

Indoor Machine Noise 36-49dB Cold Room Condensing Unit with Electricity Required if Other

Basic Information

- Brand Name:
- Certification: CE;ISO

DM

1

T/T;L/C

DM-UNIT-FNU

- Model Number:
- Minimum Order Quantity:
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms:
- Supply Ability: 100000pcs/year

Product Specification

Indoor Machine Noise:	36-49dB
Compressor Power:	1~40 HP
• Trademark:	DM
Warranty:	1 Years Limited
• Type:	Air-cooled
Commercial Refrigeration:	HVAC&R Cooling Units
• Evaporator Fan Motor:	ECM
Use Nature:	Commercial Refrigeration
Highlight:	Electricity Required Cold Room Condensing Unit , Indoor Machine Cold Room Condensing Unit, 49dB Cold Room Condensing Unit

DM-Air Cooler/Evaporator

DM Air Cooler is the four-air-outlet air cooler is specifically engineered for large cold storage rooms requiring uniform temperature distribution. Featuring a triple-directional airflow design, this unit ensures even cooling across wide spaces, minimizing temperature gradients and improving overall storage efficiency. Built with high-quality aluminum fins and copper tubing, it delivers excellent heat exchange performance while maintaining low energy consumption. Ideal for medium to low temperature applications, this air cooler combines reliability, durability, and ease of maintenance.

Product Description:

Built for Performance and Reliability

This V-Type dual-fan air-cooled condensing unit is specially designed to provide powerful refrigeration capacity while ensuring efficient heat dissipation. Its robust construction is geared towards optimal performance and reliability in various settings.

Enhanced Cooling Efficiency

The unique V-shaped condenser design of this unit has been engineered to maximize surface area and airflow. This feature greatly enhances cooling efficiency, enabling the unit to operate effectively even in environments with high ambient temperatures.

Durable and Stable Operation

Equipped with a high-quality compressor, axial fans, and a weather-resistant housing, this condensing unit ensures stable and reliable operation. Its design is tailored to meet the refrigeration needs of various commercial and industrial applications.

Features:

Efficient V-Shaped Design: The enlarged heat exchange area enhances cooling performance to keep your equipment running_____ smoothly.

Dual High-Speed Fans: With strong airflow, these fans guarantee rapid heat dissipation to prevent overheating.

Reliable Compressor: Our units are equipped with trusted brands such as Bitzer, Copeland, or their equivalent, ensuring stable and reliable operation.

Weather-Resistant Casing: The casing is galvanized and powder-coated to withstand outdoor conditions, providing durability and protection.

Easy Installation & Maintenance: Featuring a compact structure with accessible components, our system is designed for simple installation and maintenance.

Energy Efficient: Our units are optimized for low power consumption while delivering high output, making them cost-effective and environmentally friendly.

Technical Parameters:

Evaporator Fan Motor	ECM
Power Source	3Phase
Use Nature	Commercial Refrigeration
Commercial Refrigeration	HVAC&R Cooling Units
Indoor Machine Noise	36-49dB
Warranty	1 Years Limited
Compressor Power	1~40 HP
Trademark	DM
Compressor	HIGHLY Rotor Inverter Compressor
Electricity Required	3P-380V-50HZ,if Other,please Notice!

Applications:

Ideal for a range of environments including cold rooms, freezer storage, food processing plants, supermarkets, and logistics centers. This versatile solution is well-suited for medium and low-temperature applications such as meat, seafood, frozen foods, dairy products, and pharmaceuticals.

The design of this product ensures durability for long-term outdoor use, making it suitable for various climate conditions. Whether you need to maintain specific temperatures for perishable goods or pharmaceutical items, this solution offers reliable performance in a variety of settings.

Customization:

Product Customization Services for the Freezer Room Condensing Unit:

- Brand Name: DM
- Model Number: DM-UNIT-FNU
- Place Of Origin: China
- Certification: CE;ISO
- Minimum Order Quantity: 1
- Price: \$2000~\$100000
- Packaging Details: Wooden Case
- Delivery Time: 30 Work Days
- Payment Terms: T/T;L/C
- Supply Ability: 1000000pcs/year
- Compressor Power: 1~40 HP
- Type: Air-cooled
- Compressor: HIGHLY Rotor Inverter Compressor
- Warranty: 1 Years Limited
- Indoor Machine Noise: 36-49dB

Customization options available for the Air Cooled Condensing Units

Support and Services:

The Product Technical Support and Services for the Condensing Unit product are designed to provide assistance and guidance to customers using the product. Our technical support team is available to help with any troubleshooting, installation, or maintenance issues that may arise. Additionally, we offer services such as product training, warranty support, and regular maintenance programs to ensure the optimal performance and longevity of your Condensing Unit.

FAQ:

Q: What is the brand name of the Condensing Unit?

Q: What is the model n A: The model number of Q: Where is the Conder A: The Condensing Unit Q: What certifications of A: The Condensing Unit Q: What is the minimur	e Condensing Unit is DM. umber of the Condensing Unit? the Condensing Unit is DM-UNIT-FNU. nsing Unit manufactured? is manufactured in China. does the Condensing Unit have? is certified with CE and ISO. n order quantity for the Condensing Unit? uantity for the Condensing Unit is 1.
