

## Refrigeration system Air Cooler Condenser with Good compressor walk in cooler room

Our Product Introduction

for more products please visit us on [coldroomunit.com](http://coldroomunit.com)

### Basic Information

- Brand Name: Damai
- Model Number: DM-FNH
- Minimum Order Quantity: 1
- Price: \$200~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 15 Work Days
- Payment Terms: T/T
- Supply Ability: 1000000pcs/year

DAMAI COLD CHAIN EQUIPMENT

### Product Specification

- Number Of Fans: 2-6
- Fin Height: 5mm-15mm
- Quality: OEM Quality
- Tube Pitch: 10mm-25mm
- Dryer Included: Yes
- Customization: Available
- Usage: For Refrigeration Unit
- Bracket Included: Yes
- Highlight: Refrigeration system Air Cooler Condenser,  
Good compressor Air Cooler Condenser

## Product Description

### Product Description:

The Refrigeration Air Cooled Condenser is an essential component for maintaining the optimal performance of your refrigeration unit. Specifically designed for freezer room condensing units, this H-Type Air Cooled Condenser ensures efficient cooling and reliable operation.

The Air Cooler Condenser is equipped with 2 to 6 fans, providing ample airflow to enhance cooling efficiency. The direct drive motor type ensures smooth and consistent operation, minimizing maintenance needs and maximizing longevity.

Whether you are looking to upgrade your existing refrigeration system or build a new one from scratch, the Refrigeration Air Cooled Condenser is a versatile and efficient solution. Its compact design and high-performance capabilities make it a valuable addition to any commercial or industrial refrigeration setup.

Ensure the proper functioning of your freezer room condensing unit with the reliable and durable H-Type Air Cooled Condenser. With its adjustable fin height, powerful fans, and direct drive motor type, this condenser offers exceptional performance and efficiency for your refrigeration needs.

### Features:

1. The unique H-shaped structure increases the heat exchange surface area, allowing for faster and more effective heat dissipation. This ensures optimal cooling performance even in high-temperature environments.
2. The compact and vertically structured design reduces the unit's footprint, making it ideal for applications where installation space is limited.
3. Our condenser is equipped with high-efficiency fans and optimized fin-tube technology, significantly reducing energy consumption while maintaining top performance. This translates to lower operating costs for your business.
4. Built with high-quality copper tubes and aluminum fins, the H-type condenser is resistant to corrosion and harsh environmental conditions, ensuring a longer service life.
5. Designed with low-noise axial fans, this condenser operates quietly, making it suitable for installations in commercial and industrial environments without causing disturbances.
6. The modular design allows for quick and easy installation, while the accessible structure ensures hassle-free maintenance, reducing downtime and labor costs.

### Technical Parameters:

**Item:** Type FNH air cooling condenser

**Condition:** New

**Warranty:** 1 Year

**MOQ:** 1 Set

**Applicable Industries:** Building Material Shops, Manufacturing Plant, Food & Beverage Factory, Food Shop, Construction works, Energy & Mining, Food & Beverage Shops, Other

**Weight (KG):** 4~260

**Showroom Location:** China

**Video outgoing-inspection:** Provided

**Machinery Test Report:** Provided

**Place of Origin:** Made in China

**Type:** FNH

**Application:** Cold room; walk-in freezer

**Keywords:** Customized and Low Noise With Cheaper Price Description

**Product name:** Type FNH air cooling condenser  
**Description:** Cold Storage Refrigeration System

**Applications:**

**Applications of Type H air cooling condenser:**

- 1. **Refrigeration Industry** - Ideal for cold storage facilities, food processing plants, and supermarket refrigeration systems, ensuring stable and energy-efficient cooling performance.
- 2. **Industrial Cooling** - Applied in manufacturing plants, chemical processing, and power generation industries where large-scale cooling is required for machinery, production lines, and equipment.
- 3. **Data Centers & Server Rooms** - Helps maintain optimal temperatures in data centers, preventing overheating of servers and ensuring stable operation of IT infrastructure.
- 4. **Medical & Pharmaceutical Industry** - Used in pharmaceutical factories and hospitals for precision cooling in medical equipment, laboratories, and vaccine storage facilities.

**Packing and Shipping:**

Product: Air Cooler Condenser

Description: High-quality condenser for air coolers, designed to efficiently cool air for optimal performance.

Packaging: The Air Cooler Condenser is securely packaged in a sturdy cardboard box with protective padding to prevent damage during shipping.

Shipping: We offer fast and reliable shipping services to ensure that your Air Cooler Condenser reaches you in perfect condition. Orders are processed promptly and tracking information is provided for your convenience.

**FAQ:**

Q: What is the brand name of this Air Cooler Condenser?

A: The brand name is Damai.

Q: What is the model number of this Air Cooler Condenser?

A: The model number is DM-FNH.

Q: Where is this Air Cooler Condenser manufactured?

A: This product is manufactured in China.

Q: What are the payment terms for purchasing this Air Cooler Condenser?

A: The payment terms are T/T.
