

Low Temperature Storage Cold Room Evaporator for Aluminum/Steel/Stainless Steel in 5 410m2 Area

Our Product Introduction

for more products please visit us on coldroomunit.com

Basic Information

- Brand Name: DM
- Certification: CE ISO
- Model Number: DM-COOLER-DD/DJ/DL
- Minimum Order Quantity: 1
- Price: 1000-100000
- Packaging Details: Customization
- Delivery Time: 20day
- Payment Terms: TT,L/C
- Supply Ability: 300000/Year

Product Specification

- Material Of Fin: Aluminum
- Power Supply: 220V/380V/415V
- Widely Used: Chemical Industry, Light Industry
- Area: 5 - 410m2
- Fan Qty: 1~4
- Color: All Kinds
- Frame: Stainless Steel, Galvanized Steel
- Fin Distance: 4.5mm Or Customized
- Highlight: **Stainless Steel Cold Room Evaporator,
5 410m2 Cold Room Evaporator ,
Aluminum Cold Room Evaporator**

Product Description

Experience the Power of Pure
Refreshing Air with DaMai Air-Cooled Air Cooler

EVAPORATOR

DaMai Air-Cooled Air Cooler

a perfect blend of performance, elegance, and innovation. Designed to deliver a powerful cooling experience with energy efficiency in mind, this advanced air cooler harnesses the natural force of wind and water to provide a refreshing breeze that revitalizes your space.

With its sleek design and whisper-quiet operation, the DaMai cooler is ideal for homes, offices, and industrial environments alike. Engineered with cutting-edge air-cooling technology, it ensures fast, even air distribution while maintaining eco-friendly performance and low operational costs.

Let DaMai transform your environment into a haven of comfort and freshness — naturally cool, effortlessly powerful.

Product Description:

The air cooler, which is also referred to as an evaporator, plays a crucial role in refrigeration systems utilized to cool the air within cold rooms and other controlled environments. Its operation involves the circulation of air over finned coils that hold low-temperature refrigerant, effectively lowering the air temperature and upholding ideal storage conditions.

Featuring sturdy materials and a compact design, the air cooler guarantees dependable performance in various commercial and industrial settings. Its construction is meticulously engineered to offer efficient cooling capabilities while maintaining durability for prolonged use.

Features:

- High-efficiency aluminum fin and copper tube heat exchanger
- Low-noise axial or centrifugal fans for uniform air distribution
- Available in ceiling-mounted, wall-mounted, and dual airflow designs
- Electric or hot gas defrost options
- Anti-corrosion coating for long service life in humid environments
- Easy installation, cleaning, and maintenance access

Zhejiang Damai Cold Chain Equipment Co.,Ltd.

Zhejiang Damai Cold Chain Equipment Co., Ltd., is a leading manufacturer of refrigeration units, like condensers, air coolers, all kinds of units, and solution provider for cold storage rooms.

We, Damai Cold Chain, are located in Zhejiang Province China, already supplied our machines, designing and installation services to more than 80 countries and districts clients in the world.

At present, we can supply clients for Bitzer, Copeland, Danfoss, Carrier, Damai and other brands compressors and refrigeration units, we also can supply clients for OEM & ODM service.

We want to establish a bright future with potential partners together!

Technical Parameters:

Color	All Kinds
Fan	Weiguang
Storage	Low Temperature Storage
Power Supply	220V/380V/415V
Widely Used	Chemical Industry, Light Industry
Material Of Fin	Aluminum
Material	Aluminum/steel/stainless Steel
Fin Distance	4.5mm Or Customized
Capacity	2KW~83.6KW
Area	5 - 410m2

APPLICATION

Applications:

Walk-in freezers and cold storage rooms

These are spaces used for storing and preserving food at low temperatures. They are commonly found in restaurants, food production facilities, and warehouses. Walk-in freezers and cold storage rooms help maintain the freshness and quality of perishable goods.

Food processing and preservation facilities

These facilities are designed for processing, packaging, and storing food products. They are equipped with specialized equipment and technology to ensure the safety and quality of food items. Food processing and preservation facilities play a crucial role in the food supply chain.

Supermarkets and refrigerated display areas

Supermarkets often have refrigerated sections that store perishable goods such as dairy products, meats, and produce. These refrigerated display areas help keep the products fresh and extend their shelf life. They are essential in ensuring food safety and quality for consumers.

Pharmaceutical and biomedical cold chain environments

These environments are critical for storing medications, vaccines, blood products, and other biomedical items that require specific temperature control. Maintaining a cold chain is essential for preserving the effectiveness and safety of these products. Pharmaceutical and biomedical cold chain environments adhere to strict regulations to ensure product integrity.

Logistics centers and distribution warehouses requiring climate control

Logistics centers and distribution warehouses often need climate control systems to maintain optimal conditions for storing and transporting goods. Temperature-sensitive products such as electronics, cosmetics, and chemicals require a controlled environment to prevent damage or degradation. Climate control systems help ensure that products reach their destination in the best possible condition.

Customization:

Product Customization.Services for.the Cold Room.Evaporator product:

- Brand Name: DM
- Model Number: DM-COOLER-DD/DJ/DL
- Place Of Origin: China
- Certification: CE ISO
- Minimum Order Quantity: 1
- Price: \$1000-\$100000
- Packaging Details: Customization
- Delivery Time: 20 days
- Payment Terms: TT, L/C
- Supply Ability: 300,000/Year
- Fan Qty: 1~4
- Widely Used: Chemical Industry, Light Industry
- Capacity: 2KW~83.6KW
- Fin Distance: 4.5mm Or Customized
- Fan: Weiguang

Support and Services:

The Cold Room Evaporator product comes with comprehensive Product Technical Support and Services to ensure optimal performance and efficiency. Our team of experienced technicians is available to assist with installation, troubleshooting, and maintenance of the evaporator unit. Additionally, we offer regular servicing and product updates to keep your cold room system running smoothly and efficiently.

FAQ:

Q: What is the brand name of the Cold Room Evaporator?

A: The brand name is DM.

Q: What is the model number of the Cold Room Evaporator?

A: The model number is DM-COOLER-DD/DJ/DL.

Q: Where is the Cold Room Evaporator manufactured?

A: It is manufactured in China.

Q: What certifications does the Cold Room Evaporator have?

A: It is certified with CE and ISO.

Q: What is the minimum order quantity for the Cold Room Evaporator?

A: The minimum order quantity is 1.
