and maintain their integrity.

Supermarkets rely on refrigerated display areas to keep a wide range of products fresh. These areas help retailers showcase perishable items while maintaining the required temperature to prevent spoilage.

Pharmaceutical and biomedical cold chain environments are designed to store and transport temperature-sensitive medications and samples. These specialized facilities adhere to strict temperature controls to ensure product efficacy and patient safety.

Logistics centers and distribution warehouses that require climate control are crucial for the efficient storage and distribution of goods. By maintaining specific temperatures, these facilities help extend the shelf life of products and ensure their quality during transit.

Customization:

Product Customization Services for the Cold Room Evaporator:
Brand Name: DM
Model Number: DM-COOLER-DD/DJ/DL

Place Of Origin: China
Certification: CE ISO
Minimum Order Quantity: 1
Price: 1000-100000
Packaging Details: Customization
Delivery Time: 20 days
Payment Terms: TT, L/C
Supply Ability: 300000/Year
Storage: Low Temperature Storage
Area: 5 - 410m2
Capacity: 2KW~83.6KW
Power Source: Electric
Fin Distance: 4.5mm Or Customized
Keywords: Industrial Evaporator, Cool Room Evaporators, Air Cooled Evaporator

Support and Services:

Our Product Technical Support team for the Cold Room Evaporator is dedicated to providing assistance with any technical issues or questions you may have regarding the product. We offer comprehensive services to ensure optimal performance and efficiency of the Cold Room Evaporator.

Our services include installation guidance, troubleshooting support, maintenance tips, and product upgrades. Our team of technical experts is available to address any concerns and help you make the most of your Cold Room Evaporator.

Whether you are facing challenges with installation, experiencing performance issues, or simply need guidance on maintenance, our Product Technical Support team is here to assist you every step of the way.

FAQ:

Q: What is the brand name of the Cold Room Evaporator?

A: The brand name is DM.

Q: What is the model number of the Cold Room Evaporator?

A: The model number is DM-COOLER-DD/DJ/DL.

Q: Where is the Cold Room Evaporator manufactured?

A: It is manufactured in China.

Q: What certifications does the Cold Room Evaporator have?

A: It is certified with CE and ISO.

Q: What is the minimum order quantity for the Cold Room Evaporator?

A: The minimum order quantity is 1.
